

November 8 General Election Poll Watcher Sign Up and Training

Voting Days for the General Election:

- **Early Voting Begins: October 17, 2022**
- **Mandatory Saturday Voting: October 22, 2022**
- **Optional Sunday Voting: October 23, 2022 (unlikely we will be open to vote on this day in Union County)**
- **Last day for Early Voting: November 4, 2022**
- **General Election (Voting at Precincts): November 8, 2022**

There are 16 days of early voting and 1 Election day of voting. We will schedule ½ “watch” days as follows:

Early Voting 7:00 am to 12:30 pm

Early Voting 12:30 pm to 6:00 pm

Election Day 6:00 am to 12:45 pm

12:45 pm to 7:30 pm

We will need to fill 32 “watch” day slots for early voting and 22 “watch” day slots for Election Day.

We are allowed to have 2 watchers at each location per “watch” day.

You **MUST** be credentialed to serve as a Poll Watcher. To be credentialed, you must be a registered voter of Union County, attend Georgia Republican Party sanctioned training, be “registered” with the Supervisor of Elections and have a letter and name tag from the UC Republican Party. This will be prepared by UCRP and provided to you.

If you served as a Poll Watcher for the Primary Election, you are considered qualified (having already attended training). However, you still need to be “credentialed” for the time you plan to participate. It may also be a good idea to have refresher training, as there are some questions that may not have been fully answered from the observations completed in May.

There will be in-person training as well as on-line training opportunities in September and October. If you are interested in participating, please contact Linda Hill via email: exbanker@windstream.net. If you participated in May, please confirm your ability to participate. It will not be assumed that your participation in May means you will participate in November.

If you have questions, contact Linda Hill at 706-745-2112.
