

## ABOUT THE NGO NETWORKING DINNER & PARTY 2023

The NGO Networking Dinner & Party is an annual networking event which brings together national and international NGOs, donors and development partners, academia, media houses, ambassadors, bankers and lawyers, CEOs and senior executives in the private sector, policymakers, Ministers and heads of MDAs, and service providers to the NGO sector across Sierra Leone.

The networking dinner and party is part of the Sierra Leone NGO Week 2023 ([www.africanngocouncil.org/ngofest.org](http://www.africanngocouncil.org/ngofest.org)), which is set to commemorate the World NGO Day 2023 in Sierra Leone. The NGO Week is organised by the African Council of Non-Governmental Organisations (African NGO Council) in partnership with the NGO Directorate of the Ministry of Planning and Economic Development (MoPED), the Sierra Leone Association of Non-Governmental Organisations (SLANGO), and NGO Consulting (SL) Ltd. The goal is to enhance NGOs' contribution to national development, and to create a national platform to bring together donors, private sector partners, various UN and government agencies and other sector players for them to interact, network and showcase their activities, products and services.

The World NGO Day ([www.worldngoday.org](http://www.worldngoday.org)) is an international day (February 27<sup>th</sup>) dedicated to recognize, celebrate and honour all non-governmental and non-profit organisations, and the people behind them that contribute to the society all year around. The NGO Week is a set of activities, including a symposium, media and public education outreach, public discussions, a gala dinner, and a four-day exhibition, which will involve the participation of senior government officials, private sector organisations, and both national and international NGOs operating across the country.
