Retaining half semen interest on all bulls selling in the 2026 offering

*Proven  
pedigrees*

Welcome to the 9th Annual Shaggy Meadows Bull Sale. We sincerely appreciate your ongoing support and interest in our program, which has allowed us to continue growing and improving each year. Over the past 12 months, we have seen record cattle prices in the industry. It is gratifying to finally see ranchers being compensated for their dedication and hard work in raising quality livestock.

As we look ahead to rebuilding the nation's cow herd, we believe that emphasizing strong maternal traits will be crucial for achieving profitability in the future. Our focus remains on cows that demonstrate fertility, possess good udders, and consistently produce quality calves.

These attributes will be at the forefront of our breeding decisions moving forward.

We warmly welcome and encourage visitors to tour our bulls and cows at any time. Providing outstanding customer satisfaction is our top priority, and we strive to ensure that every customer has a positive experience with our program.

Jared, Michelle, Charli and Jesse Dick  
Shaggy Meadows Red Angus

This is the fifth year working with Jared Dick & family at Shaggy Meadows Red Angus. I am extremely excited to help promote this outstanding set of Red Angus & Angus power bulls. As you study the offering, you will find consistency on every page. You can see Jared's passion for the Red Angus breed first-hand in the solid program he has built around proven, quality pedigrees. These bulls work hard to produce pounds efficiently. The first time I visited Shaggy Meadows, I immediately knew this program was built around real-world, practical genetics that produce offspring that thrive in many environments. This is an exciting offering for the 9th Annual Shaggy Meadows Red Angus Bull Sale - the future is bright when you build around solid foundation females that work hard for a living. This year's offering has a value-added phenotype and muscle.

Jared develops the bulls slowly, never fast-paced, on a high-roughage diet, to ensure they retain their flesh and do not suffer structural integrity or foot quality issues from over-conditioning. This year's lineup includes extremely high-end beef bulls that add value to the Angus/Red Angus breed at the highest level! Feel free to contact any of the sales staff, Jared, or me with any questions about the sale offering.

This one should have a fan club! If you are in the market to add real-world value from nose to tail, 516 should be on your shortlist! The added rib cage and body mass are undeniable, with extra muscle infused and detail only 516 attains! Now to the best part, GROWTH, this stud broke the barrier, recording a Weaning Ratio of 115 and a Yearling Ratio of 110 among all of his contemporaries.

Here's a performance-infused, very well-constructed, added frame size beef bull! Mashing the scales at 793 lbs. for weaning, ratioing 113 and 1427 lbs. at yearling, ratioing 115! What we call pushing the accelerator to the floor kind. Hard real data trumps all, and 5100 has the ability to also add style and eye appeal for keeping back high-quality replacement females. His sire, Red SSS Turnpike 724K, is making a major statement in our herd, balancing his ability to produce pounds with extreme eye appeal in his sons and daughters.

Major highlight in this year's bull sale! This all came about from a first calf heifer, by the way, L3, his dam is a big, stout, wide pelvic, true maternal machine, backed by an extremely fertile, excellent uddered cow family that has concentrated into this holy grail of maternal greatness that is loaded with extra power and mass, body depth, along with excellent eye appeal. 502 himself has never missed a beat since he was born. We knew he was destined to become a major breed changer. Ranking in the top 10% for Weaning Weight and Yearling growth, as well as Milk. And top 3% for \$M and \$W in the Angus breed! Wait till you see him in person, this stud is massive bodied, huge topped, loaded with rear quarter muscle with soundness infused! If you are serious about adding value to your next calf crop, 502 checks all the boxes! Premium Beef Genetics would like to help promote semen sales on this stud if the new owner agrees.

Come back to the auction here, folks! We call him Horizon for a reason, this stud is extremely powerful from nose to tail with extra body depth and packed full of red meat! Recording a stellar Weaning Ratio of 118 and a Yearling Ratio of 112!! Nothing but blue skies ahead for this big-time beef bull, one that can be promoted as an AI sire if you choose! No lights, no smoke, Horizon just flat strapped on pounds fast since he was born!

RED W SUNRISE CHARLIE 409L, SIRE OF LOTS 15 - 27
