

Surmount AI Labs

IGNITE YOUR DATA SCIENCE JOURNEY

GET CONNECTED!

surmountailabs.com

surmountailabs@gmail.com

Surmount AI Labs is dedicated to the fusion of meaningful research and student-driven innovation. We offer a unique environment where professional data science initiatives run parallel to a dedicated program for ambitious **high school students**.

OUR DUAL MISSION

- **Advancing Research:** We are committed to pushing the boundaries of AI through focused research initiatives.
- **Empowering Students:** We nurture the passion of high school students, transforming curiosity into tangible data-driven problem-solving skills.

OPPORTUNITIES FOR IMPACT

We provide students with high-level exposure and professional development:

- Poster Presentations
- Conference Publications
- Journal Publications

PROJECT-BASED LEARNING

Students primarily work on projects aligned with their own interests in data science and AI.

RESEARCH INTEGRATION

Students have the option to engage in ongoing professional research efforts when suitable opportunities arise.

PERSONALIZED MENTORSHIP

Access to 1 : 1 session with researchers and mentors
