Winemaker: Héctor Durigutti

Tasting Notes:

Ábaco Soil Blend is a superb selection of the best Malbecs and Cabernet Francs from the different types of soils you can find in a dream place called Las Compuertas. Like classic high altitude Malbec purple in colour, bright. On the nose hints of raspberries, red cherries, flowers and a touch of vanilla. On the palate, you will have a well-balanced blend with soft tannins and a robust finish.

Food Pairing: Florentina Steak and Game Meat

Serving Temperature: 14°-16°C

Aging Potential: 8-10 years

ABACOWINES.COM

An Abacus is a simple device used to make manual mathematical calculations by sliding counters along rows of wires set inside a frame. Like the vineyard with the rows of vines and wires that are responsible for the birth of the grapes inside these bottles. Our winemakers count one by one the vines of each component that makes this blends unique.

Abaco is mathematics, science, precision and passion for the wine blending.
