Serving Arizona Foster Youth

No hope, life, or path  
Fully me, strong, accepted  
I'm unexpected

2018 FACT SHEET | LOVE, PEER SUPPORT & SENSE OF FAMILY

## VISION

---

Scott Foundation has big aspirations and a different path for Arizona foster youth. We imagine a journey that changes the face of humanity and inspires our children to be their absolute best today while making tomorrow's world a much better place for all. We imagine an education and societal system focused on the power of community rather than competition; and we imagine a world where children are taught we are not separate, but instead, we are all a part of something much bigger than ourselves - *we are one*.

## MISSION

---

With a focus on developing inner wealth as we believe in making the world a more peaceful and loving place by emotionally guiding kids to make better choices through selfless service.

## WHO WE ARE & WHO WE SERVE

---

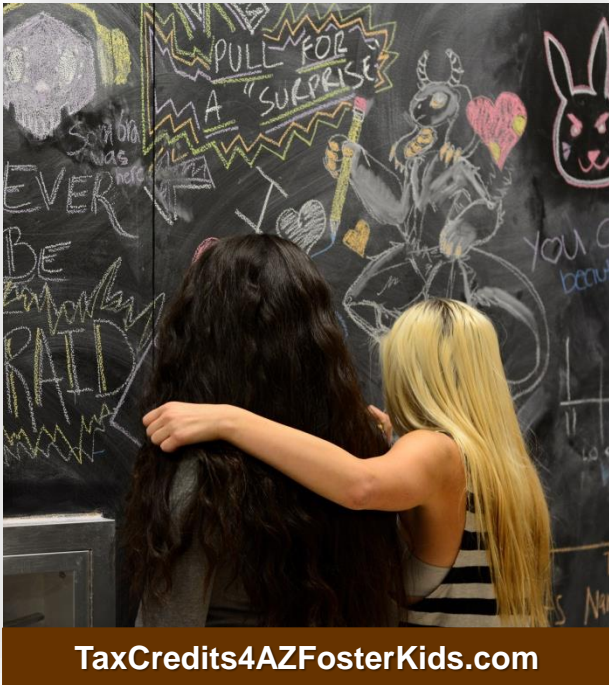

Growing next generation Thought & Service Leaders, Scott Foundation invests in the initial 4-year future of Arizona foster youth who wish to make the world better than they found it. With a focus on developing *inner wealth*, we produce year-round experiential learning that help kids develop their own purposeful vision with a mindful social impact.

- Motivated by tragedy, kids transform to find their true self and become self-supporting, successful, community-minded, "compassionate people".
- What do you leave behind?
  - What kind of person do you want to be?
  - Life/Legacy Plan – What is the history of your future?
  - If you had all the money and resources in the world, how would you make the world better than you found it?

# WHERE DO ALL OF THE CHILDREN GO?

Did you know that our State tax dollars today pay for more than **\$500,000 per child, per year** for just the most pressing issues Arizona foster kids face? This includes Substance Use & Disorders, Human Trafficking & Prostitution, Juvenile Corrections, Healthcare and Welfare to just name a few. Sadly, each of these support/social service systems have incentives to keep kids broken and in the system. Of those in care, 4,000+ kids are eligible for our Young Adult Masterclass Program which purposefully provides a safe path out of the system and onto a pridelful path of well-being and self-reliance.

**EDUCATION OF SELF, SELFLESS SERVICE, CAREER & TRANSITION**

## COMMUNITY IMPACT

Scott Foundation takes its commitment to the kids and community seriously. Too many youth are exposed to violence, poverty and crime, which in most cases leads to them repeating the cycle.

Our desired outcome breaks the cycle of poverty and violence and mindfully develops the heart and purposeful career path of foster youth. Finding true self, they become successful community-minded, "compassionate-people" with significantly decreased addictive and violent behaviors. This helps prevent the future need for more costly social and criminal justice services, but more importantly it develops Thought & Service Leaders...

All of our in-kind donations are redirected back into the community through our programs and benefit people in need. This enables young people to directly experience the joy of selfless service while fostering connections between them and needs in the community.

*"Along with developing heads, we must also develop hearts. For it is the heart alone that determines whether the power derived from knowledge will be used for positive means or negative ends."*
