

TQ-24

Onshore Precision Chopsaw

The TQ-24 Chopsaw from TorqCut is best-in-class onshore cutting technology.

Built for precision, durability, and speed, the TQ-24 consistently achieves market-leading cut times across a wide range of materials, including inconel, duplex, concrete, wellheads, and piles.

The system provides a safer, faster alternative to traditional cutting methods.

APPLICATIONS

- Pipe, coated or bare
- Onshore wellheads
- Demolition
- Solid bars
- Piles

PRODUCT BENEFITS

• High Blade Efficiency

• Comprehensive Spares Package

• Flexible Cutting Configurations

• Customisable Clamping

• Rapid Blade Change

• Simple & Safe Remote Control

FEATURES

- Fast & Clean Cut – Market-leading cut times across materials
- Up to 100 Cuts Per Blade – Depending on application
- Safe Remote Operation – Via handheld radio control unit
- Robust Shipping Frame – With comprehensive spares box
- Multiple Lifting Points – Versatile angle of deployment
- Customisable Quick Hitch – To suit excavator requirements

TECHNICAL SPECIFICATIONS

Cutting Capability	2" – 24" (50mm – 610mm)
Min Oil Flow	80 L/min @ 210 bar
Min Excavator Size	12T
Weight	1,200 kg
Blade Diameter	1,540 mm
Power Supply	12V, 10A supply (or via excavator)
Mounting Options	Quick hitch, slew ring, or chain suspension
