## HYGIENE AND FLEXIBILITY WITHOUT COMPROMISES

### FLEXIBILITY AND HYGIENE

Press-formed inner sides in AISI 304 stainless steel, to take GN 2/1 grids and/or containers: quick, easy cleaning. With the 20 press-formed positions and the bottom grid, managing the internal space is simple and effortless.

### RANGE PLUS FACTORS

Control panel with digital thermometer-thermostat with RS485 communication port. ...LI models, connectable to APO.LINK portal as standard.

### QUALITY STORAGE

AirDynamic duct for uniform temperature from top to bottom shelf, even with full load: quality storage and low energy use.

\*Ecodesign (2015/1094) and Energy Labelling (2015/1095) EU regulations - comparing refrigerator mod. TX70 with equivalent models - Energy cost: 0.2375 €/kWh (estimated as of 1/04/2023, source ARERA) and average net volume 455 l.
