"57 Years of Producing Quality Charolais Genetics"

Cattlemen;

Welcome to our 31st Schmidt Charolais Bull Sale. Thank you for showing interest in our program and to the many buyers that have bought bulls for several years.

Again last fall the Charolais sired calves sold at the top of the market and are in high demand. As many of you know, we do all we can to support the Charolais market when our customers are selling calves. The calves we buy are all for our own feedlot and grass and going to the sales in the fall is the highlight of the year for me.

The bulls are bred to add pounds and eye appeal to any calf crop. Over the past 57 years of raising Charolais, we never chased a trend. We always stuck to the type of cattle I knew would work. Through the years, we have worked on traits we know are economically important to both seedstock producers and commercial cattlemen. Predictability - producing what we expect in terms of fertility, soundness, efficiency and carcass merit. Consistency - producing a product that is consistent from phenotype to performance and carcass quality. Uniformity - if they look alike, perform alike and harvest alike - it just increases the profitability in all segments of the cow/calf industry.

The bulls have done well this year under some challenging conditions. They've been fed to achieve maximum longevity in their new owner's herds. This group has never been entered into the "how fast can you get there contest." We've brought them along and developed them to do their job. By breeding season this offering will be ready to cover ground and breed cows with a minimal amount of maintenance.

All information and performance data is in the catalog or will be available on the web site at www.schmidtcharolais.com. Ultrasound and fertility information will be posted as it becomes available.

Thank you again for your interest. As always, if you want to go through the bulls prior to the sale, just give me a call. They are easily accessible.
