FULFILLING OUR LADY'S MISSION

Our Lady's Message: August & Sept, 2025

September: "Dear children! May this time for you be a time of prayer for peace. Thank you for having responded to my call."

August: "My little children, my beloved ones; you are chosen because you have responded, you have put into practice my instructions and love God above all else. Therefore, little children, pray with all your heart that my words may be realized. Fast, sacrifice yourselves, love out of love for God Who created you, and be, little children, my extended hands to this world that has not come to know the God of love. Thank you for having responded to my call."

(With Ecclesiastical approval)

Message from Pope Leo XIV

Pope Leo XIV gave a direct and personal message to all youth during the 36th annual Medjugorje Youth gathering,
"Walk together, support each other, and inspire one another.
Remember: no algorithm will ever replace an embrace, a look, a real encounter—not with God, not with our friends, not with our families. There is a language stronger than any barrier: the language of faith, nourished by the love of God."

Dear Brothers & Sisters,

Our Lady of Medjugorje

In the wake of Vatican II, the Catholic Charismatic Renewal began to gather strength across the United States. By the 1970s, Florida had become a hotbed of this movement, with numerous conferences, prayer groups, and healing ministries emerging.

In April of 1975, 50 years ago, my father and mother, Bill & Lee Callaghan, with their board of directors, formally incorporated the non-profit, Spirit of God Community, Inc., which we all now recognize as Pilgrims' Peace Center!

At the time, the organization grew to 500 active members, and 50 different ministries, including feeding the poor, providing homes for children without parents, and managing a bookstore where revenues were reinvested into the needs of the ministries.

It's hard to believe I was 11 years old when the Spirit of God community started converging in Clearwater to pray, and to pray in tongues no less! I remember the kindest people in and out of our home on a regular basis, especially Sister Briege McKenna, Father Michael Scanlan, Father Richard Rohr, and Sister Anne Williams. They played a big role in my little life back then. Bishops, Monseniors, and Cardinals were our regular guests. These figures were not publicly so well known at the time, but each truly exuded the love of God back then as they continue to do so now. To this day, for those still alive, you will hear them speaking of this special time in history where the re-igniting of the Holy Spirit lead them each to their growing and ongoing ministries.

My father and mother passed the organization onto Henry Libersat, then Henry passed it back to my mother, then she passed it again, onto Mike and Sandy Tobin. Over these 50 years the organization grew from a local prayer community, to hosting 3000 person conferences, to speaking across the USA, to 37 years of international pilgrimages to Medjugorje. All the while this community has had humanitarian works at it's core, thanks be to God.

Now, the torch is passed once again. In September, 2024 Sandy and Mike asked that I lead it forward. After prayer and signs, I was compelled to say, 'Yes'. My mother, Lee, is still alive, and on our board of directors. In her immense wisdom, she has reminded me many times, "Expect to be surprised by the Holy Spirit and go where it leads."

So we go, all of us together, listening to the Holy Spirit, and doing the best we can to be obedient. May Our Lady pray for us and cover us with Her Mantle. May this community continue to grow, and may the souls we serve be drawn closer to Our Lord.

Mother's Day in Medjugorje

Deepening the Faith One Pilgrim @ a Time

In May, 2025, Pilgrims' Peace Center traveled once again to Medjugorje, in service to the mission of our Mother Mary. Mary's mission is simple, to lead souls to Her Son, Jesus.

The experience is different for each Pilgrim who travels to Medjugorje, but over the many trips we've guided, there are a few consistent themes.

- ✦ A deepening of one's faith
- ✦ Unexpected surprises, even miracles
- ✦ An overall great experience
- ✦ A desire to become part of Her mission

Indeed there were surprises during our May pilgrimage! On Mother's Day, not only did Zlata and her whole team treat us to a special Mother's Day brunch, we were also treated to a **private** mass celebrated by our spiritual director, Father Michael Dion, in the recently built Surmanci-Devine Mercy Chapel! As if that weren't enough, at the Croatian evening mass, the **NEW POPE, LEO XIV**, was elected! Can you imagine that moment? Thousands of people gathered for mass, bells ringing, shouts of singing and rejoicing in gratitude that the Holy Spirit had lead us to a new chapter! Here is a video clip capturing that moment in time when the bells were sounding. What a gift it was!

The Power of the Blessed Rosary Beads: A Pilgrim's Testimony

In Medjugorje, I purchased a bag of Rosaries and had them blessed by Our Lady and by Father Michael Dion. When I returned home from the pilgrimage, I gifted the rosaries to several friends and family members. Within the following months, several events transpired that were nothing short of miraculous. One friend had a mass surgically removed, and her doctors were baffled that the mass came back benign. Another finally got physical custody of his child after many years of estrangement. I, myself, experienced the healing of family relationships that had been strained for years. I believe wholeheartedly that all of this is fruit from my trip to Medjugorje, from Our Lady, and Her Son Jesus.

Thanks be to God.

PPC Humanitarian Works: *Mended Hearts*

by Sandy Tobin

Twenty-eight years ago (1997), I had a “chance” meeting with a woman I had never met in a Medjugorje restaurant called, 'Columbo's'. She gave me a postage stamp size photo of a 2 year old who was dying from a hole in her heart. There was only a last name and she was “somewhere in Central Bosnia” where there was still fighting going on due to the war. The woman said the child would be impossible to find and was probably dead by then anyway. Obviously, she didn't know that when Our Lady gets involved, nothing is impossible!

We found little Nermina! Our daughter Christy flew back over to get mother and child as soon as everything was arranged; travel and surgery. When they arrived in Tampa, FL, Nermina's lips and fingernails were blue. The open heart surgery saved her life!

Days later, she was playing in our living room and starting to speak English. A year later, we got political asylum for Nermina, her 6 yr old sister, and their parents.

Nermina excelled in school, was Valedictorian of her high school class, got a scholarship to college and earned a Bachelor's Degree, Masters Degree and finally a PhD in Chemistry! Today Nermina does medical research! Nermina is a sweetheart, the most thoughtful, loving young woman you'd ever like to know.

On June 11, 2025, Nermina got married to an equally wonderful young man and we were 'guests of honor'. That distinction, as we all know, goes to Our Lady, because the obstacles along the journey could only have been overcome with her Motherly Intervention. Look what Our Lady did....starting with only a tiny picture of an angelic face that belonged to a child whose mother had been told to “just let her die!” The distinction also goes to you, each donor who provided the means to bring, not only Nermina, but her whole family, to America, and provide her a life-saving surgery.

Our hearts are overflowing with gratitude and love for those of you who contributed to mending Nermina's heart, and the hearts of her family. What a privilege it has been for all of us to be a tiny part of Nermina's story and to work so closely with Our Lady on the things that matter most!

A Pilgrims' comment answering the survey question, "I'm just disappointed that there's nothing above excellent."

We agree Željka, you're above excellent!!

Pilgrims' Peace Center Guide, Željka Rožić !

One of the most unique and valuable aspects PPC pilgrimages is our guide who accompanies us each day, Željka Rožić. When Vicka Ivankovic-Mijatovic, started seeing the apparitions of Mary in 1981, her first cousin, Željka Rožić, was close by. Dreaming of being a journalist at the time, Željka knew that her path would be taking a different direction. Hundreds, and quickly thousands, of people started pouring into her small village, with no parking lots, no hotels, no eateries...so what's a girl to do? Well, as we would hope any good Catholic would do, she, and all the surrounding families, received people into their homes! They never charged anything and sacrificed their own bedrooms and food for the sake of their guests, even to the point of going hungry themselves. The force in numbers demanded infrastructure be built; utilities, sewage, water, garbage, paved roads, expanded housing, places to eat HAD to be provided for the sake of pilgrims traveling from all over the world. Like most of the locals, Željka's hospitality was organic and eventually turned into a life-time of service. Pilgrims consistently comment on how extraordinary it was to be guided by someone who had lived the Medjugorje story since the very beginning, who had a breadth of knowledge that only a family member of a visionary could have. They said Željka led so lovingly and cared so deeply about their personal experiences. THANK YOU ŽELJKA!!!
