It is recommended that the committee be co-chaired by a representative from JCEA and an administrator.
- L. **Self-Directed Professional Development**: The given time after professional development used to create or prepare learning opportunities based on the professional development.

Article II – General Provisions

- A. **Amendment of Agreement:** This agreement may be altered, changed, added to, deleted from, or modified, only through voluntary, mutual consent of the parties in writing signed and ratified amendment to this agreement. In addition, between formal negotiation sessions, this agreement may be altered, changed, added to, deleted from, or modified at any time in the same manner as this agreement.
1. The Board and Association may agree to reopen negotiations and permit amendments to appropriate sections of this agreement whenever State and Federal funds over and above or reduced from those previously anticipated for the current budget year have been appropriated.
 2. The Board shall inform the Association within five (5) days of its notification of the amounts to be received in such subsequent State or Federal appropriations.
- B. **Maintenance of Standards:** Changes in the board policy will not affect this agreement. If a new negotiated agreement has not been ratified for successive year(s), the terms of this agreement will remain in effect until such ratification can take place. In the event that any clause or provision of this agreement should be inconsistent with or be superseded by any statutory provision or regulation imposed by the Federal Government, the State of Kansas, or any appropriate agency thereof, teacher protections will revert back to the clause in the most recent prior negotiated agreements that most closely meets (but does not exceed) the statutory regulations. Except as provided for in the paragraphs above, no terms of this negotiated agreement can be altered.
- C. **Savings Clause:** In the event that any clause or provision of this agreement should be inconsistent with or be superseded by any statutory provision or regulation imposed by the Federal Government, the State of Kansas, or any appropriate agency thereof, such clause or provision shall be null and void. The parties shall reopen negotiations as soon as practical to replace any provision found contrary to law. Subject to the foregoing, this agreement shall be binding upon the parties and in full force and effect, after ratification by the negotiating unit and the Board as provided by law.
- D. **Successor Agreement:** This agreement is made for a period of one year. Proposals for amendments, additions, or deletions with respect to such items are submitted on or before March 31, 2026.
- E. The maximum reimbursement paid by the District for items damaged, destroyed, or stolen shall not exceed \$750 per incident. Reimbursement for losses in excess of \$750 will be covered to the extent allowable under the District's insurance policy.

Article III – Professional Day

- A. **Student Contact Days:** The teacher duty day on student contact days is 7 hours and 50 minutes at all levels. If an appointment or unforeseen circumstance arises where the teacher may need to adjust their duty start or end time, the teacher must communicate with their building administrator/designee to make arrangements, this is not intended for teachers to create an alternate duty start and end time through the school year. During the professional day, teachers are expected to be at their assigned place of duty. If it is necessary to be away from the place of duty, teachers must inform their supervisor/designee so that the teacher may be contacted in case of an emergency.
1. **Early Childhood:** Early childhood staff with two (2) sections of classes (am/pm) will arrive 10 minutes before the morning session/student contact and be expected to stay 10 minutes after

- dismissal of students from the afternoon session. Early childhood staff with one section (full day) will arrive 20 minutes before student contact and remain 60 minutes after student dismissal.
2. **K-12 Staff:** All K-12 staff will be provided with 35 minutes of combined time before student classes begin and after students are dismissed at the end of the day. This time will be scheduled by each building to best meet their students' needs and accommodate the most efficient bus schedule for the district. The expectation is that teacher instruction begins at the official start time.
- B. **Professional Development:** An equal number of designated duty days for staff development (or equivalent as described in this negotiated agreement) will be scheduled at all levels. The length of the day on Professional Development days established on the District calendar shall be:
1. **Building Professional Development Days:** On Building Professional Development days six (6) hours of professional development, thirty (30) or sixty (60) minutes for lunch, and sixty (60) minutes of self-directed professional development at the end of the day. The lunchtime will be determined by majority teacher vote. The start time will be 8 AM.
 2. **District Professional Development Days:** On District Professional Development days the day will be determined by the District not to exceed eight (8) hours including a duty-free lunch. The start time will be 8 AM.
 3. **Split Building/District Professional Development Days:** On a split Professional Development Day, split between the Building and the District, the day will be determined by the District not to exceed eight (8) hours including a duty-free lunch and thirty (30) minute self-directed professional development. The start time will be 8 AM.
 4. **Flexible Professional Development:** One professional development day will be a flexible professional development day. Teachers are responsible for completing the district-required training (i.e., training videos, etc.) as their flexible professional development. The time allotted for training should not exceed six (6) hours of training time plus one (1) hour of self-directed professional development and be completed by the District's required deadline.
 5. **Professional Development-Non KSDE Licensed Staff:** Non-KSDE licensed staff (i.e., School Social Workers, Nurses, and Speech Language Pathologist) may develop a professional development activity plan that meets the needs of their licensing requirements and Continuing Education Units (CEU) presented to their department/supervisor and be approved by the Professional Development Council.
- C. **Workdays:** On Workdays the day will be six (6) hours, one (1) hour of flexible plan and teachers shall have a sixty (60) minute duty-free lunch. No meetings will be held; this should not be interpreted in such a way to prevent teachers from voluntarily collaborating with each other. The flexible hours shall be between 6 AM and 6 PM if they take place in the building. Each year the building leadership team will determine the date of a full designated Teacher workday in August.
- D. **Plan Days:** On Plan days the day will be six (6) hours, one (1) hour of flexible plan and teachers shall have a sixty (60) minute duty-free lunch. No meetings will be held; this should not be interpreted in such a way to prevent teachers from voluntarily collaborating with each other. The flexible hours shall be between 6 AM and 6 PM if they take place in the building.
- E. **Extended contract days** will be designated immediately before or after the contract year. The days need not be equally split but will best meet the needs of the students. These days will be arranged by mutual consent of the teacher and the administrator.
1. The day is the same length as a student contact day, seven (7) hours and fifty (50) minutes with a sixty (60) minute duty-free lunch.

2. Teachers may schedule an equal number of hours for the extended contract as long as the hours worked in a single day do not exceed ten (10) hours.

F. End of the Duty Day:

1. On the last student attendance day of each week, except for the last day of school, the duty day shall end at the same time as student classroom instruction provided the teacher's area is secured and all assigned duties are completed.
2. On days preceding holidays and vacations, the duty day shall end at the same time as student classroom instruction, provided the teacher's area is secure, and all assigned duties are completed.
3. On the last teacher duty day of the school year, teachers may leave after their flexible time has been met provided that they have completed all checkout requirements, unless a full contact day has been deemed necessary.
4. In the case of an emergency, the teacher's area must be secure, and buses must have departed for the duty day to end.

G. Work Beyond the Duty Day:

1. Elementary music; elementary physical education; Middle School Music, Band, and Orchestra teachers, not covered by a supplemental salary, who are required to be present for performances under their direction and beyond the duty day will be compensated at a rate of \$25.00 per hour. The same teachers will voucher time beyond the duty day to plan and produce programs at \$25.00 an hour.

H. Parent Teacher Conferences/Orientation:

1. Individual schools will determine the dates and times of their parent-teacher conferences each semester to meet the needs of their families, by majority vote within the designated conference week. The schools will submit the dates and times of parent-teacher conferences and orientation to Teaching and Learning for approval.
2. The date of parent-teacher conferences and orientation sessions, and where applicable, the date of release times, will be established in the Spring of the prior year or no later than the first ten (10) days of the current school year, by majority building vote.
 - a. All levels will have conferences for 12.50 hours per semester.
 - b. At the High School, 6.25 hours will be designated for Parent Teacher Conferences per semester. The additional 6.25 hours will be used for Parent Teacher Conferences regarding student's Individual Plan of Study, on a designated day of the Parent Teacher Conference week, per the District Calendar. Four (4) hours of designated building time will be set by the administration team, the remaining 2.25 hours will be flexed, either before or after the scheduled four (4) hours, to meet the need of their families.
3. Teachers who do not have classroom responsibilities or teach a regular class may elect, with permission from their administrator/supervisor, to serve an equivalent amount of time for parent-teacher conferences. This time may be served immediately prior to the teacher's start date or outside of the duty day prior to parent-teacher conference weeks.
4. The Board may, however, at any time, change the manner of parent-teacher conferences, but only as to future conferences for which it has not previously given its approval.
5. Upon the written request of either party, a joint committee of teachers and administrators shall be appointed by the Superintendent and/or designee to revise guidelines for the implementation of conference scheduling and parent orientation.

6. Orientation session hours shall not exceed 7 hours.
7. Compensation for this time (parent-teacher conferences and parent orientation) will be accomplished by releasing the faculty for an equal amount of time on days designated on the calendar as August Orientation Compensation Day, parent-teacher conference day or parent-teacher compensation day, providing students are not in session.

I. Additional Work Within the Duty Day (Building):

1. When a teacher covers for another teacher's absence, including combining classes, the teacher will be compensated at the rate of \$27.00 per hour.
2. Special Education teachers who are required to leave their regular assignment to substitute will be compensated for any missed plan time and any legally required services that are compensatory during subsequent plan times and are completed within two weeks of the original missed services.
3. The supervisor may require licensed staff to perform additional duties as may be assigned within the duty day on a rotating basis.

J. Meetings

1. The supervisor may require licensed staff to attend one meeting per week for 45 minutes outside of student contact time.
 - a. Morning meetings will end 15 minutes before student contact time.
 - b. After-school meetings will begin 15 minutes after the student contact time.
 - c. The Supervisor may extend one (1) meeting per month for an additional 15 minutes with one week's notice to staff.
2. All other meetings outside of the duty day shall be compensated at \$25.00 per hour prorated to the minute.
3. Teachers shall be provided at least 24 hours' notice of days on which they will be required to attend a meeting that will be held outside student contact time.
4. Compensation for attendance at District professional development/meetings will begin when the program begins, or the duty day ends.
5. During elementary planning days no meetings will be held, except that teachers may require attendance at meetings during the planning time to collaborate with the consent of two-thirds (2/3) or more of the teachers affected losing their planning time in the designated group. The previous sentence shall not be interpreted in such a way as to prevent teachers from consulting with each other.
6. School Improvement Team Chairs, Team Leaders, and Department Chairs may require attendance at meetings during planning time or anytime during the duty day to collaborate with consent of two-thirds (2/3) or more of the teachers in the designated group.
7. Except in the case of an emergency or within the provisions described in the paragraphs above, no mandatory meeting will be called by principals during teacher planning time.

- K. IEP/504 Meeting:** An IEP/504 is a legally required meeting set at a time of parents' convenience. General education classroom teachers are required to attend, and it is considered part of their classroom duties. Parents may require more than one general education teacher or specific general education teacher(s) at their discretion. All IEP's/504's that occur beyond the duty day shall be paid at \$25.00 per hour for all teachers.

- L. **Lunch Period Duties:** The Board agrees to provide at least thirty (30) minutes of consecutive time at the early childhood and secondary levels and forty (40) minutes at the elementary level, generally coincident with but not necessarily equal to the student lunch period, including recess time, free of assigned duties each day for instructional teachers, except for deviation in case of an emergency as determined by the building principal. This time shall not be used for meetings or parent-teacher conferences without the consent of the teacher. Similarly, non-instructional teachers will be provided at least thirty (30) minutes of consecutive time at the early childhood and secondary levels and forty (40) minutes at the elementary level, free of assigned duties, the time to be scheduled by the building principal or appropriate administrator.
- M. **Planning Time:** Planning time is part of the professional day at all levels. Teachers are encouraged to plan collaboratively during designated plan time. Principals may designate time and focus for collaborative planning within the guidelines of the negotiated agreement. Teachers may agree to participate in collaborative planning whenever time is available beyond that. This does not preclude administrators from attending collaborative planning.
1. **Early Childhood** shall be provided no less than 60 minutes of planning time each day.
 - a. The Early Childhood Coordinator/or the principal may designate the time and focus, which will not exceed 45 minutes of collaborative plan one (1) day per week during weeks of four (4) or five (5) student contact days. Upon completion of teamwork, the teacher may use the remainder of the time for individual plan. This does not include weeks with designated professional development days.
 - b. Teachers will be able to determine if collaboration occurs at the beginning or end of plan time by a 2/3 majority of the collaboration group.
 - c. Early Childhood planning time will also be scheduled using six (6), six (6) hour planning days.
 2. **Elementary** shall be provided within the student contact day no less than 60 minutes of planning time each day. Teachers whose classes are scheduled to cover plan periods are guaranteed a minimum of 300 minutes of plan a week.
 - a. Principals may designate the time and focus, which will not exceed 45 minutes of collaborative plan one (1) day per week during weeks of four (4) or five (5) student contact days. Upon completion of teamwork, the teacher may use the remainder of the time for individual plan. This does not include weeks with designated professional development days.
 - b. Teachers will be able to determine if collaboration occurs at the beginning or end of plan time by a 2/3 majority of the collaboration group.
 - c. Elementary planning time will also be scheduled using six (6), six (6) hour planning days.
 3. **Middle School** shall be provided no less than 90 minutes of planning each day. In a four (4) or five (5) day work week, a team will have three (3) team or content meetings. On weeks of three (3) days or less, there will be two (2) team or content meetings. This does not discourage teams to not collaborate. Upon completion of team/content work, the teacher may use the remainder of the time for individual plan. Teams can require the attendance of all team members at one (1) additional team/content meeting per week if half of the teachers agree.
 4. **High School:** shall be provided no less than 80 minutes of plan each day. On any given day, but no more than ten (10) days per school year, the principal may designate a portion of the existing plan time for teachers to be used for school improvement activities, provided that no teacher will be required to lose more than one half the regular allotted planning time. This schedule change may be implemented on short notice for activities critical or essential for school improvement.

5. **Alternative School/Virtual School** shall be provided no less than 80 minutes of plan each day. On any given day, but no more than ten (10) days per school year, the principal may designate a portion of the existing plan time for teachers to be used for school improvement activities, provided that no teacher will be required to lose more than one half the regular allotted planning time. This schedule change may be implemented on short notice for activities critical or essential for school improvement.

Article IV – Grievance Procedure

A. Definitions:

1. A **grievance** means an alleged violation of a specific article or section of this agreement.
2. A **grievant** shall mean a person or persons with an alleged grievance under this assignment. The grievant may choose to be accompanied by not more than five persons, unless a larger number of persons is agreeable to both parties, who may speak on behalf of the grievant if requested to do so, at any step of the following procedure.
3. **Federal Mediation and Conciliation Services** is an Agency that provides help to build better relationships through problem-solving and constructive responses to inevitable conflict. The Agency concentrates its efforts on assisting employers and employees in coping with the demands of a rapidly changing workplace.

B. Miscellaneous Provisions

1. The purpose of the process is to quickly settle any alleged violations of the agreement. Therefore, the days listed above are considered the maximum time allowed. Time limits may be extended by mutual agreement.
2. If the school year ends prior to the settling of the grievance, then the days shall be those days when the District office is open for business.
3. Failure of the administrator/supervisor to present a written decision within the time allotted at Level One will advance the grievance to the next level.
4. Grievances may be filed at the level appropriate for the requested remedy, but only with prior approval of the Superintendent or their designee. If an issue has already been discussed by all involved, the procedure may begin with Level Three with the Superintendent's permission.
5. No reprisals of any kind will be taken by any person or entity against any participants in the grievance procedure by reason of such participation. The burden of establishing reprisals shall be on the person alleging that such has occurred.
6. The employee may be represented in all stages of the grievance procedure by themselves or, by a person of their own choosing. If an employee is not represented by the Association, the Association shall have the right to be present and to state its view at all stages of the grievance procedure.

C. Procedure: Any teacher may present a grievance. Decisions must be made consistent with the terms of this agreement.

1. Level One

- a. All teacher grievances of any kind will be discussed initially with the immediately involved administrator or supervisor. If such discussion does not satisfactorily resolve the matter, and the teacher feels that he or she has a grievance under the terms of this agreement as above

provided and desires to formally present such grievance for consideration, he or she may do so.

2. Level Two

- a. Within twenty (20) days of the time an alleged incident constituting a grievance occurs, or the time when a teacher first becomes aware of the claimed grievance (or reasonably should have been aware of the claimed grievance) the grievant may present their grievance in writing on the grievance report form signed by the grievant and delivered in person to the immediately involved administrator or supervisor. If not filed with the building administrator, the building administration must be notified. A copy thereof shall also be delivered by the teacher to the Superintendent and the JCEA President.
- b. The “statement of grievance” shall name the grievant involved, shall state the facts giving rise to the grievance, shall identify by appropriate reference the provisions of this agreement alleged to have been violated, shall state the contention of the employee with respect to the provisions, and shall include a description of the remedy sought.
- c. Within ten (10) days after receiving the statement of grievance, the administrator or supervisor shall communicate their answer in writing to the grievant, with a copy to the Superintendent.

3. Level Three

- a. If the grievance is not resolved at Level Two within eight (8) days, the grievant may submit to the Superintendent the original grievance form signed by the grievant, and a request for continuing the grievance procedure. No changes or modifications of the original grievance report form will be permitted.
- b. The Superintendent or designee shall give an answer in writing no later than ten (10) days after receipt of the written grievance.

4. Level Four

- a. Within ten (10) days after the delivery of the decision of the Superintendent to the grievant, a formal request for Federal Mediation and Conciliation Service (FMCS) can be requested. Labor or management can contact the FMCS Director of Mediation Services or a federal mediator in their area to discuss the type of assistance the FMCS can provide and to make a formal request for grievance mediation. The formal written request shall be made jointly by labor and management (JCEA President and Superintendent) by contacting FMCS and following the procedures mandated accordingly through FMCS. A formal written request should provide a very brief description of the issues and the geographic location of the parties. The FMCS reserves the right to decide whether or not it will offer its services. Filing a request with the FMCS does not commit the Agency to offer services. All involved parties must sign the FMCS Grievance Mediation Agreement before a grievance mediation can begin.
- b. Notification from FMCS will be provided after receipt of the appeal request. The FMCS will hold a closed mediation process on the grievance to help each party reach a mutually acceptable resolution of the grievance by identifying the underlying interest of labor and management and exploring potential avenues of settlement.
- c. After the mediation process, the FMCS mediator shall provide its advisory resolution. A transcriber shall be present, for recording purposes, to provide a detailed report to the grievant, the administrator/supervisor, the Association President, and the Superintendent, labor, and management will provide a detailed transcript of the mutually acceptable

resolution. If both parties cannot come to a mutual decision, the grievant shall proceed to Level 5.

5. Level Five

- a. Within ten (10) days of the FMCS report, the grievant may request a hearing with the Board of Education.
- b. If the appeal is received by the Superintendent on behalf of the Board of Education at least ten (10) days before its next regularly scheduled meeting, the Board of Education shall hear the appeal at its next regularly scheduled meeting. If filed less than ten (10) days before the next regularly scheduled meeting, the Board of Education will hear the appeal at its subsequent regularly scheduled meeting, unless the president shall call a prior special meeting of the Board for this purpose. An appeal hearing before the Board of Education will be in executive session between the individual teacher or teachers and the Board of Education. The Board of Education shall consider the teacher's complaint, the written decision of the principal or immediate supervisor and the Superintendent, any relevant evidence, or oral arguments that either party desires to present, and the advisory process that was implemented through FMCS. The parties will then be excused, including the Superintendent when the Board considers the matter, unless all of the parties are recalled to elicit additional information. The grievant, however, may not present any allegation or complaint that was not presented in the preceding steps. Neither party shall withhold information, which is pertinent to the grievance. Proposed motions for Board action shall not be submitted to the Board by the administration unless they are submitted in the alternative.
- c. Within ten (10) days after the hearing, the Board shall communicate its decision in writing to the grievant, giving the reasons for the decision.
- d. The decision of the Board shall be final.

 9. If substitutes are available when administrative approval is granted, teachers may schedule two secured personal business days, which may not be canceled except under unforeseeable emergency conditions.
 10. For activities that require travel approval, the teacher will request leave in Frontline – Absence Management as part of the travel request process.
- B. **Workers Compensation Leave:** Teachers who are injured on the job as a result of an incident involving student safety or physical assault by a student and are absent from work due to doctor restrictions shall receive additional paid leave as follows:
1. If the absence is nine (9) days or less, the teacher shall receive additional paid leave for each day of absence since no workman's compensation would be payable.
 2. If the absence is for ten (10) but less than fifteen (15) days, the teacher shall receive up to five (5) additional days of paid leave since workman's compensation would not pay for five (5) days.

An opinion (concurring or dissenting) may be written by the professional employee and attached to the formal document within fourteen (14) calendar days or with an extension as approved by Personnel Services. The professional employee is aware of the contents of the evaluation report. If the professional employee believes that the evaluation procedure had not been followed, the grievance procedure may be implemented at any time.
6. If the evaluation indicates a recommendation for non-renewal, Article XV shall be followed.
7. During any conference, the teacher shall have the right to representation.
8. See Appendix C for Evaluation Forms.
9. **General Provisions**
- a. The administrator and teacher will choose evidence of progress based on needed areas of improvement. Evidence must indicate that goals have been met, or the administrator may recommend to the superintendent that the teacher's contract not be renewed. Either placement of any teacher on a Plan of Assistance multiple times or failure to make progress on a given plan could be cause for non-renewal.
 - i. Assessment results alone will not be the basis for placement on an assistance plan.
 - ii. Administrator and teacher will work together to develop a support system, which may include mentor teachers, co-workers, or other District personnel. When teachers assist one another in a voluntary observation experience, this peer assistance process shall not be used in conjunction with formal or required teacher appraisal. Confidentiality is essential in this process.
10. **Program for Professional Development**

- a. A key component of teacher appraisal is the teacher's participation in the District's ongoing Professional Development Program.
- b. The Professional Development Program will support the educational goals of the building and the District.

11. Responsibility for Teacher Appraisal

- a. The principal of each school is responsible for the appraisal of professional staff members assigned to his/her building. In carrying out this responsibility, principals may involve assistant principals or designated administrators. It must be stressed, however, that the building principal is ultimately responsible for the teacher appraisal of all his/her teachers and must therefore retain a high degree of involvement which will allow him/her to make an intelligent judgment in each case.
- b. In some cases, a teacher's appraisal will be the responsibility of an appropriate administrator rather than a building principal. All the principles and procedures which apply to building-level teacher appraisal apply also to a teacher appraisal conducted by one of these designated persons.

12. Professional Performance Goals

- a. The basic purpose of setting goals is to improve some aspects of the teacher's performance or area of responsibility and therefore contribute to the implementation of the School Improvement Plan.
- b. Goals should be SMART (Specific, Measurable, Attainable, Reasonable, and Timely). A measurable goal states clearly the evidence required for documentation of progress. Professional Development Plan goals, evaluation goals, and applicable licensure goals should closely relate.

13. Appeals Process

- a. If the teacher thinks the appraisal is unfair, inaccurate, or incomplete, the teacher shall attempt to resolve the matter with the administrator who made the appraisal. If the matter is not resolved, the teacher shall have the right to appeal the matter to the Executive Director of Personnel Services of. The teacher is afforded all the protections of K.S.A. 72-2411.

KEEP2 will continue in the school year. Summative evaluations will occur according to previously established cycles. This appraisal system will be continually monitored for reinterpretations as needed.

Article X – Teacher Discipline

- A. It is agreed that informal disciplinary actions are the first steps taken in constructive discipline and are to be taken by administrators in situations of a minor nature involving the teacher's conduct or job performance. Disciplinary actions will be administered in a fair and equitable manner, and, where practical, in a private manner with an appropriate substantive investigation of the key individuals involved.
- B. The information regarding proposed and implemented discipline of teachers shall be considered confidential, privileged information, only to be released to administrators who work with the teacher, the superintendent, and, if appropriate, to the Board of Education. The teacher may release information regarding the discipline to any appropriate party.
- C. Discipline of a teacher will be progressive and/or sequential, and appropriate to the severity of the infraction, except in those situations that constitute a breach of board policy that could impair the

effective operation of the school, or a potential criminal violation. The sequence of discipline shall be as follows:

1. Counseling shall be the first step to a minor infraction such as lateness to work, professionalism or professional responsibilities. Documentation may occur for the record, but no written record will be placed in the professional employee's personnel file.
 2. Oral reprimand transmitted directly to the teacher, acknowledged by the teacher, and recorded in the building personnel file only as the existence of the reprimand, without extensive detail.
 3. Once the administrator determines that a written reprimand is necessary, a face-to-face meeting with the teacher shall occur within three (3) business days unless there are extenuating circumstances. It shall contain sufficient details of the incident to allow understanding by the teacher who shall submit a written response to the allegations within three (3) business days unless there are extenuating circumstances. The response shall be attached to the reprimand, and both will remain in the teacher's building personnel file. There shall be no further appeal of the reprimand. A series of oral reprimands can be grouped together under unprofessional behavior.
 4. In the event of the failure of a teacher to correct the behavior identified in the written reprimand, the teacher may be placed on a written behavior plan and a timeline for meeting those expectations. The written behavior plan shall provide an opportunity for the teacher to object in writing to elements of the plan within three (3) business days unless there are extenuating circumstances. Any objections shall be resolved by the Superintendent, or Associate Superintendent within five (5) business days unless there are extenuating circumstances.
 5. If the teacher does not satisfactorily meet the goals of the behavior plan, or if the teacher's behavior becomes insubordinate, the immediate supervisor shall notify the Executive Director of Personnel Services. The Superintendent shall have the authority to suspend the teacher with pay, pending further review. With permission of the teacher, notification will be sent to the JCEA President.
 6. Any reprimand or written behavior plan that is resolved may not be referenced after 13 calendar months and shall be purged at the end of that school year.
 7. If the teacher does not correct the issues identified as the basis for the suspension with pay, or if the behavior is serious enough to warrant termination of employment, the Superintendent will notify the teacher of the intent to recommend suspension without pay to the Board of Education. All protection pursuant to Article XV of this agreement will be followed.
 8. The administration shall notify the teacher in advance of any potential disciplinary action when setting up a meeting. The teacher is entitled to be represented in any disciplinary proceeding under this provision.
- D. The Discipline Committee will review Article X-Teacher Discipline and make recommendations for changes, additions, amendment to the Negotiations Team.
1. The discipline committee will create the parameters of a behavior plan to ensure that it does not circumvent due process.
 2. The discipline committee will consist of four (4) members appointed by the President of JCEA, and four (4) members appointed by the Superintendent.

Article XI –Contract Year

Length of Year

1. A calendar committee shall consist of twelve (12) people, six (6) appointed by JCEA and six (6) appointed by the superintendent or designee. It is recommended that all school building levels (EC, Elem., MS, and HS) be represented on the committee.
2. The calendar committee will provide three (3) calendar options meeting the board of education's priorities that comply with the negotiated agreement, not later than the second week in December, for teachers to vote on, prior to BOE approval.
3. The BOE will only consider the calendar that receives the most votes by the teachers.
4. If the BOE rejects the calendar the committee will reconvene to address BOE recommendations and send the revised calendar to the BOE for consideration.
5. The length of the contract year for the school year 2025-2026 will be 189 days.
6. Holidays and breaks shall include Labor Day, Veteran's Day, Martin Luther King's Birthday, and Memorial Day on the day in which they are observed by the State of Kansas or the Federal Government, Thanksgiving Break, Winter Break, and Spring Break.
7. To comply with Article 3, Section B, number 4, a workday will be designated in August.
8. When adverse events result in a loss of student time, both parties recognize the board has the authority to add additional student contact days to the end of the school year to meet all State of Kansas requirements. The board and the bargaining unit agree it is in the best interest of both parties and authorize the superintendent and the superintendent's designee to meet with the JCEA president and JCEA designee to discuss a plan to recover the lost student time. Both parties also recognize there may be alternative solutions that will recoup the lost student time, and agree it is in the best interest of staff and parents to timely develop and implement a plan. Therefore, the authorized representatives are empowered to make the decision on how the lost student instructional time will be recouped and both parties waive a formal ratification vote on the change or changes to the terms and conditions of employment affected by the plan. The authorized representatives of both parties will have three workdays to review and either accept the tentative plan or propose further changes. If no agreement is reached within this time, both parties may agree to reconvene to continue discussions or extend the deadline.

Article XIII – Reduction in Force

A. Reduction in Force

1. If, at any time, in the judgment of the Board of Education, a reduction in staff is necessary, the following procedures will be used.

- a. To the extent the Board considers practical, the reduction will be accomplished through attrition.
- b. If the Board determines that the required reduction cannot be accomplished entirely through attrition, the Board shall give written notice to the Association of its intention to implement a reduction in force.
- c. The Board retains the sole discretion and authority to determine the number of teaching positions to be reduced and the specific employees to be laid off. In making these decisions, the board shall consider tenure, certification, seniority, previous experience, effectiveness as a teacher, student success, complaints of parents, levels of minority teachers, and any and all other factors deemed by the Board to be relevant to maintaining the best qualified and effective faculty for the school District. For the purpose of determining "seniority" in the application of the above sentence, a teacher's seniority shall be determined as follows:
 - i. Each teacher shall be credited with one (1) point for each year of service in Geary County USD 475.
 - ii. Each teacher shall be credited with one (1) additional point for each column on the salary schedule.
 - iii. Each teacher shall be credited with one (1) additional point for each tier on the salary schedule.
 - iv. The total of points for each teacher shall determine each teacher's seniority rank. The District shall make the initial determination of the teacher or teachers best qualified for each position to be retained and if it is determined that more than one teacher is equally qualified, the District will calculate the seniority rank of the teachers as set forth above and the teacher with the higher rank will be retained.
- d. Personnel to be laid off shall be provided written notice of termination by the third (3rd) Friday in May.

B. Recall Procedure

1. If the Board of Education has declared a reduction in staff is necessary and has given written notice to the Association as required under A.1. above, the following procedures will apply:
 - a. As teachers are selected for layoffs, their names will be placed on a list in the order of their selection. When the list is complete, a copy of the list shall be dated and given to the Association. If necessary, additional lists may be completed, dated and a copy furnished to the Association.
 - b. After implementing such a reduction procedure, each list of names of teachers laid off because of such reduction in staff shall be maintained for two years from its date. Any teacher who has been so laid off shall no longer be considered an employee and shall have no employee rights or benefits other than those required by law, except that such teacher shall retain the right to file a grievance pursuant to Article IV in connection with any alleged violation of their recall rights under this Article. It shall be the responsibility of laid off teachers to keep the Executive Director of Personnel Services informed of their current address and any changes in teaching qualifications and certification.
 - c. If a vacancy occurs within the two-year period specified in paragraph 2 above for which any teacher named on the list is certified/licensed and is considered by the District to be the best qualified, and the position cannot be filled from teachers then currently on the teaching staff, the position shall be offered to the best qualified teacher on the lists for the position to be filled. The determination of whether teachers are similarly qualified shall be made by the

District and shall be binding upon all concerned. In the event more than one teacher is considered similarly qualified, the position will be offered to the teacher with the highest seniority rank. The normal employment factors, as set forth in Section A, subsection C above will be utilized by the District to determine the teacher that is best qualified to fill the position, and this determination shall be binding on all concerned. A vacancy shall not be deemed to exist for purposes of this paragraph if the position may be filled by a non-probationary teacher currently on the teaching staff. Similarly, the District shall not be obligated to offer any teacher a position of greater full-time equivalency than that teacher had when they were laid off.

- d. Any teacher re-employed by recall shall be given salary, related benefits, and the experience level to which they were entitled when laid off. No teacher shall lose re-employment rights by securing other employment during the layoff. Time during the lay off period shall not be counted, except that appropriate credit on the salary schedule may be given for teaching experience in a KSDE accredited school as if continuously employed with USD 475.
- e. If any teacher named on the list waives recall rights in writing, fails to accept recall to a position for which the teacher is qualified, fails to respond within six (6) calendar days of a recall notice sent to the latest address which the teacher has furnished, or fails to report for duty and accept the position, the name of such teacher shall be removed from the list and such teacher shall have no further recall rights.
