Add The Voice of Reason to your weekend lineup!

The Next Generation in **Talk Radio**

Bring the next generation in talk radio to your airwaves! With quotes from Ben Franklin to South Park, The Voice of Reason gives you a new and unique perspective on the issues of today.

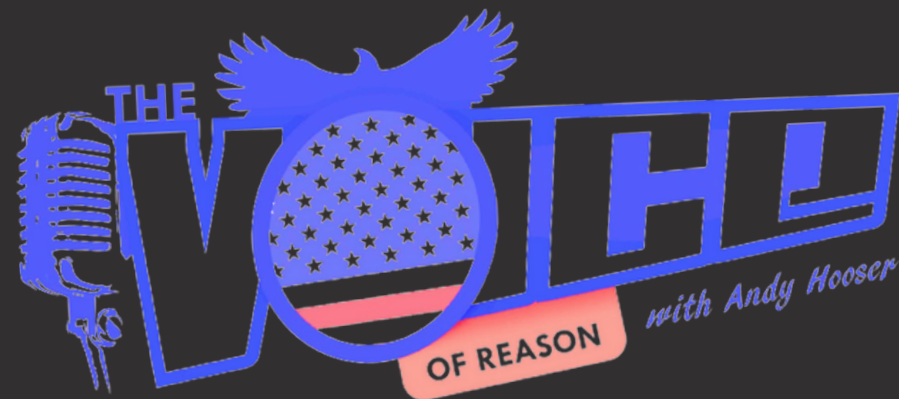

About the Show

The Voice of Reason is a nationally syndicated conservative talk show that focuses on activism at the local level. The show discusses current events while applying Constitutional principles, traditional values, and logic to the issues of today. Being a millennial, Andy has a unique perspective on the struggles of our time, and tries to apply common sense, logic, humor, and sarcasm to the show. Andy believes the best way to approach the tough talk is with sarcasm, humor, and civility.
