A PLACE OF DIGNITY. A FUTURE OF POSSIBILITY.

Mayshad Community Health & Development Center | Asni, Al Haouz, Morocco

FOUNDING BENEFACTOR SPONSORSHIP • USD 180,000

A completed building is only the beginning. Your partnership can bring healthcare, education and opportunity to life.

An invitation to create a lasting legacy

Dear generous Donor ,

Following the devastating September 2023 earthquake, People to People Aid Corp. and the Mayshad Foundation envisioned a lasting community institution in Douar Tansrat, near Asni: a place where underserved families could access compassionate care, learn, gather and build stronger futures.

Today, the Center is fully constructed. Its warm earth-toned architecture, natural light, locally responsive materials and beautiful setting reflect a deliberate conviction: people living in marginalized communities deserve care and opportunities in surroundings that honor their dignity.

The original project concept identified 187 families in Douar Tansrat and approximately 500 additional families in neighboring villages as its intended community reach. The Center is designed to combine primary healthcare and preventive education with community development, women's skills training and entrepreneurship.

We invite you to become a Founding Benefactor through a contribution of USD 180,000: USD 40,000 for medical and community furniture, fixtures and equipment (FF&E), and USD 140,000 to underwrite the first 12 months of staffing, healthcare delivery, community programs and operations.

We would be honored to recognize your generosity with a permanent Founding Benefactor plaque and to name both the Community Kitchen and the Medical Treatment Room in your honor—or in honor of a person you designate—under a mutually agreed recognition arrangement with our project partners.

Your gift would not merely support a building. It would help a mother access medical care, a family learn about prevention and nutrition, and a woman develop culinary and entrepreneurial skills that could strengthen her independence.

With sincere appreciation,

Wasseem Kabbara
President, People to People Aid Corp.

About the initiative and its partners

People to People Aid Corp. is a U.S.-registered 501(c)(3) nonprofit engaged in humanitarian assistance and initiatives that help underserved communities access essential support and opportunity. In this initiative, P2P is a nonprofit partner supporting resource mobilization and donor engagement.

The Mayshad Foundation is the local project partner. The original concept combines post-earthquake recovery, primary healthcare, education, rehabilitation-oriented support, environmental awareness and women's empowerment. Direct Relief International has supported the broader initiative. This appeal concerns equipment and first-year operations, not construction.

The Center's planned activities

Primary healthcare and prevention

Basic consultations, screenings, first aid, health education, hygiene and appropriate referrals, delivered by qualified personnel.

Maternal, child and family health

Awareness sessions on nutrition, family health and prevention, with specialized services introduced only when qualified and authorized.

Psychosocial support and rehabilitation

Community-oriented wellbeing and rehabilitation activities in collaboration with suitable professional partners.

Community education

Workshops on health literacy, sanitation, sustainable practices, and local resilience.

Women's entrepreneurship and culinary programs

A dedicated community kitchen and gathering space for cooking workshops, vocational learning, events, enterprise development and confidence-building.

Community connection

Multipurpose space for meetings, training and shared activities that strengthen social ties.

Programs will be phased in according to available funding, qualified staffing, local partnerships and applicable authorizations.

The $180,000 funding plan

The facility is constructed. The following illustrative allocation supports the final equipment requirements and a full 12-month launch period.

A. Furniture, fixtures and equipment — $40,000

Medical diagnostics and treatment equipment	**$12,000**
Treatment-room furnishings and examination furniture	$5,000
Community kitchen and culinary training equipment	$9,000
Training and multipurpose-room furniture	$5,000
Computers, administration and reception equipment	$7,000
Installation and commissioning	$2,000
TOTAL FF&E	$40,000

B. First 12 months of operations — $140,000

Medical personnel and healthcare delivery	**$43,000**
Center management and administration	$22,000
Utilities, maintenance, cleaning and security	$15,000
Medical consumables and supplies	$12,000
Community health education and prevention	$12,000
Women's culinary and entrepreneurship programs	$15,000
Community outreach and transportation	$7,000
Insurance, compliance and reporting	$5,000
Operational contingency	$9,000
TOTAL OPERATIONS	$140,000

TOTAL FOUNDING SPONSORSHIP: USD 180,000

These are indicative planning figures, subject to final local supplier quotations, staffing plans, permissions and operating agreements.

A lasting legacy of healing and opportunity

The [Donor Name] Community Kitchen

A welcoming place for women to share traditions, participate in culinary training, develop business skills, organize community events and pursue opportunities for economic independence.

The [Donor Name] Medical Treatment Room

A dedicated space for compassionate care, reflecting the belief that every individual deserves accessible medical attention delivered with dignity.

Permanent Founding Benefactor recognition

A prominent permanent recognition plaque at the Center, appropriate acknowledgment at the inauguration, and periodic program and financial updates. The precise naming design, location, terms and duration will be agreed with the donor and project partners.

Accountability and impact

The initial operating year will track clinical consultations, health education sessions, women's training participation, community activities, operating expenditures and progress toward longer-term sustainability. Targets will be finalized as services are commissioned.

The building is ready. Your support can help fulfill its promise.
