Introduction

WHB Concert and Production Services is your trusted local A/V expert with over 20 years of experience. We specialize in designing and implementing customized audio, lighting, and video systems and solutions tailored specifically for schools. Our team understands the unique challenges educational environments face, allowing us to create a wide range of solutions—from small portable systems to large auditorium installations. We're dedicated to building lasting relationships with our clients, providing ongoing training and support to ensure every system operates smoothly and effectively throughout its lifecycle.

Let us help enhance your school's learning experience with technology that works for you.

"I can't say enough about what a difference WHB's expertise has made with giving us great sound systems here."

- Steve Cirillo, Performing Arts Coordinator, SAU 52 - Portsmouth Schools

Our Systems

WHB specializes in designing turnkey A/V systems that meet the diverse needs of educational environments. Whether for non-technical users or those requiring advanced functionality, our solutions are tailored to support educators and adapt to today's rapidly evolving technological landscape.

Our work in schools is centered around providing comprehensive support -- from project start to finish. We value long-term partnerships and remain committed to offering ongoing assistance long after installation.

Our process begins with a thorough assessment of your current A/V systems, identifying areas for improvement. During installation, we work efficiently to minimize disruption. Afterward, we offer training and continued support to ensure your equipment operates at its best for educational programs, concerts, plays, and events.

Types of Systems & Key Solutions

1. Auditoriums & Theaters, Cafeteriums, & Gyms

- **Audio/PA Systems:** Sound amplification for clear communication and performances.
- **Wireless & Delegation Microphones:** For mobility and podium use.
- **Communication Systems:** Wired and wireless coms for production use.
- **Assistive Listening Integrations:** Accessibility for hearing-impaired students.
- **Lighting Systems:** Theatrical, house, and LED lighting.
- **Video Systems:** Projectors and video walls.

2. Classrooms and Meeting Rooms

- **Audio/PA Systems:** Clear audio for teaching and presenting.
- **Video Systems:** Smartboards, projectors, and video conference systems for interactive learning.

3. Athletic Fields

- **PA Systems:** Event announcement and music playback systems designed to cover large areas.
- **Wireless Microphones:** For commentary and event coordination.

4. Portable Systems

- **Audio/PA Systems:** Mobile sound solutions for temporary setups.
- **Wireless Microphones:** Flexible audio for various environments (handhelds, headsets, lavaliers, etc.).
- **Video Systems:** Portable projectors for on-the-go presentations.

Our Services

WHB creates fully self-contained, easy-to-use systems that can evolve as your needs change. Our solutions are flexible, allowing for the integration of more complex systems as required. In addition, we offer personalized training and ongoing support to ensure smooth operation and help you get the most out of your technology.

Services We Provide:

- **Consultations:** We will review your existing systems or new spaces and suggest repairs, upgrades, or purchases as appropriate for your goals and budget.
- **Designs:** Using 3D sound system modeling and prediction software and pictorial schematics, we will create and present a proposal for a custom design that meets your unique needs.
- **Equipment Sales:** We are dealers for hundreds of top brands of A/V equipment, so we can source anything you need.
- **Installations:** We work efficiently to implement your new systems, prioritizing clean aesthetics and user experience so your systems not only look great, but operate well too.
- **Training & Support:** We provide one-on-one training sessions to get your key personnel comfortable on your systems, and we provide ongoing technical support for the life of your equipment.
- **Service Contracts (NEW!):** We now offer service contracts with annual system maintenance and built-in support calls for one flat price.

"WHB was extremely professional and efficient. The system tuning, cable management, and customer service are beyond incredible and I would hire them again without question."

- Colby Adams, Technical Director, Stockbridge Theatre at Pinkerton Academy

In addition to our system designs, we also offer a range of services for events and productions of all sizes. Whether you're planning a school musical, conference, dance, or any special event, WHB is your partner from equipment rentals to production services, ensuring your event runs seamlessly from start to finish.

We Also Provide:

- **Audio and Lighting Support:** Expert audio engineers and lighting designers for events of all sizes.
- **A/V Equipment Rentals:** Wide range of high-quality audio, video, and lighting equipment for various event needs.
- **Event Production Support:** Full-service production assistance for large events, including graduations, dances, banquets, conferences, and more.
- **Theatrical and Performance Support:** Specialized rentals and engineering services for school musicals, plays, talent shows, and other live performances.

"WHB goes above and beyond every time. They are responsive and professional and each event has that extra "pop" and "wow" factor that helps make it memorable for our students."

- Kelly McGahie, Student Event Activities Coordinator, Phillips Exeter Academy

Our Clients

We're honored to partner with schools of all varieties—from public to private, and from elementary schools to universities—delivering customized A/V solutions that support engaging learning environments. Our work with each institution reflects our dedication to meeting their unique needs and delivering exceptional results.
