

100% SCHOLARSHIP ON TUITION
100% SCHOLARSHIP ON HOSTEL
\$1,200 - APPLICATION FEES

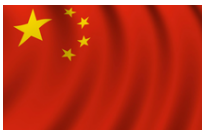

LIST OF MASTER PROGRAMS

- Management Science and Engineering
- Environmental Science and Engineering
- Public Administration (Educational Economics and Administration)
- Enterprise Management
- Safety Science and Engineering
- Information and Communications Engineering
- International Trade
- Nuclear Medicine
- Radiation Oncology
- Pediatric Surgery
- Radiologic Imageology
- Orthopaedics (School of Medicine (School of Nursing))
- Materials and Chemical Engineering(School of Textile and Clothing)
- Electronic Information(School of Transportation and Civil Engineering)
- Ultrasonic Medicine
- Critical Care Medicine
- International Business
- Electronic Information
- Electronic Information(School of Electrical Engineering)
- Land Resource Management
- Social Security
- Administrative Management
- Applied Economics
- Civil Engineering
- Art Design
- Fine Arts
- Music
- Medical Technology
- Geriatric Medicine
- Psychiatry and Mental Health
- General Practice
- Study of Fine Arts
- Nursing
- Dentistry and Surgery
- Clinical Pathology
- Humanistic Medicine
- Emergency and Critical Care Nursing
- Emergency Medicine
- Anesthesiology
- Rehabilitation Medicine & Physical Therapy
- Oncology
- Otorhinolaryngology
- Ophthalmology
- Obstetrics and Gynecology
- Imaging & Nuclear Medicine
- Control Science and Engineering
- Textile Science and Engineering
- Fashion Design & Engineering
- Public Health and Preventive Medicine
- Clinical Laboratory Diagnostics
- Surgery
- Paediatrics
- Neurology
- Dermatology and Venereology

- Epidemiology & Health Statistics
- Occupational and Environmental Health
- Nutrition and Food Hygiene
- Public Health
- Biology
- Materials and Chemical Engineering(School of Chemistry and Chemical Engineering)
- Preschool Education
- English Language and Literature
- Educational Principle
- Preschool Education
- Higher Education
- Vocational and Technical Education
- Educational Technology
- Psychological Education
- Modern Teaching Technology
- Mental Health Education
- Physics
- Mathematics
- Ecology
- Forestry Engineering
- Applied Economics
- Biology
- Food Science and Engineering
- Forestry
- Environmental Science and Engineering
- Radiation Medicine
- Medical Informatics
- Medical Biochemistry and Molecular Biology
- Reproductive Medicine
- Internal Medicine
- Immunology
- Pathogenic Organisms
- Pathology & Pathophysiology
- Physiology
- Electronic Information
- Human Anatomy & Histoembryology
- Information and Communication Engineerin
- Sports Science
- Pharmacy
- Forensic Medicine
- Special Medicine
- Mechanical Engineering

LIST OF BSC. PROGRAMS

- Environmental Engineering
- Business Administration
- Finance
- International Economics and Trade

Moment of Inertia

100% SCHOLARSHIP ON TUITION
100% SCHOLARSHIP ON HOSTEL
\$1,200 - APPLICATION FEES

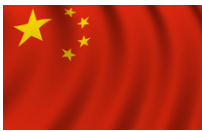

LIST OF PHD PROGRAMS

- Physics
- Foreign Language and Literature
- Information and Communications Engineering
- Metallurgical Engineering
- Environmental Science and Engineering
- Chemistry
- Civil Engineering
- Business Administration
- History of Science and Technology
- Computer Science and Technology
- Instrument Science and Technology
- Control Science and Engineering
- Power Engineering and Engineering Thermophysics
- Logistics Engineering
- Mechanical Engineering
- Safety Science and Engineering
- Mechanics (Degree of Science)
- Mining Engineering
- Mineral Processing Engineering
- Marxism Theory
- Management Science and Engineering
- Mechanics (Degree of Engineering)
- Computer Science and Technology
- Information and Communication Engineering
- Intercultural Studies
- Foreign Literature
- Comparative Literature
- Translation
- Financial Law
- Linguistics and Applied Linguistics (Foreign Languages)
- International Commercial Law
- International Law
- Intellectual Property & Anti- monopoly law
- Competition Law
- Comparative Criminal Law
- Criminal Law
- History of Middle East
- History of Viet Nam
- Educational Administration
- Educational Leadership
- Educational Sociology
- International and Comparative Education
- Electrical Engineering
- Industrial Economics
- Finance
- National Economics
- Quantitative Economics
- Airport Economy Management
- Services Science and Engineering
- Technology & Innovation Management
- Information Management and Information System
- Power System Analysis and Operation Control
- Industrial Engineering
- Nonlinear Circuit Theory and Application
- Electricity Generation of Nine Energy and Intelligent Control
- Control Science & Engineering
- Brain and Biological Electronic Information Research
- Safety and Protection Engineering
- Robot Nonlinear System Theory & Control
- Water Conservancy Information Technology
- Hydrology and Water Resources
- Water Conservancy Engineering
- Hydraulic and Hydro-Power Engineering
- High Efficiency Computer System and Computing + key technology
- Hydraulic Structure Engineering
- Artificial Intelligence
- Research on Disaster Prevention of Steel Structure and Composite Structure
- Vibration and Stability of Bridge Structures
- Composite Building Material and Structural Properties
- Physics, Modification and Processing of Biodegradable Polymers
- New Energy Materials and Devices
- Inorganic Materials
- Polymer Materials Processing Numerical Simulation

- Mechanical Engineering
- Electrical Engineering
- Control Science and Engineering (School of Automation)
- Physical Chemistry
- Optical Engineering
- Management Science and Engineering
- Software Engineering (School of Software)
- Aeronautical and Astronautical Science and Technology (School of Astronautics)
- Aircraft Structures and Airworthiness Technology(School of Aeronautics)
- Materials Processing Engineering(School of Materials Science and Engineering)
- Biomedical Engineering (Institute of Flexible Electronics
- Organic Chemistry
- Materials Science(Institute of Flexible Electronics)
- Materials Science(School of Materials Science and Engineering)
- Chemistry(Institute of Flexible Electronics)
- Business Administration
- Biomedical Engineering(Institute of Flexible Electronics)
- Organic Chemistry
- Materials Science (School of Materials Science and Engineering)
- Materials Science(Institute of Flexible Electronics)
- Chemistry(Institute of Flexible Electronics)
- Business Administration
- Polymer Chemistry and Physics
- Mechanics (School of Mechanics, Civil Engineering and Architecture)
- Design Science
- Mathematics
- Computer Science and Technology
- Materials Processing Engineering (School of Materials Science and Engineering)
- Software Engineering(School of Software)
- Aeronautical and Astronautical Science and Technology(School of Astronautics)
- Aircraft Structures and Airworthiness Technology (School of Aeronautics)
- Physical Chemistry
- Management Science and Engineering
- Optical Engineering
- Mechanical Engineering
- Polymer Chemistry and Physics
- Mechanics (School of Mechanics, Civil Engineering and Architecture)
- Information and Communication Engineering (School of Electronics and Information)
- Design Science
- Control Science and Engineering (School of Automation)
- Computer Science and Technology
- History of Science and Technology
- Mathematics
- Photoelectric Information Engineering
- Management Science and Engineering
- Environmental Science and Engineering
- Computer Science and Technology
- Virtual Reality
- Data Mining and Machine Learning
- Automata theory and model testing
- Digital signal processing, audiovisual signal processing, pattern recognition and human- computer interaction
- Signal Process in 5G- Communication, Embedded System
- Engineering Mechanics
- Foundation Deformation Theory and Control Technology
- Engineering Materials and Structural Properties
- Design and Evaluation of Infrastructure Projects
- Foundation Treatment and Foundation Pit Support Engineering
- Engineering Structure Analysis, Earthquake Resistance and Disaster Prevention and Mitigation
- Physics, Modification and Processing of Biodegradable Polymers
- Polymer Processing, Carbon Fiber Reinforced Thermoplastics
- Polymer Process Simulation
- High Performance and Functional Polymer
- Biomass Resources and Materials

.....etc.
