Reluctantly due to the many rising expenses and based on the uncertainty of where and when those costs appear, including Labor (especially considering the District minimum wage is double the mandated Federal level), the direct costs of many food and beverage items, rather than rising individual item prices, we’re charging an operating fee of 5% to accommodate such unpredictability and to ensure your restaurant experience is the level which you deserve. Please note this is not a replacement for the tipping nor is it a service related charge or credit card fee.
