

# Pacific Bioethics LLC

## Federal Capability Statement

### ***Overview***

Pacific Bioethics LLC provides healthcare and clinical ethics consulting, education, and advisory services to federal healthcare and research systems, including the Department of Veterans Affairs (VA), Department of Defense (DoD), Bureau of Prisons (BOP), and Department of Health and Human Services (HHS). Our mission is to help organizations navigate complex ethical challenges, strengthen decision-making, and support compassionate, equitable, and mission-aligned care for diverse and vulnerable populations.

### ***Core Competencies***

#### **Clinical Ethics Consultation & Advisory**

- Case consultation on end-of-life, consent, and decision-making capacity issues
- Ethical guidance for military, correctional, and behavioral healthcare programs
- Support for human subjects protection and research integrity
- Development and mentoring of institutional ethics committees

#### **Education & Training**

- Ethics and professionalism education for healthcare and behavioral health teams
- Workshops on moral distress, resilience, and ethical leadership
- Informed consent, privacy, and culturally responsive communication

#### **Policy & Program Support**

- Development of ethics frameworks consistent with federal and DoD standards
- Integration of ethical principles into patient care, research, and crisis response
- Ethics consultation for emergency preparedness and disaster-response planning

### ***Differentiators***

- Certified Healthcare Ethics Consultant (HEC-C) with advanced academic training
- Harvard Medical School Center for Bioethics Fellow (Alum)
- Veteran-Owned Small Business (VOSB) with U.S. Navy medical service background
- FEMA Emergency Management training certificates in disaster and incident response
- Deep expertise in bioethics, medical education, and healthcare ethics program design
- Collaborative approach emphasizing supportive ethics consultation, not compliance policing

### ***Past Performance & Relevant Experience***

- Academic instruction in behavioral sciences, medical ethics, and clinical professionalism
- Advisory work with international medical schools on ethics and educational standards
- Completed NIH, HHS, and FEMA ethics and emergency management training
- U.S. Navy service: Camp Pendleton Naval Hospital and USS Berkeley DDG-15
