## POWER YOUR FUTURE

**Bolt**, is a small business owned by a minority woman with a Licensed and Bonded Master Electrician that has over 40 years of experience in a wide range of installing, maintaining and repairing commercial, industrial and residential electrical systems. Our mission is to provide a wide spectrum of high quality professional electrical services to exceed our clients' expectations while respecting their timelines and budgets. We value efficiency, discipline, and attention to detail on all projects. We prioritize safety protocols and quality control.
