

MR. COOL GENERAL CONTRACTING CO.

Specializing in Integrated HVAC & Building Solutions

About Us

Delivering Excellence in the GCC

Mr Cool is recognized as a formidable contracting and engineering force, strategically headquartered in Al-Khobar, Kingdom of Saudi Arabia (KSA). Our Guiding Philosophy is rooted in an unwavering commitment to client success, fostering enduring partnerships, and achieving excellence through dedicated service delivery. We do not just meet specifications; we define higher benchmarks for quality and reliability.

Core Philosophy & Leadership

Our success is driven by a commitment to quality and the pursuit of long-term objectives. Our highly experienced management team, including **Mr. Syed Ameer, Chief Executive Officer**, ensures project excellence through proven technical and managerial expertise.

Commitment: To be the premier choice for all air conditioning and allied engineering needs.

Partnerships: We maintain prestigious joint ventures with main contractors for Saudi Aramco and SECO, including industry leaders like Rawad International Geosynthetics Co. Ltd, Arnon Plastics, ADNOC, GEGCC and more.

Mr. Cool operates as an integrated service provider, specializing in two key verticals to deliver comprehensive solutions for large-scale industrial, commercial, and residential complexes.

HVAC & Mechanical Solutions (Core Competence)

We are recognized as highly efficient HVAC contractors specializing in end-to-end air conditioning, ventilation, and specialized cooling requirements.

Service Category	Scope of Work
A/C Installation	Installation of Package, Central (up to 200 Tons), Concealed, Split Units, Cassette A/C, and Free Stand Vertical A/C.
Ducting & Ventilation	Supply, Fabrication, and Installation of all ducting works, including rectangular, round, and spiral ducting in single skin and double skin. Includes Fire Dampers, Volume Dampers, and Linear Grills.
Piping & Cladding	Complete installation of Aluminum Cladding for chilled water piping systems and copper piping installation
Specialized Cooling	Design, Supply, and Installation of Cold Room and Freezer Room units
Maintenance	Long-term (e.g., 6 years) and large-scale A/C maintenance contracts (up to 1500 units).

Heavy Equipment Rental

Mr. Cool operates a dedicated Equipment Rental Division that functions as a critical enabler for major construction, oil & gas, petrochemical, and industrial projects across the region. We provide reliable, modern machinery to ensure project continuity and efficiency.

Scope of Supply

We specialize in providing maintained, certified equipment and dedicated technical support, focusing on the following areas:

Category	Equipment Examples
Heavy & Light Lifting	Cranes (Crawler, All-Terrain, Truck), Boom Trucks, Forklifts, Scissor Lifts, Man Lift Telescopic.
Earthmoving & Excavation	Bulldozers, Graders, Excavators, Wheel Loaders, JCBs, Bob Cats and many more.
Power & Transportation	High-capacity Generators, Diesel Tankers, Dump Trucks, Trailer Flat Beds, Commercial Buses, and light vehicles.

Personnel Supply: We include the supply of Trained, Experienced, and Certified Operators and Riggers along with the equipment.

HVAC & Electrical Spare Parts Supplies (Trading Division)

We act as a critical supplier, trading in a comprehensive range of spare parts and consumables to support industrial and contracting operations.

A/C Components: All brand air conditioning spare parts, all brand chillers spare parts, Rebuilt AC Compressors, Heat Exchangers, VRF, DX Units, and Chillers.

Piping & Materials: Copper Pipes, Fittings, Duct & Air Condition Insulation, and Fabrication Consumable Supplies.

Electrical & Safety: Electrical Supplies and Safety Supplies.

Allied Contracting & Construction Services (Expanded Capability)

In line with the market demand for integrated contractors, we execute related services crucial for project completion, ensuring seamless coordination and quality control across disciplines.

Structural & Fabrication:

Supply and installation of steel tube partitions, including H Beam and I Beam structure.

Interior Finishing:

Installation of Gypsum board, Glass partition, Civil masonry/tiles.

Electrical Systems:

Comprehensive services including Panel board installation, wiring, termination, and cable tray systems.

Civil & Infrastructure:

Asphalting services, ensuring complete site preparation and finishing.

Safety & Fire Protection:

Installation and integration of Firefighting systems.

Manpower Supply (Workforce Solutions)

MR COOL GENERAL CONTRACTING Co. is a leading provider of workforce solutions. We empower businesses with top talent, ensuring seamless staffing solutions tailored to industry needs. We are committed to innovation and excellence in meeting diverse staffing demands.

Specialized Expertise: We identify, train, and deploy skilled professionals tailored to client needs, considering quantity, expertise, and nationality.

Sectors Served:
Airports , Hotels ,
Restaurants , and General
Contracting.

Categories Supplied: We supply all categories including Hospitality, Technical, and Non-Technical staff. Specific roles include Restaurant Managers, Ac Technicians, electrical, civil, Masson, welder and laborers.

Comprehensive Support (Saudi Compliant):
We assist clients with employment obligations including iqama transfer, labor office processes, Wage Protection (MUDAD), and AJEER permit acquisition.

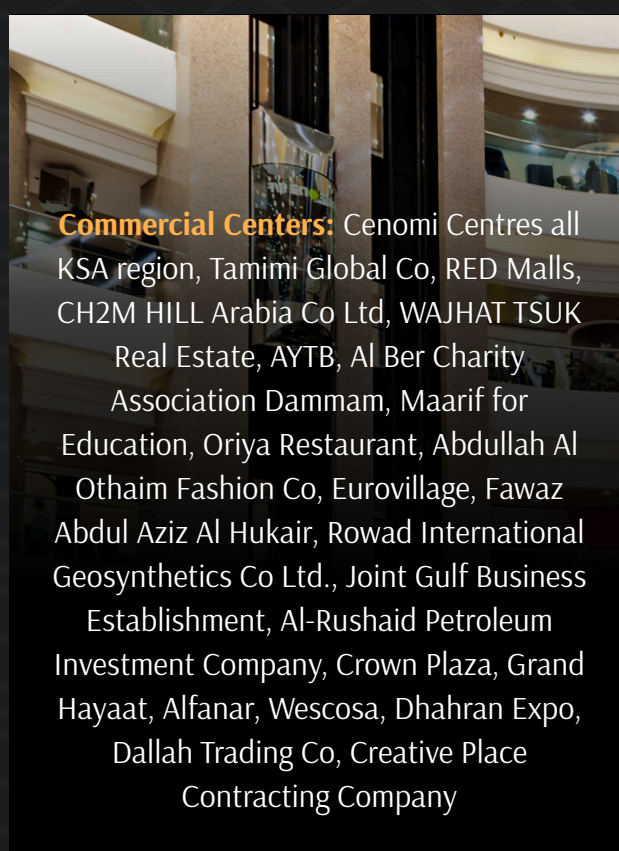

Project & Quality Management

Our approach to project execution is rooted in providing superior service that is in compliance with Safety, Quality, and Environmental Standards.

Quality Objective	Execution Principle
Compliance	All works, including supply, fabrication, and installation, are subject to stringent quality checks (e.g., SABIC Approval where required).
Reliability	We deliver services built on strong technical expertise and dedicated back-up support.
Efficiency	Services are rendered efficiently, safely, and cost-effectively to meet major project milestones.

Select Project Highlights

Our track record includes successful completion across critical sectors
