

# The Spirit Of Christmas SONG LYRICS

## Tracks 1 & 2

### Christmas In Vancouver

Glen Foster

- 1 Christmas in Vancouver can be so many things  
Coloured lights of red and green on city streets so bright  
Many different faces, favourite songs that people sing  
All meeting friends and sharing joyful greetings in the night
- 2 Christmas in Vancouver can be warm or freezing cold  
You bundle up for rain or snow on those December days  
Smiles on happy faces warm your heart and calm the soul  
Seasons greetings here resound in so many different ways

Bridge Everyone's together in our city on the coast  
Sharing joy and caring for each other where we live  
The Christmas spirit glows in busy stores and friendly homes  
And grows with every smile and loving present that we give

- 3 Christmas in Vancouver can mean so many things  
Family and friends we love, traditions we re-live  
But not every heart is happy  
And not every home is bright  
Christmas is a time to share, the perfect time to give

Refrain Christmas in Vancouver, Christmas in Vancouver, Christmas in Vancouver  
Christmas in Vancouver, the city that we love  
Christmas in Vancouver, we're coming home to you

### The Spirit Of Christmas

Glen Foster

- 1 The Spirit of Christmas is with us again  
The candles are lit and the fire's been fed  
Stockings are hung and the bows have been tied  
With ribbons of green and red
- 2 They're waiting for Santa to bring them some toys  
They listen for sleigh bells, they don't make a noise  
Their prayers have been said and they're tucked into bed  
They're dreaming in green and red

Chorus Christmas day will soon be here, then it's all gone for another year  
With holly berry red and ivy green, we wish you merry Christmas cheer

- 3 Now snowflakes are falling, there's ice in the air  
He calls to his reindeer all prancing in pairs  
They light on the roof top with never a sound  
And Santa steps out of his sleigh
- 4 Down through the chimney and onto the floor  
He fills up their stockings with presents galore  
Then off through the night on his merry old way  
In the spirit of Christmas day

Chorus Christmas day will soon be here  
Then it's all gone for another year  
May peace be on earth as the day draws near  
We wish you merry Christmas cheer  
We wish you merry Christmas.....merry Christmas.....ho, ho, ho, ho, ho
