

# **BAD GUYS**

**By: Carbon Harry**

Do you, want to,  
Go and save the planet?  
I'll go, with you,  
To prove how brave I am,  
We'll glue, our hands,  
Right down to the pavement,  
And let, our friends,  
Post it on instagram!

We thought we were the good guys  
We thought we were the heroes all along

Maybe we're the bad guys after all, oh-oh-oh  
Maybe we're the bad guys after all, ya-ah-ah  
Evil centipede lookin' dudes, oh-oh-oh  
Maybe we're the bad guys after all

Today, I saw  
Something on the TV  
It said, we should,  
All buy electric cars  
I went, and bought  
A can of soup from the store  
And splashed, it on  
Some priceless works of art

We thought we were the good guys  
We thought we were the heroes all along

Maybe we're the bad guys after all, oh-oh-oh  
Maybe we're the bad guys after all, ya-ah-ah  
Evil centipede lookin' dudes, oh-oh-oh  
Maybe we're the bad guys after all

I read, a lot  
About global conflict  
I'm sure, I know  
Just who's really vile  
I won't go fight  
But I will post some comments  
And put, a flag  
In my Facebook profile

We thought we were the good guys  
We thought we were the heroes all along

Maybe we're the bad guys after all, oh-oh-oh  
Maybe we're the bad guys after all, ya-ah-ah  
Evil centipede lookin' dudes, oh-oh-oh  
Maybe we're the bad guys after all
