2. [Regional Commissions \(/local-government-assistance/planning/regional-planning/regional-commissions\)](#). DCA contracts annually with Georgia's twelve Regional Commissions to foster effective local and regional planning and implementation of those plans. The Georgia Department of Audits and Accounts (DOAA), also conducts annual performance audits of state funds (including DCA) received by the regional commissions. Georgia Regional Commission Map.
3. [Regionally Important Resources \(RIR\) \(/local-government-assistance/planning/regional-planning/regionally-important-resources\)](#). Regional Commissions prepare a Regional Resource Plan that systematically identifies regionally important resources in each region and recommends best practices for use in managing these important resources.
4. [Regional Comprehensive Planning \(/local-government-assistance/planning/regional-planning/regional-comprehensive-planning\)](#). Regional Commissions prepare regional plans that guide future decision making that addresses critical regional needs and opportunities and provides a framework for advancing the state's planning goals.
5. [Regional Success Stories \(/local-government-assistance/planning/regional-planning/regional-success-stories\)](#). DCA highlights outstanding initiatives and success stories undertaken by Georgia's twelve Regional Commissions in order to share knowledge and tools that have been successfully implemented to address a diverse range of community and regional issues.
