

September 2021

Greetings,

If we've learned anything this past year, it is how to make the best of tough situations. Many of us have adopted new ways of thinking, working, and being, based on the changes we've had to make this year. At IEPD, we're doing the same. We've [stepped up our game](#) when it comes to digital learning, with options for at-your-own-pace online courses, long and short format trainings, and live webinars that offer a face-to-face learning experience from the comfort of your own home.

We are pleased to announce our new ***Bundled Training*** packages with deep dives into topics that you can apply directly to your work and career goals. Each package includes a little of the best that we have to offer - ways to learn remotely, with live presenters or on your own time, in short workshops or five-hour CEU trainings. Select a package that meets your professional needs, choose the training opportunities that work for you, and go deep into a learning experience that will serve you for years to come. This month, we are launching this opportunity with our [Preschool Bundle](#), with more topics coming in 2022.

This month, as you bring out fall sweaters and get ready for the school year ahead, consider how you want to take your next steps forward. We'd be honored to join you on your journey.

Warm regards,

Jody Figuerido, Ph.D.

IEPD President
