

Industry Template: Marketing & Advertising

(Note: This is not intended to be a comprehensive example for any one particular industry. Rather, this is to be used as a starting point to define industry domains, representative knowledge bases within a particular domain, and sample solutions that could be called for by a Consumer. Unsure where to begin? Start here and expand. Have a better idea? Start there and run with it. Either way, you build it, you own it. We simply make owning your knowledge possible.)
