

G F G Quarterly Newsletter – Jan 2021

- Even though there were a lot of disappointments and cancellations in 2020, and it seems like not much has happened, we have had a lot of nice accomplishments to look back on:
 - our album Not Far Away was released to much critical acclaim and commercial success
 - 4 singles & 4 new videos were produced locally and shared with folks all over the world
 - I personally appeared on 7 Live Stream and Video performances after March last year
 - at least 8 outdoor shows still went ahead and even a few socially distanced indoor gigs
- There are plans to release a Live Concert Album from a show we did early last year
- I have been moving forward with plans to release a long overdue solo Christmas Album
- The band also has a couple new songs we would like to record and release as singles
- Personally I am still writing songs and composing new material, practicing like crazy
- And finally I am currently building a Cigar Box Ukulele using an actual Cuban cigar box which apparently belonged to my great grandfather and could be over 100 years old. I believe there is a song inside it somewhere that just needs to get out and be heard.

NOT FAR AWAY, released internationally April 24, 2020

Live on CHLY 'Harbour City Beat' with Dave Studer Mar 3, 2020
