

## G F G Quarterly Newsletter – January 2018

Happy New Year once again! Last year was one of the busiest in a long time and 2018 looks like it will continue on...lots of gigs, recording projects and more video production. Fun stuff!!! This newsletter will also be available on my website along with more up-to-date info and a complete schedule of all upcoming bookings, so please head on over there and check it out. I always appreciate constructive feedback on things like recordings, videos, website and even this newsletter, so don't hesitate to send a reply or message to let me know what you think. There have been 7 videos from our MUSIC ALCHEMY album so far and I'd like to offer you an exclusive viewing of this latest one which hasn't been released yet: **'Cactus Whiskey – Live'** featuring my friend David Gogo, award winning guitarist who played on the original recording. <https://youtu.be/AWsUUQWRQRA> I hope you enjoy this video and others like it. I'm very close to reaching a YouTube milestone for total views, which will then kick in some benefits. So thanks for watching and please leave a comment or a 'thumbs-up' if you have the time.
