Dear Steve-

As my new role in Calling Card marketing becomes official this week, I wanted to take the opportunity to thank you for a challenging and exciting year as part of the PCS team.

Two years ago, when MCI MOMENTUM was in the initial stages of development and we were trying to figure out the maze which was cellular, PCS seemed very far from reality. Within one short year under your direction, MCI developed a targeted and coordinated strategy demonstrating that it would be a player in this new market.

From both a product and marketing perspective I have learned some invaluable lessons and developed important skills from the many opportunities and experiences my roles within your organization have provided. I am truly grateful for your support in the advancement of my career at MCI and hope that I will have the chance to work in your organization again at another time.

Sincerely,

Mary

Steve,

I would like to personally thank you for yesterday's Partner Marketing kick-off. After returning from the HSN shoot and having to revise the program review for AMEX and HSN yesterday before the boat left, I was virtually exasperated and feeling a bit low. The purpose of the kickoff and the boat ride in general was just the motivational push I needed.

Steve, I know you know how important it is to make everyone feel a part of the process, as well as the results. You reconfirmed this for me yesterday, and for that I say thank you for the "inspirational" boost.

Looking forward to continued participation in Partner Marketing's growth.

Carolyn
