F. PTSC Newsletter Editor's Report: Jimmy Patitucci - The March newsletter is published and PTSC has been notified of winning National's Golden Quill Award for 2025.

G. PTSC Judging Chairman's Report: Bill Bryan - Bill presented two issues to consider on behalf of National. The first was a National NCRS Code of Conduct. They have requested Chapters voluntary adopt this Code of Conduct. Bill made a motion to adopt and Mark provided a second. The board voted unanimously to adopt.

NCRS CODE OF CONDUCT:

Every year, and on an ongoing basis, the National Corvette Restorers Society (NCRS) organizes and sponsors numerous judging, technical, social, and road tour events at local chapter, regional, and national levels. The NCRS values all who participate in these events and is committed to providing equal opportunities for all participants. The NCRS is also committed to providing a welcoming, enjoyable, and harassment-free experience for all attendees at its events, including members, guests, staff, exhibitors, vendors, and speakers.

> In order to facilitate these goals, the NCRS has adopted this binding Code of Conduct that applies to all attendees at all NCRS events over the duration of each event. The NCRS expects all members and other attendees to behave respectfully, ethically, honestly, and fairly with one another in accordance with this Code of Conduct. Because the NCRS promotes a culture of integrity, honesty, equity and fairness, the NCRS will not condone or permit harassment in any form, whether physical or verbal, at its events. All attendees at NCRS events are expected to follow this Code of Conduct. Failure to follow this Code of Conduct may result in expulsion from an event without refund, prohibition from attending future events, suspension of membership, or expulsion from the NCRS.

The second issue for consideration was a voluntary restriction on the use of NCRS funds to purchase alcohol for consumption at NCRS events. After a brief and vigorous debate, Bill made a motion of adopt, seconded by Bob. Motion passed 4 to 2. The exact verbiage adopted is "No club funds, whether from dues, donations or grants, shall be allocated for the purchase of alcoholic beverages."

H. 2026 Regional and Discussion - Bob provided an update on ordering shirts for the event. The question of T-shirts vs. polo shirts for judges was settled with a decision to purchase polos. Bob will contact Dillion to verify the sponsor information to be included on the shirts. Don reported he has received the event insurance rider from National. He also indicated the teams are set and details are on track. Several MAC Chapter members have volunteered to assist with the event as they intend to use the Altoona Convention Center in 2027 for their Regional Event. Don will incorporate them throughout. The menu for the event is set. Mike reported he's secured $8,600 in sponsorship donations. Additionally, Mark and Mike will coordinate to send invoices to sponsors to facilitate payment. Bob reminded Don that we will need extra help Thursday morning at the registration and apparel desks. Jimmy reported the event is now posted on the NCRS discussion board. As of this meeting we have 158 people and 49 cars registered to attend. Mark raised an issue concerning the overall costs of the event, especially charging registration fees to event donors and members supporting/working the event. The board agreed in principle to provide refunds and/or offset member costs associated with supporting the event. It was decided to table the discussion until after the event when the amount of the net proceeds will be known.

I. Apr 26, 2026 - All Collectors Auto Judging School and Mini Meet: Bill reported we have a '67 and '63 registered with 6 people paid to attend and 6 more planning on attending.

J. May 16, 2026 - Spring Road Tour: The next board meeting will happen in Altoona as part of the road tour. Members are to contact Don Geary to let him know they plan to participate.

AGENDA - NEW BUSINESS ITEMS FOR DISCUSSION

K. Other Ideas for the Good of the Organization: (Board Member's Name/ Topic/ Comments)

Brooke conveyed a request from National to send money to help pay for the National event. The request was debated. In summary, the Chapter felt that if the PTSC can host a Regional event and not lose money, then with the same fiscal planning, National could do the same. Norm suggested we write a letter and send it to National explaining this sentiment. However, it was

agreed that would not be well received. Mike supported the idea of donating to National, citing the Chapter has funds and could afford a level of support. Ultimately, it was felt that any donation would not generate good will or make a meaningful impact on the greater good of the National organization. This discussion resurfaced the concern about the future of NCRS as an organization. Dana paraphrased a letter from the Solid Axel Corvette Club announcing the club's 2026 shutdown plan. Their board cited dwindling membership at a rate of 100 members per year, dwindling volunteers to manage the club, dwindling support from local chapters to run national events, the evaporation of the skills and parts to maintain C1s, and increased vehicle prices putting the C1s out of reach of potential younger members. The NCRS faces the same or similar challenges and unprofitable National NCRS events are foreboding.

Motion to adjourn Board Meeting made by: Judy & 2nd by Bill: at 7:57 pm.
