Hello, everyone,

I hope this finds you in good health and practicing "social distancing". Since Union County is now under a State of Emergency until April 30, we will not be meeting in April neither will we be able to host the Candidate Forum planned for April 25th.

As far as we know now the Primary Election will still be held on May 19th.

Since we will not be hearing from the candidates as planned, I thought it would be good to inform you of the contact information for the candidates.

It is our individual responsibility to investigate the candidates before the election. This email contains the contact information for District 8 House Representative and I will try to get contact info for the candidates for 9th District Congressional seat this week. I encourage you to contact them with any questions you may have. As they are not able to get out and actively campaign I am sure they will be happy to speak with you.

Candidates for State House District 8 are:
