## **Company Assurance**

IEPD, Inc. continues to service programs, educators and customers through virtual means. This includes virtual training, coaching and consultation services. We are developing additional training opportunities as we continue to explore innovative ways to serve the early childhood and out of school time field.

While our office is just beginning to reopen, we continue to hold virtual meetings that are scheduled regularly to support our staff and our work.

We realize these are uncertain times as the world navigates this pandemic. We miss seeing you in person, but we remain committed to our work and to you, even if it needs to be virtually for the time being.
