

COMPEL WESTERN DOWNS REGIONAL COUNCIL TO ASK RESIDENTS WHETHER THOMAS JACK PARK SHOULD HOST LARGE BUILDINGS

Why This *Queensland Government Parliamentary Petition* Matters

This petition asks the Queensland Parliament to investigate the Western Downs Regional Council's conduct regarding Thomas Jack Park — particularly their transparency, community consultation and redevelopment plans. Many locals feel the park is being altered without their full consent. This petition calls on Parliament to ensure the residents' voices are heard properly, and that no major changes go ahead unless the people clearly support them.

By signing, you are asking for honesty, accountability, and protection of our public park.

"Public parks are the lungs of a city, and the heart of its people."

— *Frederick Law Olmsted* (Father of modern parks)
