

Hey SQL Learner!

Welcome to **the SQL Mini Challenge- Beginner Level** . You're about to begin a 10-day practical journey designed for absolute beginners using real-world SQL projects.

Each day, you'll receive a PDF with 5 SQL queries (2 solved in video + 3 for you to solve).

Submit all answers by the deadline and claim your certificate!

Let's dive into SQL, the fun way 🚀

• Challenge Duration	• 10 Days
• Challenge Level	• Beginner
• Start Date	• Whenever you begin your challenge
• Last Date for Submission	• Within 12 days from your registration date (10 days challenge + 2 days grace period)
• Certificate	• Given to those who complete all 10 days

How the Challenge Works

- Watch the daily video (2 queries solved)
- Comment “Done” on that day video
- Download the daily PDF
- Practice your 3 task queries daily
- Submit screenshots of codes + result before deadline
- Get your certificate!

BASIC REQUIREMENT:

MYSQL WORKBENCH (OR ANY SQL PLATFORM YOU PREFER)

CERTIFICATE OF COMPLETION

- FOR PARTICIPANTS WHO COMPLETE ALL 10 DAYS
- Daily submissions will be prioritized
- CERTIFICATES ARE LIMITED
- ISSUED BY Data Pencil : ISO 9001:2015 Certified by QSC (Quality Standard Certification), Registered MSME under UDYAM, Govt. of India

 **YOU CAN UPLOAD YOUR PROJECT & CERTIFICATE TO:**

- LINKEDIN (LICENSES & CERTIFICATIONS SECTION)
- PORTFOLIO WEBSITE / GITHUB
- RESUME (PROJECTS & CERTIFICATIONS SECTION)

THIS DEMONSTRATES HANDS-ON SQL SKILLS, CONSISTENCY, AND REAL-WORLD BUSINESS CASE EXPERIENCE.
