

AMHLC NEWS

We are growing by leaps and bounds, by God's grace alone.

THE START TO A NEW SCHOOL YEAR

As we said goodbye to our school-agers that head off to school, we began a new school year of our own. With the children transferred to their new classrooms (based on age and development), our teachers were prepared to get down to business. Not only do our kids have days full of play, they have days full of learning and new experiences. God's blessings on our new year.

GRADUATION/GRANDPARENT'S DAY

AN UNFORGETTABLE TIME FULL OF LOVE

We combined our graduation and grandparent's day for the ultimate AMHLC family experience. Grandparent's came to see what a day for their grandchild looks like at AMHLC. Families came to watch their child transfer from one classroom to the next according to their age and development. AMHLC was full of happy tears all morning long!

LITTLE AMERRICKA

FAMILY FIELD TRIP

We ended our summer with an awesome family field trip to Little Amerricka Amusement Park. Our families were able to get to know each other and spend quality time. Ms. Trish made some delicious barbecue and the kids enjoyed their time out on all of the rides. The swarming bees didn't run our fun!

Sweet School Age Send Off

Our final day with the school agers was bitter sweet. We enjoyed delicious cupcakes to celebrate our time with them and to bid them a sweet goodbye. We will miss our school agers and pray they have a wonderful school year.

TRANSPORTATION

The AMHLC mini-bus is such a blessing. AMHLC is now providing transportation to and from school for some of our school agers. From walking some of our kids to school, now to driving them in a bus is an awesome experience. We also use our mini-bus to attend field trips.
