Holidays/Significance of Months:

Flag Day is a holiday celebrated on June 14 in the United States. Flag Day is not an official federal holiday. It commemorates the adoption of the flag of the United States on June 14, 1777, by resolution of the Second Continental Congress. "That the flag of the thirteen United States, alternate red and white; that the union be thirteen stars, white in a blue field, representing a new constellation." The United States Army also celebrates the U.S. Army birthday on this date.

Juneteenth, officially National Independence Day, was recognized as a federal holiday in the United States in 2021, when the 117th US Congress enacted, and President Joe Biden signed the Juneteenth National Independence Day Act into law. It is celebrated annually on June 19 to commemorate the ending of slavery in the United States. June 19, 1865, when Major General Gordon Granger ordered the final enforcement of the Emancipation Proclamation in Texas at the end of the American Civil War.
