Dear CKV Families and Friends,

As we come together for this season of gratitude and generosity, we are reaching out with a heartfelt request. Catalina Kid Ventures has proudly served the children and families of Avalon for nearly 40 years, providing a safe, nurturing, and developmentally rich early learning environment for our youngest community members. This work has been possible because of our amazing teachers, past and present, and the tremendous support from families like yours.

This Giving Tuesday, December 2nd, we invite you to help us spread the word!

Every donation—big or small—directly supports classroom materials, teacher support and training, operational stability, and the creative, joyful learning that makes CKV such a special place for our children.

Thank you for being part of the CKV family and for helping us ensure that Catalina's children continue to learn, grow, and thrive. Together, we can keep the joy of learning alive for generations to come.

With gratitude,

Stacy L. Massey
