RE: "2019 Annual Southern Miss Sports Medicine Symposium"

Dear Mr. Boudreaux:

The above referenced program has been approved for **seven (7) clinical continuing competence (CC) units as certified activities** for licensure renewal purposes for physical therapists and physical therapist assistants for the **July 1, 2018 – June 30, 2019** licensure period.

The accepted standard for proof of course completion is a certificate indicating the course provider, the course name, date, the attendee's name, and the number of continuing competence hours awarded. "Approved for continuing competence (CC) credit by the Mississippi State Board of Physical Therapy," or a similar statement should be used in your program materials. **The approval statement should also be evident on the certificate.** Licensees will submit proof of course completion at the time of licensure approval.

You may now submit the Course Sponsor Prior Approval Form and the fee electronically. Go to www.msbpt.ms.gov and select "Forms" on the main menu. Select the online option for the Course Sponsor Prior Approval Form and then follow the prompts.

If you have any questions about Mississippi CC requirements for physical therapy practitioners or need any help with electronic submission of the course and fee, please contact our office at the address or telephone number listed below.

Sincerely,

Natalie Miller
