Jonathon,

Earlier I took time to forward a note on one of the successes we had in our Customer Service Center. Here is Zecola then who works harder than all of us yo's yo's in Marketing combined: He actually takes the time to send this note to a Silver Customer Service rep who has now taken the note I sent her and the one Steve sent and has it on her wall.

I just wanted to let you know what a class act this guy is. I am proud to be his colleague.

Celeste, Joc forwarded your note on Mission Park. I'm the Marketing VP in the East. Great work! Keep it up, but don't make us look too bad by comparison.....

Steve
