**Welcome to the 5th annual
Shaggy Meadows Red Angus Bull sale.**

This year's offering consists of some new herd sires, and we are pleased with job and performance that they have brought to our program. As the cow herd continues to develop so do the bulls and replacement heifers. I think that this set of bulls may offer some of the most exciting genetic potential to date.

We appreciate you taking the time to evaluate the cattle and truly appreciate your interest and support in our program. The weather has been great this winter so stop by anytime for a tour.

Shaggy Meadows Red Angus.

This is my first year to be on board helping Jared Dick & Family-Shaggy Meadows Red Angus. I'm extremely excited to help promote this outstanding set of Red Angus power bulls, as you buzz through the catalog you will find consistency throughout every page. Jared's passion for the Red Angus breed bleeds through – you can see it first-hand. He has worked hard to build a program built around solid proven pedigrees. These bulls work hard producing pounds efficiently. The first time I stopped by Shaggy Meadows I knew immediately that this was a program built around real-world practical genetics. These proven genetics produce offspring that will excel in many environments. Exciting offering for the 5th Annual Shaggy Meadows Red Angus Bull Sale. Feel free to contact any of the sale staff, Jared, or myself with any questions about the sale offering.

This son of the Shaggy Meadows Herd sire ARO Mr 906, is loaded with extreme cow power. As you study his pedigree on the topside you will find Red SSS Ambush, Red SSS Endorse, both ground pounding performance plus maternal and efficiency sires. On his bottom side SAV Final Answer carrying low birth along with growth with excellent udder quality, as well as is grandam stemming back to the great Crowfoot lineage. With his excellent growth curve from 74lb. BW to a 1,313lb. YW, '103' backs it up as an individual.

FOCUS

One of the highest ratioing sons of ARO Mr 906, with a weaning ratio of 111 and a yearling ratio of 114. He comes by it naturally, combining Red SSS Ambush 771X, Red SSS Endorse, and Red SSS Contender 121B, all proven genetics that add extension, muscle, and rib cage. '115' himself has the power, length of spine, and rib shape that is sure to add value. His dark red hide and massive body type will definitely catch your eye- Big Time Herd Sire Prospect here. **Selling full possession and 2/3 semen interest.**

If you have noticed a trending footnote, its for good reason. These ARO Mr 906 sons are beef bulls, with added muscle, performance, high maternal and powerful. It comes from a long lineage of excellent solid genetics packed in from SSS Ambush 771X and SSS Endorse for starters. '149's dam stems back to the ever-popular SAV Final Answer 0035, which adds a proven outcross flair to todays Red genetic base.
