Parish of Ilstington

The Churchwardens Write

Dear Friends

When we stop to think about Harvest time we may think about where our food comes from.

Shops sell us our food but they don't produce it.

Farmers throughout the world work incredibly hard to plant crops and raise animals but they are still reliant on the weather.

How often do we stop to consider where our bread, milk, vegetables and meat and fish come from.

Psalm 104 says "God made the grass grow for the cattle, and plants for man to cultivate-bringing forth food from the earth: wine that gladdens the heart of man, oil to make his face shine and bread that sustains his heart". Ultimately, God is the one who puts food on our tables for us to enjoy.

Our two Harvest festival services acknowledge our hard working farmers and fishermen and all those who produce our food whilst thanking God for His gracious provision of so many good things.

So do join us at St. Michaels' church for our harvest festival services

Friday 1st October at 6.30pm for a thanksgiving service followed by a cheese and wine supper in the church.

Sunday 3rd October at 10.30am for a Family thanksgiving service with the Jubilate band.

Now please look in the magazine on page 3 for some very exciting news regarding St. Michaels' church.

ST MICHAEL'S ILSINGTON

The churchwardens and PCC have been in discussion with the diocese about a successor to David Harris as our local parish priest.

We are happy to announce that (despite the financial challenges of the pandemic) the diocese have agreed to continue funding a resident priest at Ilsington on exactly the same 'house for duty' basis as before.

Also, our aim in the Diocese of Exeter is now for every church to be part of a 'mission community'. This means a grouping of churches which can work in partnership to provide an offering to the local communities which is more effective than one parish and one (part-time) vicar can provide. The proposal which has been discussed with the Parochial Church Council is for Ilsington to join the Ashburton and Moorland Mission Community. This plan is warmly supported by the PCC and we look forward to working with them all.

As part of this we are delighted to announce that the Team Rector of the Ashburton & Moorland Team, the Right Revd Mark Rylands, has agreed to be appointed as additionally Priest-in-Charge of the parish while the process of consultation about a future link with that Mission Community gets underway. Mark will continue in his present role as Team Rector based at Ashburton and should the current plans come to fruition, in time he will become our overall Team Rector as well. In the view of the PCC, this gives Ilsington much needed stability in the short term as well as being a good long term plan.

HIGHLIGHTS FROM THIS months magazine

I hope you have been enjoying the late sunshine in September. Once again there is a lot going on over the coming months. There are quite a few local events involving tea and cake for very good causes, please support them when you can.

Church News - please see page 3 for an important announcement.

Candy Coats & Widger Blankets - see page 33 for this years announcement. Closing date 5th November.

All Saints Candle Service - see pages 28 and the events diary on page 53 for details.

Harvest Service and Supper - see page 27 for details of harvest events at St Michael's church. On the 1st of October Dr John Wibberley will be speaking. Dr Wibberley has been involved with the Farming Community Network charity (FCN) since it's inception. The charity provides support to farmers at times of stress and crisis.

St Michael's Toddler Group - see page 10 for exciting news.

Singers Wanted - see page 39 if you fancy singing at Christmas.

Remembrance Day Services in November - there are two planned in the parish see the events diary on page 53.

Simms View Afternoon Tea - The next date for tea and cake in October. See page 15 for more details.

Local History - see page 23 for some very interesting details from Derek Honeywill.

WI Tea and Cake Fundraiser - see pages 35 and 39 for the latest reports,

and details of how to get a taste of some delicious home baked WI cakes.

Royal British Legion Coffee Morning - see page 21.

Bible Course via Zoom - see page 50. It's not too late to join.

Recipe of the month - thank you to Linda Carew for sharing her recipe with us this month. This sounds very tasty, and nutritious.

Operation Christmas Child - see page 28 for the shoe box appeal.

Latest birding article - see page 19 for another very interesting article from Steve Young.

Ashburton & Moorland Mission Community News Sheet - if you would like a copy of this please see page 9.

Village Shop Talk

A shop is a bit like a bicycle. It has to keep moving forwards, introducing new products and new technologies to reflect the requirements of today's consumer, but many, perhaps most of us, don't think about it when we do our everyday shopping. We know where the things we usually buy are to be found in the shop, and our eye slides over any small changes. At least, mine does. I couldn't avoid a big change such as the new chillers with their expanded range of vegetables, dips, etc, but the other day I took the time to look around, and realised that there were several new products that reflect, the way in which society is changing. Take the card display: you might notice that Whistlefish cards don't have plastic wrappers. In the corner, above the display of soaps, oils, and so on from the Dartmoor Soap Company, you will find beeswax wraps that do the same job as clingfilm, and over on the hardware shelf there are paper sandwich bags that will do the same job as plastic bags. Small changes, yes, but reflecting the realisation that society as a whole is adding plastic to the environment more quickly than the environment can process it, so that any way in which we can remove plastic from the beginning of the cycle is worth thinking about.

I also found a new display of gluten-free and vegan foods, and I would have found a new selection of frozen ready meals, but I discovered that the freezers had broken down. Katherine, the shop manager, tells me that with a bit of luck they should be replaced by the time you read this article; it's only a wobble in the bicycle's progress.

TOWER DAY 2021

Devon Historic Church's Day St Michael's Ilsington was on Sunday 12th of September

We welcomed visitors to the church on the Sunday afternoon.

Many were adventurous and climbed the tower to enjoy the fantastic panoramic view.

Additionally some very enjoyable cream teas and homemade cakes were enjoyed by all.

Many thanks to all the people who provided both cream teas and cakes, and to the guides who shepherded people up and down the stairs of the tower. Finally many thanks to the organisers of the event. It is wonderful that the normal cycle of events has now started to return to the village.

Harvest at St Michael's Parish Church Ilsington

Harvest Thanksgiving at St Michael's Church

Join us to celebrate God's goodness and our farmer's hard work.

Friday 1st October at 6.30pm

Followed at 7.30pm by a Cheese and wine supper in Church.

No charge but donations welcome.

Harvest Family Service

Sunday 3rd October at 10.30am

An informal family service for all ages

Followed by refreshments

Contributions of groceries are invited and will be given to the local foodbank run by HITS (Homeless in Teignbridge support).

All are welcome!

Servicing properties throughout Devon and Cornwall

Once the peppers start to colour add the garlic cloves and cook for a further 15 minutes. Remove dish from oven and drain off olive oil. (Now add garlic purée, to taste, if using it.)

Prepare peppers and onions and then cut in half. Cut tomatoes in half. Place in suitably sized oven proof baking dish. Sprinkle olive oil over them. Slow roast in oven at 160 degrees. (Ovens vary so select appropriate temperature for your oven.)

ILSINGTON PARISH SUMMER SHOW & AGM

The parish summer show committee are always looking for volunteers to help, either on the day at the show, or with planning and set up before hand. A list of committee members is shown below, please get in touch if you would like to help out.

Ilsington Parish Summer Show

The Committee:

Chairman: Julie Souch (01364 661297)
Vice Chairman: Rob Wills (07980 894660)
Show Secretary: Sue Wills (01364 661506)
General Secretary: Karen Smith (01364 661411)
Treasurer: Nigel Powlesland (01364 661366)

Show Steward: Julie Souch (01364 661297)
Stalls: Gill Trevelyan (01364 661126)
Sideshowes: Julia Dunn (01364 661596)
Refreshments: Sam Blackhurst plus helpers
General Committee: Jo Pounsberry, Pippa Heywood, Gerald Dunn, Helen Hughes, Emmy Smith and Anne Villis.

ST MICHAEL'S ILSINGTON contd

Continued from page 3

Mark was formerly Diocesan Missioner in this diocese and a residentiary Canon of Exeter Cathedral, before moving to Shropshire to become Bishop of Shrewsbury twelve years ago. In 2018 he moved back to Devon in order to realise his long-term aim of spending the final stage of ministry before

retirement as a parish priest once again. He is married to Mandy (a Prebendary Emeritus of Exeter Cathedral and former Director of Ordinands in this diocese) and they have two adult children. Mark will be licensed by the Bishop of Plymouth at a special service at St Michael's on Monday 4th October at 7:30pm, to which all are invited.

Once in post, the plan is for Mark Rylands to appoint a house-for-duty colleague to live at Ilsington Vicarage and take primary responsibility for leading worship and pastoral care in our parish. This means the individual appointed will be committed to taking services on Sundays plus the equivalent of at least two days' ministry each week. The post will be advertised in the autumn with a view to a new priest moving to Ilsington in the early part of 2022. In due course, if current plans come to fruition our new resident priest will become Team Vicar in the Ashburton & Moorland Team.

The normal practice in the Ashburton & Moorland mission community is to have local parish services on the first four Sundays in each month and when there is a fifth Sunday, to meet together for worship at a different church in the mission community in rotation.

You can see that the next such occasion will be Sunday 31st October when we will be welcoming the churches of the Ashburton & Moorland Team to St Michael's for the 10.30 service.

Peter Dickinson

THE WEATHERMAN SAYS...

The year so far has been, to say the least pretty interesting. May was one of the wettest months on record and the rest of the summer has been mediocre at best. August was really cloud with no real warm days. It was not until early September that we had some warm days. So far September has been overall mixed and so far, dry as was August.

It was interesting to see how much growth there has been this year with the hedges overflowing with growth. Most of us would have been out cutting the grass more often than usual.

A real problem this year has been blight and I have had many reports of tomato crops being devastated. Unless you had a well-ventilated greenhouse the chances are you lost the lot. Runner beans were very varied and if you were able to get them established before the end of July they have cropped very well. The fertilisation rate has been excellent due to the cool days and therefore long-lasting flowers.

Unless we cop a hurricane September through to October looks normal.

Globally the weather has been extreme at times with hurricane IDA causing mayhem in the USA. IDA was the sixth costliest hurricane on record and the rainfall in New York historic and devastating.

Much has been written about the effects of climate change and there seems to be a general recognition that the increasing frequency of major weather events is linked to global warming. I have just picked up a news item posted on the BBC that the number of days when 50C or above is reported has doubled in the last ten years. There is little doubt that this trend will continue.

So, what does that mean for our local climate? Thanks to our proximity to the sea the parish of Ilsington has an equitable climate and even though maximum summer temperatures will gradually increase they should not become excessive by the standards of other more vulnerable places. The biggest impact will be on rainfall and the number of wet days. The reason for this is quite straightforward, warmer air holds more moisture so you would expect the number of wet days to increase and the annual rainfall reflects this.

**Sunshine is delicious, rain is refreshing,
wind braces us up, snow is
exhilarating; there is really no such
thing as bad weather, only different
kinds of good weather. ?**

Hall Happenings Autumn 2021

Throughout the spring and summer term the hall has provided the children and teachers with much needed teaching space during the building works at the school.

During this time the hall has been used in the evenings for yoga and table tennis and the parish council are set to return in person in September.

On the 26th June the hall provided a pop up café for participants in a MCC closed event. Over 200 competitors passed through on motorbikes and in cars. Many enjoyed Colin's bacon butties, sausage rolls, pasties; drank copious cups of tea and coffee and consumed much cake. The café raised £600 which will form the basis of a Defibrillator Fund. It is hoped that the Hill Climb will return to the village next year.

During shut down over the summer funds have allowed complete exterior and interior decoration of the hall. It has also been possible to install new fire-retardant curtains and catch up on other maintenance. The hall feels clean, fresh and friendly and we hope that this will encourage increased usage. Please visit our website where we will post pictures of the new look hall. www.ilsingtonvillagehall.co.uk

As always there are new projects coming on-line and out next focus will be on improving the toilet area and replacing the 60-year-old toilets!

September feels like a new start and we are looking forward to welcoming the return of Twiglets toddler group on a Monday and School assemblies on a Friday. The hall will officially reopen on the 8th September.

Please contact our booking clerk via our website if you wish to book the hall for regular events or for private bookings. We can offer a professional space which meets the needs of our community.

BIRDING ARTICLE

Magical October

October is one of my favourite two months of the year. Both October and May are characterised by the climax of autumn and spring bird migration respectively and the ability of both seasons to produce surprising, even amazing avian gems out of the blue.

In addition, October is often characterised by tumultuous weather when fast moving Atlantic depressions sweep through in a couple of days to be followed by a similar period of sunny, calm, balmy days. The latter are spent by birders looking for birds brought in by the storm. Admittedly such prizes are almost always found at coastal migration hotspots, of which Devon has several of national renown, but surprises can and do appear inland.

A year ago I was thrilled to intercept a calling Yellow-browed Warbler as it passed through my garden in Sigford. If I hadn't known its call and been nearby during the few minutes during which it was foraging for insects in the hawthorns by the house, this tiny white and olive warbler from the Himalayas would have slipped by undetected.

Just outside the Parish a "megatick" (not a giant bloodsucking mite but a new bird, of huge rarity, for many twitchers) was found at Stover Country Park in 2000. Although this tiny, secretive and cryptically patterned crane (like a minute, camouflaged Moorhen) emerged in front of a birder looking for Treecreepers in January 2000, the 9th Sora to have ever been seen in Britain by then, had almost certainly been brought in by a storm during the famously productive October of 1999. Enormously rarer than my warbler this was also miles inland.

On still October nights the sound of migration is easily heard, making me imagine what mouth-watering birds could be flying over or even dropping down to our parish. The sound I am referring to is the soft "tseep" of Redwings arriving from Scandinavia, under the cover of darkness, during October. They spend the winter around Ilsington (like all farmland parishes) but what if they had scooped up a lost Naumann's Thrush from China, which I might find hopping about with them in one of Rob Wills' pastures at Narracombe on the next sunny October afternoon.....? This is yet another aspect of the magic of birdwatching; it is certainly true that anything can turn up anywhere. If you keep your eyes and ears open for long enough you can get lucky and you just might hit the jackpot one day.

ST MICHAEL'S CLOCK

Yes we have new hands on the clock tower!

Following the removal of the hands from the clock faces, earlier in the year. The re-gilded hands have now been installed.

The new hands look lovely, and can now be seen easily from a distance, and most importantly are properly and securely fixed to the clock mechanism.

The next step for the restoration of the clock at some future date, and funds allowing will be to re-gild the clock faces.

ROYAL BRITISH LEGION Coffee Morning

This year on the 15th of May was the Royal British Legions Centenary.

I hope you can put the coffee morning in your diary which is in aid of The Royal British Legion this will be on the **30th October 10am to 1pm** in the Liverton Village Hall. There will be a raffle, cake stall, bric a brac, plant stall, hand crafted jewellery and something for the children to do.

Last year was difficult for Remembrance services due to the lock-down; I have to order wreaths early in the year not knowing whether we will be able to hold our normal services. Usually, I will put an extra display in the church and by the football ground war memorial so last year instead I made a small display in my garden in Liverton.

Additionally, I thought we could do some displays at Liverton village hall on the 30th of October.

If anyone is interested in making poppies either from plastic bottles or knitted ones it would be lovely to have a display at the village hall as well as those at church and the Liverton Football ground war memorial. If anyone is interested, please contact me on 01626 821439 and if I am not there, please leave a message.

THE POST BOX continued.....

Following on from the article from Rob Wills about the post box from Ilslington that was re-located to Narracombe farm, here is further detail about the post box from Derek Honeywill.

Derek's mother and father lived originally at Simms Hill. When numbers one and two Shamrock cottages had been newly renovated by Captain Quelch, Derek's father said that they wanted to move into number two shamrock cottages, but Captain Quelch thought that number one would be more suitable for the family. (Shamrock Cottages were the first properties in the village to be renovated).

Derek's father Arthur was a boot and shoe maker, and number one Shamrock cottages had, once you opened the front door a small lobby, two further doors, one to the main part of the house and stairs, and the other door to a separate downstairs room. Captain Quelch thought that this separate room would be good for Derek's dad to use for his business, and keep it separate from the family home.

The family therefore moved into number one Shamrock Cottages.

Derek Honeywill was born at one shamrock cottages, and his mother May being very happy there lived in the house for 60 years until she died.

So, where you ask is the connection to the post box...

Well, the original site for the post box mentioned in Rob Wills article, before it was moved to Sanctuary Cross, was actually in the corner of the wall of number one Shamrock cottages. The walls of one Shamrock Cottages are made of cob and two and a half feet thick, making them very suitable for the inset post box! So if you look very carefully at the render on the wall of the cottage, just where the wall joins to number two, you can still see the outline of where the post box used to be.

Thank you very much to Derek Honeywill for providing this detail.

Nov 14th Remembrance service with uniformed
groups at Liverton Football field at 3.30pm

Nov 21st Holy Communion at 10.30am

Nov 28th Morning Praise at 10.30am

OPERATION CHRISTMAS CHILD....Shoebox Appeal

Although the summer is only just over it's time to start thinking about Christmas! Every year I support the Shoebox Appeal and try to encourage others to do so too as it's lovely to be able to send gifts to children who live in poverty. I have always had support from the local community but would like to encourage new people to join in with giving. Basically you need a shoebox covered in Christmas paper then fill it with suitable items for the age group that you have chosen. Gift ideas are stationery, toiletries, toys, hats, gloves, scarves, soft toys, small games and puzzles. There will be leaflets available in the Ilsington shop and Liverton Post Office which will give further instructions.

If there are any groups that would like to know more about the Shoebox Appeal I can come and give a short talk and give ideas of gifts to include in the shoeboxes.

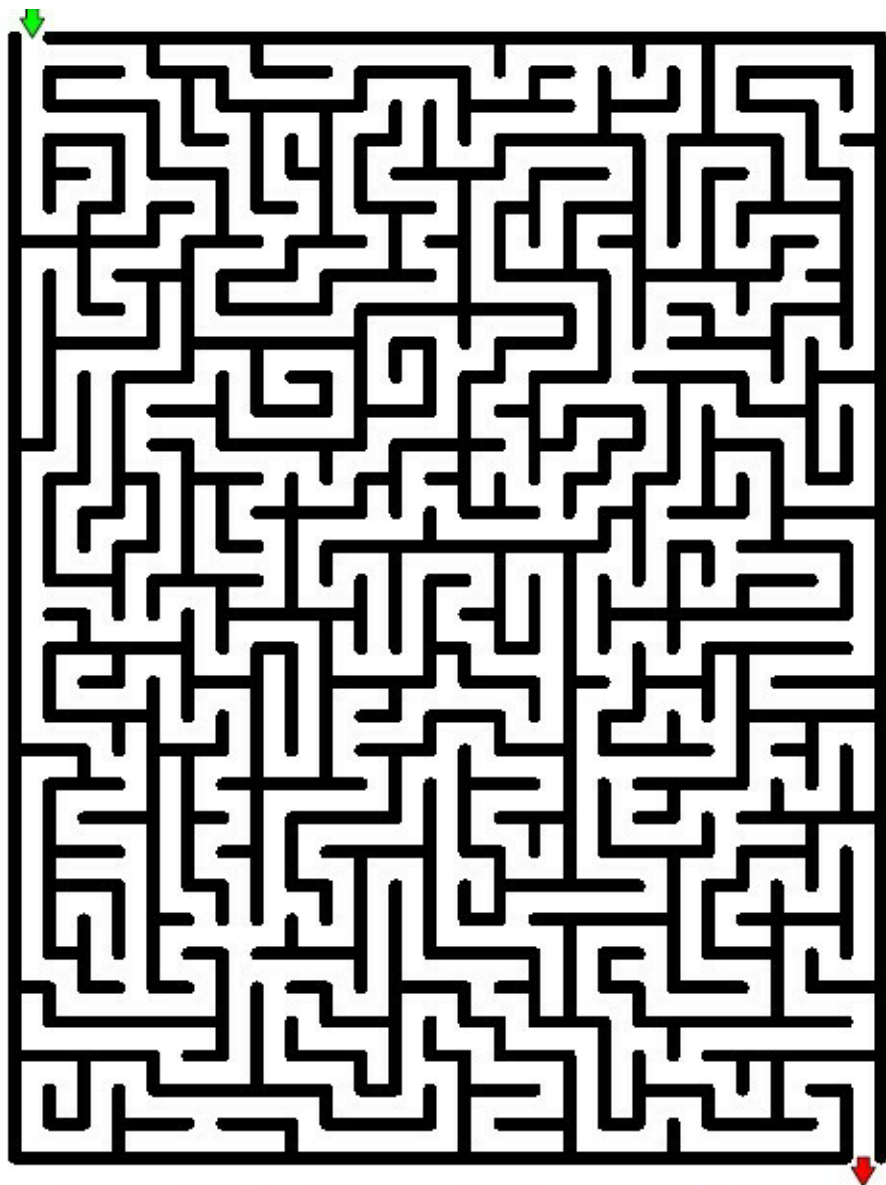

Finally we are always grateful for donations of knitted hats and gloves or any gift items if you are unable to fill a shoebox on your own.

Please contact me for further information and thank you in anticipation.

Mouse Makes

"Come with me across the lake," Jesus said to his disciples, so they got into a boat and set out. While they were sailing Jesus slept. A big storm blew across the lake and the boat began to fill with water. They were in **great** danger. The disciples went to Jesus and woke him. They said, "Master, master, we are going to drown!" Jesus got up and gave a command to the wind and the waves, "**Be still, be calm.**" The wind stopped and the lake became calm.

Parish Council News ~ October 2021

KEEP SAFE & FOLLOW THE GOVERNMENTS GUIDANCE.

COVID-19

The Council has gone back to face-to-face meeting, and these will be held in a Covid safe way.

Updates on the regions level of infection and restrictions are available via the district council website at <https://www.teignbridge.gov.uk/coronavirus-covid-19/>

The next meeting will be Tuesday Oct 12th for the planning committee and Tuesday Oct the 26th for full council which will be in Liverton Village Hall

Bus Shelters

The Bus shelters in Liverton have received a fresh coat of paint, at the same time the council organised for the railing at Liverton Village Hall to be painted making that whole area a much nicer sight. The information/book swap has been very successful and a huge thank you to everyone who is making sure the box is not too messy.

Licensing Review

Teignbridge District Council have published a Review of Statement of Principles related to the Gambling Act 2005 –

comments should be submitted to TDC by 8th Oct To view the document at www.teignbridge.gov.uk/statement-of-principles

Report a Problem

If you notice a defect on or near the highway no need to wait for the next parish council meeting, you can report it directly to Devon County

Council on their website or use the link <https://new.devon.gov.uk/roadsandtransport/report-a-problem>

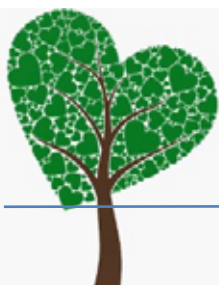

Planning

Planning applications are processed along with the parish council consultation, the delegated powers adopted by the council allow this committee to deal with applications and any public comments can be sent directly to the appropriate authority (Teignbridge DC or Dartmoor National Park).

Council Meetings

There are 2 each month, every second Tuesday (depending on planning applications) the planning committee meet, then on the fourth Tuesday the full council meeting. These are both Public meetings and members of the public welcome. The agendas and available from the website at www.ilsingtonpc.org or on the parish notice boards. The next full council meeting is on 26th Oct2021, at 7.30pm in Liverton Village Hall

Ilsington

Haytor Vale WI - September 2021 Meeting.

President Joan Gaywood welcomed members plus one visitor to the September meeting of Haytor Vale WI and after singing “Jerusalem” (accompanied by an ultra-slow and unfortunately pitched CD) birthday cards were handed out. Everyone seem to have enjoyed the trip to Sidmouth with the close study of that town’s historical blue plaques; the next date would be the fundraiser (cream teas and sales tables) on September 25th for a new seat at Liverton. Coming up were the board games afternoon, the skittles evening and the New Members Coffee Morning. Members expressed interest in a short break at a venue offering not only a variety of craft tuition but also a swimming pool and pampering sessions.

The afternoon’s speaker was Penny Townsend on Jane Austen and gardens. Illustrated by slides of places known to Jane and of filmed interpretations of her books (including one of some guy in a wet shirt) she led us down many intriguing alleyways, ranging from the importance of bee-keeping, exotic fruits and plants, and landscape gardeners to the pattens worn by ladies of the era to keep their slippers and long skirts out of the filth of 18th century Bath thoroughfares - a sort of overshoe mounted on a metal platform which seemed likely to get stuck round the cobbles of posh streets and bogged down inextricably in the mud of the not so posh. Penny finished her gripping talk with the rough calculation that Jane earned the grand total of £684/13/- old money) for her life’s output.

Tea was then served by Janice Bomford and Dianne Pickett. The Raffle was won by Marjorie Gayton whilst the second prize of a bottle of Bailey’s ended up with Joyce Townsend, who had won some wine the month before. The meeting then closed.

HARVEST

October brings us Harvest Thanksgiving, when we thank God for all the bounty of Creation. If you ever doubt God's generosity towards us, just stroll down the aisles of your local supermarket: they are groaning with food of a vast variety, of every colour, texture and taste that you can imagine. Our God is a hedonist when it comes to food - He could have provided just a few basic edible things for us to eat; instead, the choice seems endless. But in the midst of all this bounty, take time to remember all the millions of people worldwide who are starving this month, desperate for any kind of food. Before God in prayer, decide how much you can give this month to one of the many charities who are trying to help people in need, and be generous.

I am an experienced, qualified & insured Cancer, Cardiac & Covid Rehab exercise instructor specialising in strength and balance in the 50 plus age group. If you are on blood pressure pills, diabetic, pre-diabetic, want to lose weight, had or due to have knee, hip or shoulder surgery, you will be joining a group of similar people. Maybe you just know regular exercise makes you feel better. Then these are the classes for you.

SINGERS WANTED

St. Michael's Church has always had a committed group of singers who as a choir support the regular services, but they also provide a really important contribution to the major festivals such as Christmas and Easter. We would welcome anyone who would like to join us specifically for those occasions. You would not be

expected to give any more than one rehearsal a week on Thursday evenings 7- 8pm. Any further commitment to church activities would not be necessary.

Both men and women singers are welcome but you do not need to read music or have experience of choral singing. Parts will be taught and recordings supplied to provide further support. We are happy for you to come along for a taster to see if it suits you. As a choir leader I have had many years' experience of running community choirs and fully understand people's uncertainty about singing in a choir for the first time. However, I can assure you, if you do come along, you will be warmly welcomed and enjoy the rewards of performing within the group.

We are looking forward to Christmas 2021 and hope to finally return to a traditional Carol Service. If you are interested, please contact

DARTMOOR BYE LAWS changing

The current set of byelaws regulating access on the commons have been in place since 1989. They are now 32 years old and in that time there have been legal, practical, technological and societal developments.

The byelaws need updating to better reflect modern needs, improve public understanding and address issues which have the potential to damage the National Park's special qualities.

The review aims to ensure the byelaws are updated to be:
Relevant and proportionate for modern society
Clear and easy to understand
Cover the right activities and areas
Complement other powers and legislation.

The Authority's Director of Conservation and Communities Alison Kohler said: "The Authority has agreed to consult on revisions to the National Park byelaws. We are doing this to ensure the byelaws are fit for purpose and help protect the National Park for all to enjoy today and tomorrow.

"Updating the byelaws is an important topic for everyone who cares about Dartmoor whether it's landowners, commoners, residents, businesses or visitors, and we recognise people will want to have a say.

"Following Authority agreement, a draft set of byelaws will go out to public consultation from week beginning September 20. We're keen to hear a diverse range of views so we can develop byelaws that are relevant, clear, enforceable and enable people to enjoy Dartmoor, help look after it and 'leave no trace'."

The consultation will be publicised on the National Park's website, social media and by news release. People can subscribe to receive newsletters to stay updated. The consultation will remain open for six weeks. The following step is that the Authority will meet again to consider responses, agree appropriate changes and formally approve the byelaws. They'll then be sent to Defra for final confirmation.

The Bible Course

An eight-session course helping you explore
the BIG story.

Big, complex, old ...
just some of the words people use to describe the Bible.
Sound familiar? That's where The Bible Course comes in.
The course will increase your confidence, equip you to read the
Bible better and help you to see its relevance to daily life.

23rd September–18th November

(excluding 28th October)

8 sessions, Thursday evenings
7:30pm via Zoom

To register, please contact:
admin@moorlandteam.org.uk
07445 240 133

www.ashburtonandmoor.org.uk/the-big-story

BUILDING CONTRACTORS

DJ Guppy and Sons are a small family business, and we pride ourselves on being capable of undertaking and completing large bespoke projects down to small remedial works. Our high standard of workmanship is continued through all trades, whether it be the work below ground, structural alterations, or contemporary and period architecture. With traditional building skills being passed down the generations and working alongside architects to apply present day construction methods we always have the knowledge and ability to complete your project.
