Re: Thomas Jack Memorial Park - Dalby Cultural Centre (Commercial Development)

Dear David and Ann,

When did honour become a title ? I thought honour was something bestowed upon someone for honourable conduct - not only a title for being voted in as a public representative. Do you think all politicians act honourably ?

David, I received a flyer from you saying you were against Labour's (insanely excessive) migration policy. But are you really ? We here in Dalby are about to lose much of our beloved Thomas Jack Memorial Park to commercial development - primarily because of hugely excessive demands for housing.

Western Downs Regional Council voted unanimously to "dispose of the original site for their planned cultural centre - for HOUSING". This was **before** a "Have Your Say Survey" was conducted which included a survey on possible locations, but didn't allow respondents to actually choose a location !

Ann, the company that did the survey (FourFold) actually lied to council by misrepresenting their own findings. In a glowing 39 page report by Council the community response "**Should Not take away from Green Space**" received a **High Priority of over 4 stars**. But in a presentation to Council - **Fourfold said that the response had a "low ranking" of below 4 stars**. And for this FourFold received a Commendation from the Planning Institute Australia - an esteemed institution ! A commendation for lying.

Speaking of lying, Anthony Albanese said "my word is my bond" - then turned around and broke his word on taxation and many other things. Is this worthy of the title "Honourable" ? David, you broke ground at the original site promising the people would get a new cultural centre on the original site - is your word, your bond as good as Anthony Albanese ?

Speaking of Leadership, I see that David Crisafulli is now accepting political donations up to something like \$170'000 from property developers - contrary to advice on anti corruption.

And here we are in Dalby, loosing our Park because NOBODY can tell the 94 ALP Representatives (because that's who they represent, their party, not the people) - Nobody is willing to tell them their grossly excessive migration policy is insane. That this level of migration has caused so much homelessness and stress for many many Australians.

I've seen Crisafulli, Ann Leahy, and the Mayor and Councillors of the Western Downs running around bending over backwards trying to accommodate these ridiculous migration levels by fast tracking housing developments.

And we are about to loose our Park to commercialisation, to pander to Representatives that only represent Globalists that want to re-make all Western Nations into multicultural "nation states" by hook or crook - no matter at what cost. No matter how many stabbings, rapes, or homeless.

So I ask you David and Ann, here is a golden opportunity to expose the boots on the ground cost of insane levels of migration - we are loosing our park, our culture to the housing pressures from absolute despotic levels of excessive migration.

David, do you really want to win, or let the Liberal and Nationals fade into obscurity. Because the "opposition" has let the "government" get away with absolute treason.

I just received a response from the Queensland Ombudsman saying they were not going to investigate Western Downs Regional Council's conduct further - and from Crisafulli's "leadership" I can see why. Does anybody in the Public Service actually do their job ?

I've contacted you both in a last ditched attempt to save our park. Then I can truly say I have done all I can. Everyone told me Council had made up their minds and there was nothing we could do. I guess I was too naive, it's a bitter pill to swallow.

Oh if developing our Park to make way for Housing is such a noble cause, why not put thousands of apartments on the hill at Canberra ? All that undeveloped space - and it would probably house 3 weeks of migration - not the 3 hours sacrificing our park will do.

After highlighting these gross trespasses the Principal in charge of the project at the Council bluntly dismissed these glaring issues and told me " I was going to love it". That's typically language you hear rapists tell the judge. No I will never love it, and I can't be gaslit.

The Dalby Cultural Centre - built on a foundation of lies and deception.

Sincerely,

Wulf von der Decken
