Kwik Wire

Electrify Your Ride

Proudly Designed , Engineered & Manufactured in the USA

All our restoration harnesses are manufactured in the USA. We have been doing it this way since our start in 1991.

We strongly believe in the value of maintaining American jobs and understand the quality of American made products can't be matched anywhere else. We have put together a number of harness to fit your project and your budget. Our basic models refer to our budget kits listed on page . Our budget kit will have the same quality of workman ship as all of our harnesses but we have eliminated some of the parts supplied in our second generation kits.

(Budgets do not have Coil Kill Switch, Fuse Cover, Base Plate, Speaker Wire and Maxi Fuse.) Below is a list of part included in our kits

Second Generation Kits Include

- 1 6" Jumper Wire (1)
- 2 Late Model Column Plug (1)
- 3 Headlight Plugs (2)
- 4 Butt Splices (8)
- 5 Max-Fuse (1)
- 6 Early Model Column Plug (1)
- 7 Column Plug Terminals (11)
- 8 Push-On Terminals (4)
- 9 Instruction Manual
- 10 1/4" Terminals (10)
- 11 Ignition Switch Connector (1)
- 12 Ignition Switch Connector (1)
- 13 1" Firewall Grommet (1)
- 14 Grommets (2)
- 15 Dimmer Switch Connector (1)
- 16 Alternator Connector (1)
- 17 Ring Terminals (4)
- 18 Zip Ties

Ford Kits Include

- 1 Female Column Plug (1)
- 2 Female Column Terminals (11)
- 3 Headlight Plugs (2)
- 4 Butt Splices (8)
- 5 Max-Fuse (1)
- 6 Male Column Terminals (11)
- 7 Male Column Plug (1)
- 8 Push-On Connectors (4)
- 9 Ring Terminals (4)
- 10 Instruction Manual
- 11 Dimmer Switch Connector (1)
- 12 Alternator Connector (1)
- 13 1" Firewall Grommet (1)
- 14 Grommets (2)
- 15 1/4" Terminals (15)
- 16 Zip Ties
- 17 6" Jumper Wire (1)

Budget Kits Include

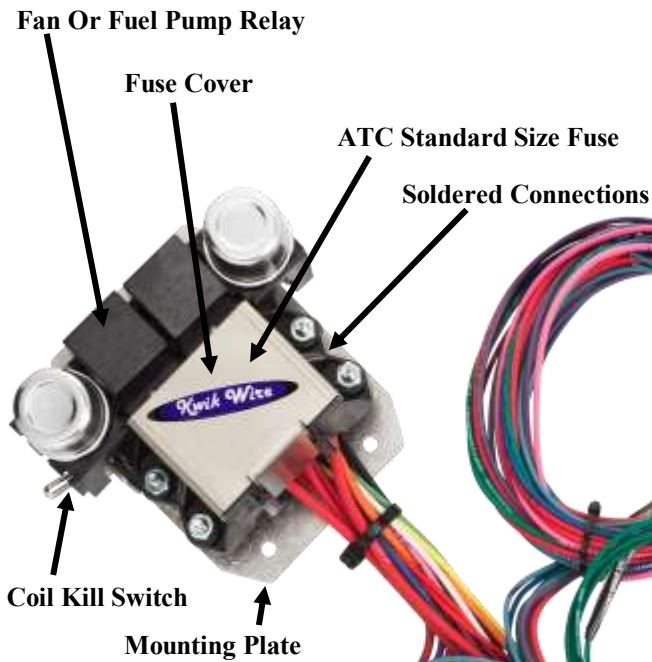

- 1 Butt Splices (8)
- 2 Headlight Connectors (2)
- 3 Headlight Terminals (6)
- 4 Firewall Grommet (1)
- 5 Column Plug Terminals (11)
- 6 Early Model Column Plug (1)
- 7 Instruction Manual (1)
- 8 1/4" Terminals (10)
- 9 Dimmer Switch Connector (1)
- 10 Alternator Plug (1)
- 11 Ignition Switch Connector (1)
- 12 Ring Terminals (4)
- 13 Ignition Switch Connector (1)
- 14 6" Jumper Wire (1)
- 15 Fusable Link (1)
- 16 Fuse Pannel Mounting Legs (4)
- 17 Fuse Panel Mounting Bolts (4)
- 18 Zip Ties

8 Circuit Harness Supports

- Brake Lights
- Horn
- Headlights
- Turn Signal
- Fuel Pump
- Radio Constant
- Dome Light
- Wipers
- Coil
- Gauges
- Hazard

8 Circuit Wiring Harness with Built-In Fuel Pump Relay **\$265.00 Part # 8SG**

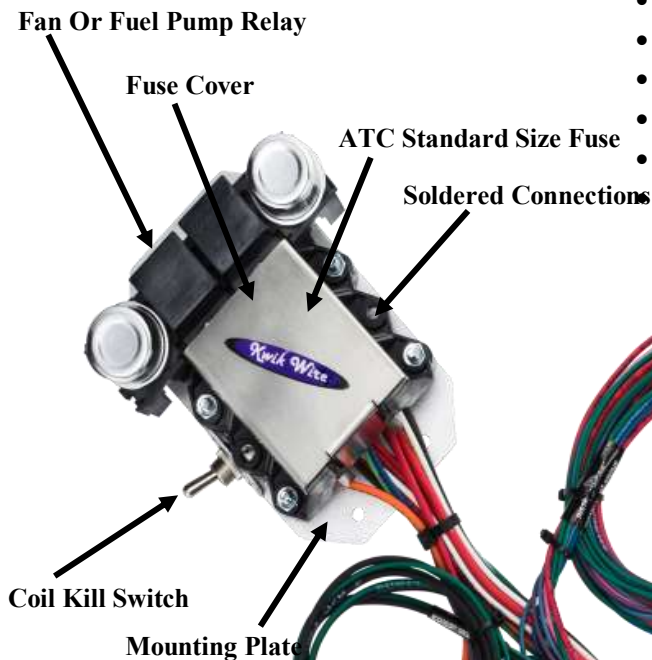

Complete Your Order Page 7

- 4 Headlights \$10.00

Electrify Your Ride

Add-On Options to your harness

4 Headlights you will need a extra set of headlight pigtails

Part # 69 \$10.00

6 volt system this option will add a 6 volt flasher to the fuse panel.

Part # 70 \$10.00

HEI Distributor this option will add a set of HEI connectors to the kit

Part # 71 \$8.00

With built in ground kit (Our ground kit includes a ground lead built in to every section of the harness to insure a good clean ground. One main ground lead is located in the motor group that will connect to the battery.)

Part # 72 Add \$38.00

With Switches (Switch kit will include a headlight switch, ignition switch and a dimmer switch.)

Part # 73 Add \$65.00

2 Halogen Headlight Kit Lets you convert old headlights to halogens headlights.

All Halogen Headlights will need a Halogen Headlight relay kit.

This kit will protect your headlight switch from the higher amp draw of the lights.

Part # 74 Add \$65.00

4 Halogen Headlight Kit Lets you convert old headlights to halogens headlights.

All Halogen Headlights will need a Halogen Headlight relay kit.

This kit will protect your headlight switch from the higher amp draw of the lights.

Part # 75 Add \$75.00

Split Braided Loom 20 Feet - 1/4" 20 Feet - 1/2" 10 Feet - 3/4"

Part # 76 Add \$100.00

Dash Harness

6 Gauge universal dash cluster harness including electric speedometer

All wires imprinted with destination and ground wires

Part # 7074

\$60.00

Halogen Headlight Relay Kit

Lets you convert old headlights to halogens headlights.

All Halogen Headlights will need a Halogen Headlight relay kit.

This kit will protect your headlight switch from the higher amp draw of the lights.

Part # 1100 Two Headlights

\$65.00

Part # 1104 Four Headlights

\$75.00

Kwik Wire's Ford Harnesses

22 Circuit Ford Harness

22 Circuits Includes

- Brake Lights
- Radio Constant
- Horn
- Headlights
- Dome Light
- Fuel Pump
- Radio
- Gauges
- Power Windows
- 2 Accessory Circuits
- Wipers
- A/C and Heat
- Hazard Light
- Back up lights
- Electric Fan
- Coil
- Turn Signal
- Cigarette Lighter
- Power Door Locks

22 Circuit Ford Wiring Harness

\$395.00 Part # 22F

20 Circuit Ford Harness

20 Circuits Includes

- Brake Lights
- Radio Constant
- Horn
- Headlights
- Dome Light
- Fuel Pump
- Radio
- Gauges
- Power Windows
- Wipers
- A/C and Heat
- Hazard Light
- Back up lights
- Electric Fan
- Coil
- Turn Signal
- Cigarette Lighter
- Power Door Locks

20 Circuit Ford Wiring Harness

\$380.00 Part # 20F

14 Circuit Ford Harness

14 Circuits Includes 14 Circuit Ford Wiring Harness

\$305.00 Part # 14F

- Brake Lights
- Radio Constant
- Horn
- Headlights
- Dome Light
- Fuel Pump
- Radio
- Gauges
- Wipers
- A/C and Heat
- Hazard Light
- Back up lights
- Electric Fan
- Coil
- Turn Signal

8 Circuit Ford Harness

8 Circuits Includes 8 Circuit Ford Wiring Harness

\$270.00 Part # 8F

- Brake Lights
- Horn
- Headlights
- Dome Light
- Fuel Pump
- Radio
- Gauges
- Wipers
- Coil

Kwik Wire's Budget Harnesses

Our budget kits support the same circuits as our standard kits, **but do not include the coil kill switch, base plate, speaker wire, or fuse cover.** We manufacture our budget kits with the same high quality parts as our standard kits.

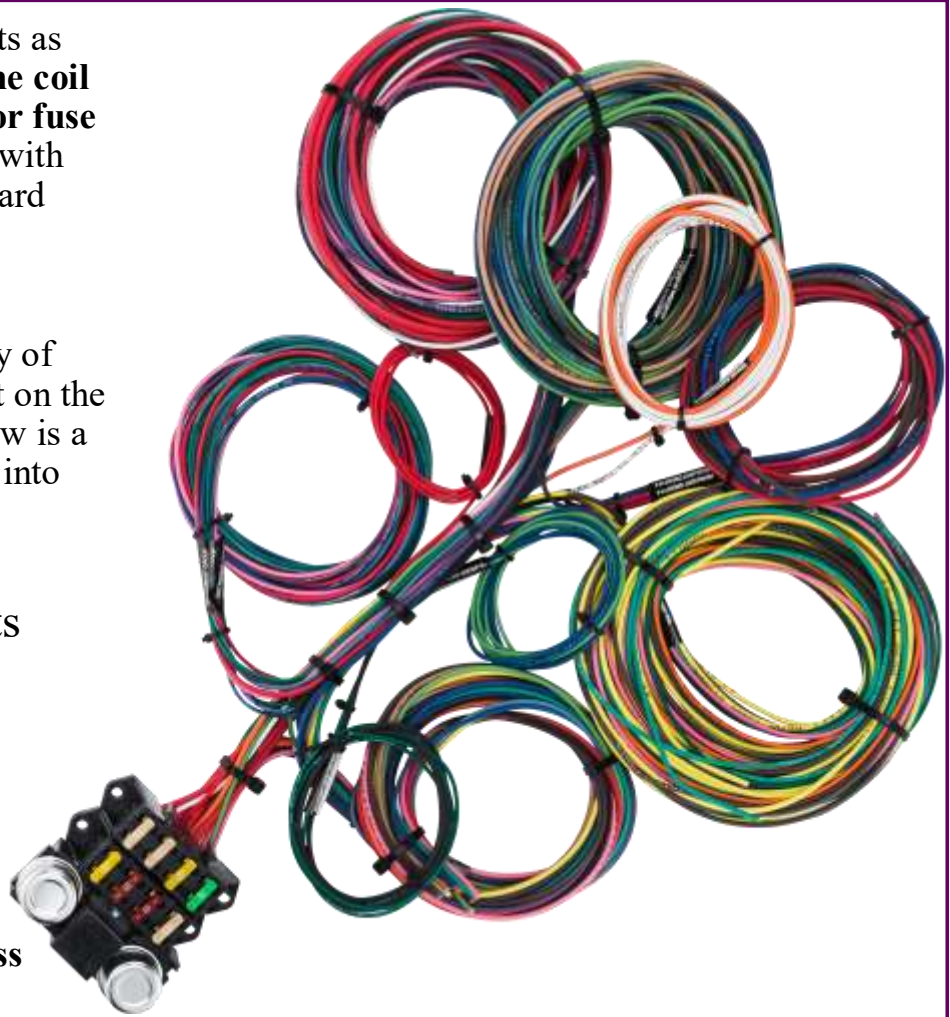

All of our harnesses come with a variety of features that all help make it the best kit on the market for automotive restoration. Below is a list of some of the unique features built into the design of our harnesses

8 Circuit Harness Supports

- Brake Lights
- Horn
- Headlights
- Turn Signal
- Fuel Pump
- Radio Constant
- Dome Light
- Wipers
- Coil
- Gauges
- Hazard

8 Circuit Budget Wiring Harness

\$205.00 Part # 8BG

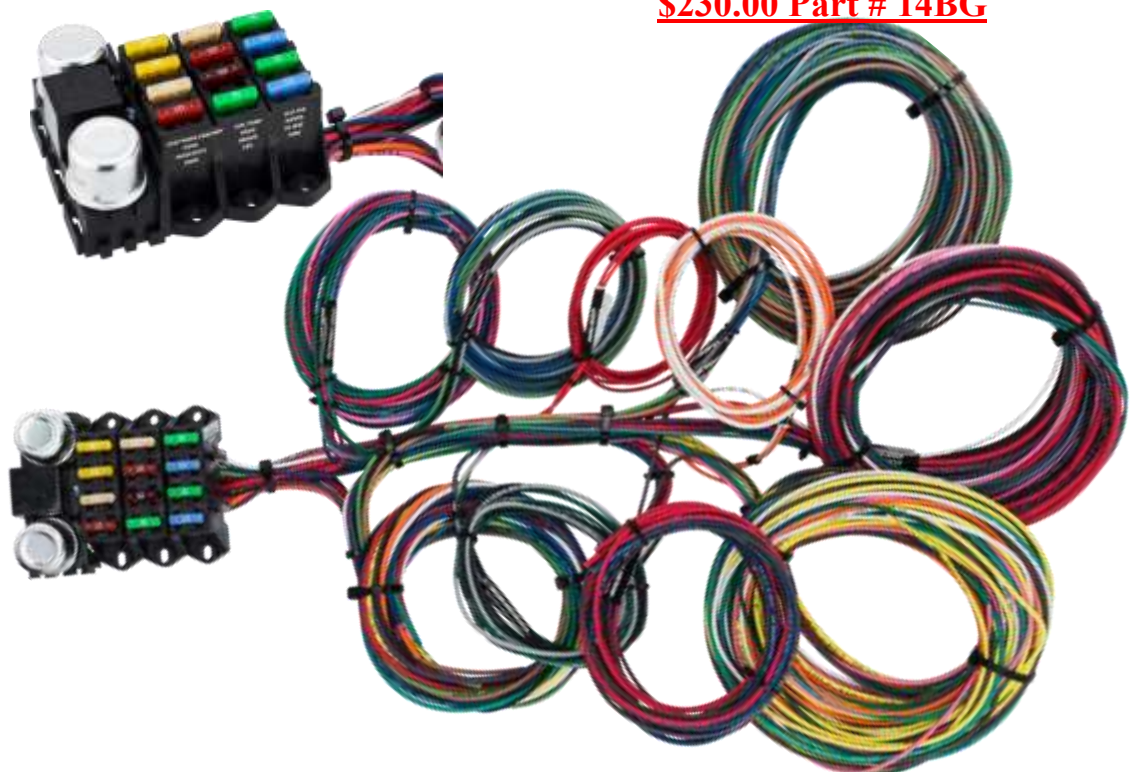

14 Circuit Harness Supports

- Brake Lights
- Horn
- Headlights
- Turn Signal
- Fuel Pump
- Radio (Constant Hot)
- Dome Light
- Wipers
- Coil
- Gauges
- Hazard
- Radio (Ignition Hot)
- A/C Heat
- Back Up Lights
- Electric Fan

14 Circuit Budget Wiring Harness

\$230.00 Part # 14BG

20 Circuit Budget Wiring Harness Supports

20 Circuit Budget Wiring Harness

\$280.00 Part # 20BG

- Brake Lights
- Horn
- Headlights
- Turn
- Fuel Pump
- Radio Constant
- Dome Light
- Wipers
- Coil
- Gauges
- Hazard
- Electric Choke
- Radio Ignition
- A/C Heat
- Back Up Lights
- Electric Fan
- Power Windows
- Power Door Locks

22 Circuit Budget Wiring Harness Supports

22 Circuit Budget Wiring Harness

\$290.00 Part # 22BG

- Brake Lights
- Horn
- Headlights
- Turn Signal
- Fuel Pump
- Radio (Constant Hot)
- Dome Light
- Wipers
- Coil
- Gauges
- Hazard
- Electric Choke
- Radio (Ignition Hot)
- A/C Heat
- Back Up Lights
- Electric Fan
- Power Windows
- Power Door Locks

Relay Panel has 4 separate 30/40 amp relays

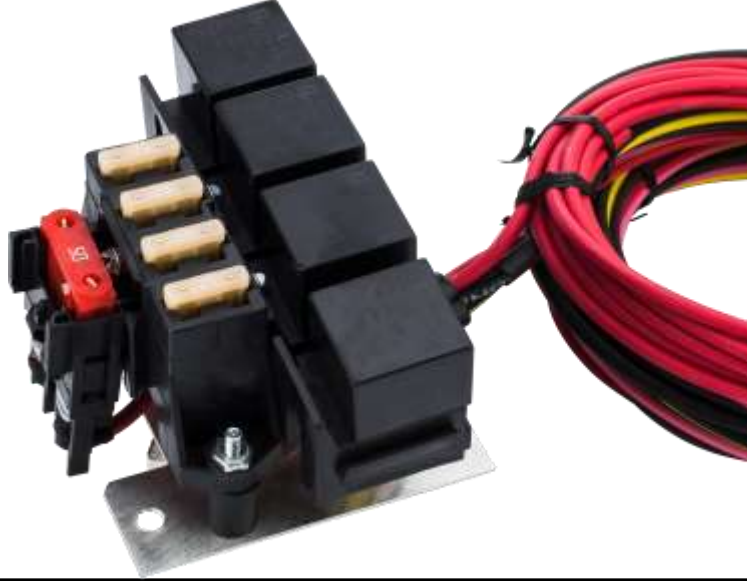

Ease hook up one main power lead and one main ground Lead.

4 Switched wire leads to connect to your switch panel

4 lead wiring running out to your equipment.

Electric Fan , Electric Fuel Pump, Steering pump and water pump.

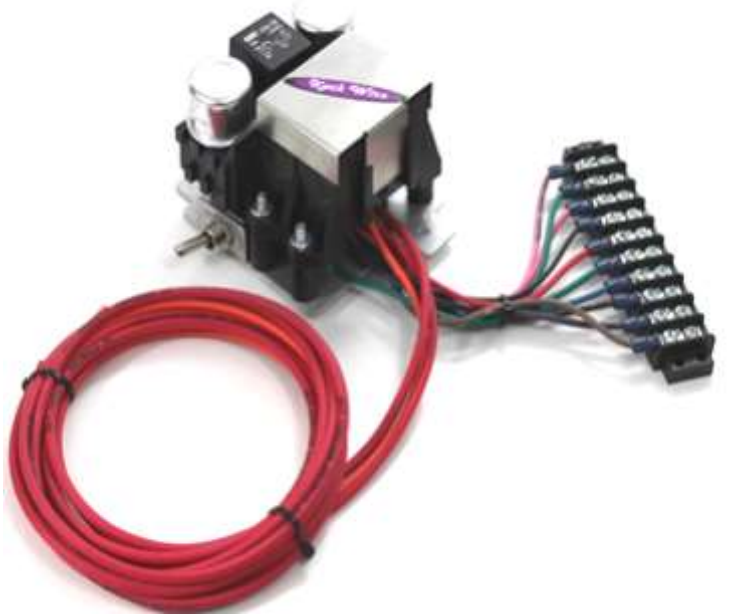

Part # 2018R \$125.00

**2002 Fuse Panel**

This includes 2 constant hot wires, 3 ignition hot wires, horn circuit, hazard flasher circuit, turn signal flasher circuit

Part # 2002

\$80.00

**8 Circuit Fuse Panel**

This includes

4 Ignition Hot Circuits

4 Constant Hot Circuits

Part # 2003

\$50.00

Kwik Wire TR-1400 will allow you to wire up your project using your own wire and have the look of a modern fuse panel. Our TR-1400 supplies enough circuits for standard equipment and also supplies Electric Fan and Fuel Pump Circuits .

Part # TR-1400 (Fuse Panel Only)

\$125.00

Add circuits to your vehicle without overloading the electrical system.

The fuse block is activated by any ignition source and only takes a very small load to turn it on using a relay. The new circuits are protected by a circuit breaker and 20 amp fuses on each circuit to protect your new accessories.

3 Circuit Fuse Panel

3 Circuit Provides Ignition Hot Power
(relay powers bank of fuses)

This will allow you to add 3 circuits without overloading your fuse panel.

Part # 10450

\$65.00

7 Circuit Fuse Panel

3 Circuit Provides Ignition Hot Power
(relay powers bank of fuses)

4 constant hot circuits

This will allow you to add 7 circuits without overloading your fuse panel.

Part # 10449

\$80.00

70 Amp Relay Kit

Kit Includes

- 70 amp relay
- 60 amp maxi fuse
- 30 amp breaker
- Maxi fuse holder
- 2 way connector set
- Ring terminals

Part # 6070 \$50.00

4 Circuit Fuse Panel

This includes the fuse block,
4 fuse terminals,
4 position buss bar

Part # 4076

\$12.00

Kwik Wire Nostalgic 14 Wiring Harness

14 Circuit Harness Supports

- Brake Lights
- Horn
- Headlights
- Turn Signal
- Fuel Pump
- Radio Constant
- Dome Light
- Wipers
- Coil
- Gauges
- Hazard
- Radio Ignition
- A/C Heat
- Back Up Lights
- Electric Fan

Fuse panel with a Rat Rod Look

14 Circuit Wiring Harness with Built in fan relay

\$300.00 Part # 14RR

****Maradyne Gives You A TRUE CFM Rating****

16" Fan
Part # **KW166K**
\$110.00

- 225 watt high performance drip through motor.
- Quiet, reversible S-blade design – works as a puller or a pusher fan.
- All glass-filled nylon construction.
- Includes four (4) 90° mounting feet.

Fan Relay with Thermostat Kit 184 Degree
This kit gives you everything that the fan relay kit does plus it comes with a threaded thermostat that screws into the engine block or manifold for a professional installation. ON @ 184

Part # **2077**
\$43.00

Fan Relay with Thermostat Kit 190 Degree
This kit gives you everything that the fan relay kit does plus it comes with a threaded thermostat that screws into the engine block or manifold for a professional installation. ON @ 190

Part # **2076**
\$43.00

Prewired 30 Amp Electric Relay Kit
This kit is protection for your electric fan. It provides constant voltage, protects from voltage and amperage jolts, and keeps the fan from feeding back through the system. This kit is necessary if adding an on/off switch to your electric fan circuit.
Part # **2078**
\$26.00

Fan Thermostat Switch
This switch will allow adjustment of the electric fan. Thermostat probe screws into the radiator drain petcock.

Part # **50801**
\$33.00

Polyolefin Heat Shrink Tubing 4 foot lengths

Size	Part #	Color	Price	
3/16"	241	Black	\$7.00	A high quality material which shrinks to 1/2 the expanded size. This material is very stable and can be stored for extended periods without shrinking. Temperature rating of -67 F to 275 F.

Loom It

Insultherm is available in a wide range of diameters. It cuts cleanly with scissors and installs easily over a variety of applications to either deflect or retain heat in environments up to 1,200°F.

Size	Part #	Price Per Foot
1/4"	FGN0.25	\$1.00
3/8"	FGN0.38	\$1.55
1/2"	FGN0.50	\$2.50
3/4"	FGN0.75	\$3.00
1"	FGN1.00	\$4.00

Insultherm Ultraflex fiberglass sleeving is ideal for the protection of wires and hoses exposed to the heat generated from high performance engine and exhaust components. The heat treated sleeving cuts with scissors and is highly flexible. Ultraflex expands slightly, allowing it to slide easily over wires and follow curves and contours without binding. Ultraflex is available in Natural.

Size	Part #	Price Per Foot
1/4"	FHN0.25	\$1.00
1/2"	FHN0.50	\$1.50
3/4"	FHN0.75	\$2.50

Braided Fiberglass Protects up to 1,200°F

Asphalt Coated Loom is constructed of a twisted paper and cotton-polyester blend weave. Tubing is saturated with an asphalt compound to bind the weave and prevent moisture absorption. Additionally, it is coated with a special flame retardant, black bituminous coating. Ideal in harsh environments. Temperature rating: 275 degree F

Size	Part #	Price
1/4"	L14	\$1.00
3/8"	L38	\$1.50
1/2"	L12	\$2.00
3/4"	L34	\$3.50

Fire Flex Loom

Silicone jacketed fiberglass sleeving is the choice of professionals in racing and other industries where protection from constant temperatures approaching 500°F is mandatory.

FireFlex is completely non-conductive, will not melt, delaminate, become brittle or support

combustion under normal conditions, and provides a professional level solution to thermal protection needs in any application.

Size	Part #	Price Per Foot
1/4"	FIN0.25	\$2.75
3/8"	FIN0.50	\$3.75
1/2"	FIN0.75	\$6.75
3/4"	FIN1.25	\$9.00

2:1 Fabric Heatshrink Tubing

Fabric heatshrink tubing, a unique mixture of polyolefin and polyester yarns, is the ideal way to form the only shrinkable fabric of its kind. The woven construction makes this product extremely flexible and resistant to trapping water, heat and humidity. Provides outstanding abrasion, chafing and cutthrough protection, even at high temperatures.

Size	Part #	Price Per Foot
1/2"	H2F0.48BK	\$1.75
3/4"	H2F0.79BK	\$2.25
1 1/2"	H2F1.58BK	\$3.00
2 3/4"	H2F2.75BK	\$5.75

Convolute surface protects against abrasion and pinching
 Split loom easily slides over assembly and closes for a permanent installation
 Used to protect wire, cable, tubing and hoses
 Black
 Polyethylene
 Split
 200°F (93°C)

Size	Part #	Price
1/4"		.40 per foot
3/8"		.60 per foot
1/2"		.80 per foot
3/4"		\$1.00 per foot
1"		\$1.25 per foot

Minimum order of 10 feet per item

Expandable Loom

This braided self-wrap sleeving is soft and quiet in high vibration environments.

It's more flexible than split loom and more durable than spiral wrap.

Loom material allows wires to be pulled out or new ones inserted repeatedly if necessary.

Unlike rigid slit loom, it will not impair or affect the flexibility of the wires.

It retains its shape and rigidity from -75°C to 125°C (-103°F to 257°F).

Size	Part #	Price
1/4"	EL14	\$1.50
1/2"	EL12	\$2.50

Split Braided Loom

F6's unique split, semi-rigid braided construction makes it the ideal solution for situations where ease of installation is of primary importance.

Size	Part #	Price
1/4"	L14	\$1.00
3/8"	L38	\$1.50
1/2"	L12	\$2.00
3/4"	L34	\$3.50

The lateral split allows the tube to open up to accommodate a wide variety of bundling requirements, and the semi-rigid braid configuration simply closes around the entire installation without the need for any additional fasteners (velcro, tape, etc.)

The 10 mil PET braid is lightweight, quiet and flexible. The 25% edge overlap (at nominal diameter) allows coverage around inline plugs, connectors and splices.

F6 will bend to a tight radius without distorting or splitting open and, unlike full rigid tubing, will not impair or affect the flexibility of harnesses. F6 allows for the addition or removal of wires without disassembly.
