

Hello Union County Conservatives:

I have just received the information below from Georgia GOP Chairman David Shafer. Based on the recommendations of the Governor requesting that we have no meetings of groups of 10 or more, we believe that the County Convention attendees should be limited. This does not mean that if you want to come, you are not welcome. **However, we do not want to endanger anyone's health. Therefore, I am suggesting that if you fall into one of the categories of those who seem to be the most vulnerable, please do not attend.**

If you would like to be a delegate to the district or state convention, please let me know. **I attached a form to a previous email earlier today. This is not necessary.** I need your name, address and date of birth to submit your name as a delegate.

These are uncertain times in our nation and I ask that each of you remember our President and leaders in your prayers as well as those in the medical field who are in harm's way.

Dena Gooch
County Chair, UCGOP

Chairman Shafer's email follows:

Let me summarize the guidance below. Although we will be holding County Conventions, **we would prefer that you NOT attend.** If you wish to be elected as a delegate to the State or District Convention, send an email to your County Chairman.

We have asked County Chairmen to conduct the pro forma conventions with one or two other healthy persons from their Executive Committee or officer team. They will call themselves to order, approve a delegate slate and then adjourn. No speeches. No other business.

These pro forma conventions will preserve our ability to participate in the National Convention when the spread of coronavirus is halted.

The most repeated advice of the Good Book is this: Fear Not. What we do know about coronavirus is encouraging. In China and Korea, rates of infections appear to have plateaued - as happens with virtually every new virus. Following the advice of our public health authorities and using common sense will help us reach that plateau more quickly.

David Shafer
State Republican Party Chairman
