

Vidato interiors UK throwing shapes at JFS 2024

Vidato Interiors hit the ground running at this years Furniture Show with their ranges Silvano and Claudio, which were wonderfully received by our visitors, thank you. The beautiful scalloped shapes of the Silvano in a soft open weave looped fabric and the Stunning Reimagined Underground fabrics used on the Rebel Sofa, really showed what our skilled upholsterers can do. These products remain in the UK where we will find the best way to show them to you if you didn't manage to see them, - if you would like a visit from our team, please do get in touch and we will pop by!

Vidato have capacity to work with you to retail the best upholstery out there. A friendly, relaxed team work in the Netherlands to fulfil our UK orders to the highest specifications and can undertake contract, project, bespoke and retail needs on a daily basis. We specialise in high end upholstery skills on shape and pattern over the course of a design.

A Thank You from the ione360 team

We were over the moon with the response to the ione360 My Room Planner application that we demonstrated on the shared Vidato stand at JFS 2024, thank you so much. The team didn't speak with anyone who couldn't understand the benefits of the url based, in store Roomplanner and everyone agreed with us that the future of retail is changing, and it is important to be ahead of the game with the changing landscape. We spoke with Suppliers who wanted to onboard and get their products available on the Room Planner for Sales staff to incorporate in their sales everyday. We also were happy that retailers themselves pictured their staff using the planner with ease and saw the many future benefits for trialling in store. We look forward to the coming months where we see the Room Planner integrating with manufacturers and retailers in the First UK launches. If you would like us to visit to talk you through what the technology can do for you - be you manufacturer or retailer, please don't hesitate to contact us.

As ever we would like to say thank you for all your support at Bluebird Agents, and let you know that we are here to demonstrate our products whenever you should need. We genuinely only work with businesses that we feel are amazing, and we want you to see how amazing they are too! If you would like to be with the first implementors of our UK launched businesses, please get in touch and we will come and show you what they can do.
