#### **I. Announcements**

Bruce Morrison opened the meeting with the Pledge of Allegiance.

#### **II. Discussion**

Bruce Morrison introduced Tom Muratore who gave an update on some County projects including the County Road 83 noise abatement project. Tom explained that the funding that was acquired was not spent so now the project needs to start over from scratch. We also discussed sewer possibilities. A discussion about red light cameras also was started and Mr. Muratore asked that our members call his office to let him know how we feel about them; either for or against. Also we discussed the new Home Security Alarm registration and the pros and cons. Tom also asked that we contact his office to let him know how we feel about this issue. Members brought up the fact that security at the Selden Dog Park on Boyle Road is lacking because local youths are hanging out at the park and some folks are using the dumpsters for private garbage deposit. Tom said that he would contact Inspector William Murphy, Commanding Officer of the SCPD 6<sup>th</sup> Precinct and ask for a patrol car to visit the Dog Park on off hours from time to time.

Sam Bifulco discussed ongoing Brookhaven Town paving projects and how the town allocates funds for paving to the Highway Department. Dare Road and North Evergreen are slated to be paved this season due to the heavy North/South traffic and wear and tear. Sam also described the handicap ramps that will be built at the Selden Dog Park to make it more accessible for all to both sides of the park.

A lively discussion ensued with our members and both Tom Muratore and Sam Bifulco. A great exchange of ideas and questions. Thanks to all.
