Elevate Education with OneStudent Cloud based Academic Markbook & Reporting Solution!

Unlock a new era of educational excellence with OneStudent, the cutting-edge Cloud based Academic Markbook and Reporting Solution that has revolutionised the educational landscape.

Why OneStudent?

Developed initially for a Queensland-based state school, OneStudent was born out of necessity. Traditional solutions fell short of meeting the unique needs of educational environment.

Now **ST4S certified** and after 2 years of witnessing the transformative impact with our clients, we are thrilled to extend our reach to additional schools throughout Australia.

Learn how OneStudent addresses your key challenges with Academic Marking and Reporting

Discover the Transformative Journey: Turning Obstacles into Opportunities with OneStudent

1. **Time-Consuming Manual Calculations:** Free your teachers from tedious manual calculations, allowing them to focus on core teaching responsibilities.
2. **Inaccurate Data Entry:** Say goodbye to the frustration of human errors in grade recording.
3. **Limited Accessibility:** Provide your teachers with the flexibility to access and update grades from anywhere, promoting efficiency.
4. **Ineffective Communication**: Foster stronger connections with real-time sharing of grades and comments between teachers, students, and parents.
5. **Lack of Data-Driven Insights:** Empower educators with tools for data analysis, facilitating informed instructional decisions.
6. **Reporting Gaps:** Traditional systems lack comprehensive reporting, limiting insight into student progress.
7. **Rigid and Non-Customisable Tools:** Lack of flexibility in grading criteria, weightings, and alignment with the unique curriculum requirements for your School.
8. **Security Concerns:** Rest easy knowing that data security and privacy compliance are top priorities.
9. **Time-Consuming Markbook Setup**: Manual and detailed configurations make Markbook reporting setup a time-intensive tasks setup.

Experience the Educational Transformation Unleashed by OneStudent's Advantages

1. **Efficiency and Accuracy:** Automate grading processes, eliminating errors and allowing teachers to focus on teaching. OneStudent introduces a review feature within Markbooks, facilitating collaboration and ensuring accuracy by allowing additional input and verification.
2. **Seamless Data Entry:** Streamline the grading process with straightforward, fast, and efficient data entry.
3. **Anywhere, Anytime Access:** OneStudent enables users to access and update grades from anywhere, fostering unparalleled efficiency in their workflow. Heads of Years gain streamlined access to all Markbooks within their specific subjects, while administrators enjoy a holistic view of the educational landscape.
4. **Enhanced Communication:** Enable real-time sharing of grades and comments, strengthening the teacher-student-parent connection.
5. **Data-Driven Insights:** Gain valuable insights into student progress, trends, and instructional decisions.
6. **Robust Reports:** OneStudent fills the gap with detailed insights, empowering educators to make informed decisions effortlessly.
7. **Customisation:** Tailor OneStudent to align with your specific requirement for example: curriculum, grading criteria, assessment items, cutoffs, and reporting requirements.
8. **Rock-Solid Data Security:** Ensure student data remains secure and compliant with privacy laws.
9. **Streamlined Setup:** OneStudent simplifies this process by enabling the seamless copying of Assessment Item criteria from year to year, saving time and effort in Markbook reporting.

Join the Transformation

By adopting OneStudent you will, empower your teaching staff with efficient and accurate grade recording, greater accessibility, and enhanced communication. Bid farewell to the frustrations of manual calculations and welcome a new era of efficiency and success in the classroom.
