

2025 PTSC ANNUAL BANQUET and MEMBERSHIP MEETING

WOW what a year and Dec 7th was a fitting ending! The PTSC Banquet was our final event of 2025 and we all had a great time, as usual at Rizzo's. The weather was excellent for December and our fundraiser for TOYS-for-TOTS brought in approx. 40 toys and around \$250 in cash, for a total value of this fundraiser to approx. \$1250. We thank Bob Thompson and his wife Darlene for stepping up and taking the gifts to the Toys-for-Tots distribution center.

We had 38 members attend and the buffet at Rizzo's was amazing. Everybody enjoyed the friendship we have developed within our Pittsburgh Tri-State Chapter since it was founded in 1990.

Our current Chairman, Brooke Madeira recognized our entire board individually for all the support and working as a team to put on a quality schedule of events for our chapter. Brooke specifically recognized member John Kuhns for always sponsoring our March Technical Session at his garage in Latrobe and Dana Smith as Secretary for the tough jobs they are handling with ease. She presented them with a plaque for their work.

Brooke updated the group about events planned for 2026 and they show a good variety to keep everybody coming back for more. Brooke and Don Geary also noted to keep in mind our upcoming Regional event in June 2026. Don started planning for members who will be helping and Mike Bucheit provided a summary of the sponsor recruiting effort.

Thanks to all who attended and hope to see more member involvement in the new year.

Don Geary
