Chairwoman's Message: Brooke Madeira

Fall has a way of sneaking up on us. One minute we're cruising through summer, and the next we're wondering if we should've packed a jacket for the evening drive. But that shift in seasons brings its own kind of excitement.

The cooler air and those last stretches of good driving weather make every mile feel a little more meaningful.

And let's be honest: this hasn't been an "average" year for PTSC. Hosting the Altoona Regional was a major milestone, and our chapter rose to the occasion. We pulled off a big event with professionalism, teamwork, and a whole lot of heart. That momentum has carried us right into fall.

Of course, not every event needs to be a Regional to matter. Our road tours, tech sessions, and summer gatherings kept the chapter connected and visible, and they reminded us why these traditions work year after year: the people. Whether you've been with PTSC for decades or just joined recently, your presence adds something to the mix. And if you're new, fall is one of the easiest times to jump in, meet folks, and enjoy the season.

Our next big stop is the **Hubbard, Ohio meet on October 17–18**, a fall favorite that blends judging, socializing, and the kind of easygoing atmosphere that makes you glad you came. If you haven't attended before, it's a great one to try. It's relaxed, friendly, and maybe the perfect excuse to give your Corvette one more outing before winter settles in.

Fall also gives us a chance to look ahead. December brings our annual board elections, and with a few positions opening it's a good time to think about stepping a little deeper into the chapter. You don't need a perfect car, or a garage full of tools to contribute. You just need an interest in keeping PTSC strong for the next generation of enthusiasts. If you're curious about getting involved, we'd love to see some new faces step forward.

As you enjoy the last stretch of driving weather, don't forget that every cruise-in, car show, or casual conversation is a chance to represent NCRS. A friendly chat here and a helpful comment there all reflect back on our chapter. "Join for the Corvettes, stay for the people" isn't just a slogan; it's the truth of this group, and fall gives us plenty of chances to show exactly why it sticks.

Thank you for your time and the enthusiasm you bring to PTSC. I'm looking forward to finishing the year strong, and I hope to see you out there.

Judging Chairman's Message: Bill Bryan

Our annual judged meet at Greenwood's Hubbard Chevrolet in Hubbard, Ohio is next up on our events Calendar.
This will be a two- day meet on October 17th & 18th on Saturday and Sunday.

It will be a five-point event if we have 10 cars registered for judging in either the flight or open class. Those aiming for the five points must judge on Saturday and Sunday. Please register online early, or you can mail your registration to me. Last minute registrations are accepted, but it's easier if you give me at least a week's notice. The registration form for this meet can be found later on in this newsletter.

The NCRS National has recently updated the Standard Deduction Sheets. To update everyone, I will hold a brief judging seminar at Hubbard on the new changes, specifically deductions for paint. The NCRS National is also introducing new initiatives to simplify the process. Paint judging will be more lenient, and over-restored paint won't be penalized as heavily as it has been in the past.

Additionally, the NCRS will offer new front license plates for national and regional top-flight participants, which will be available for purchase online at the NCRS store.

Please remember I'm always available for judging questions and any other help. My number and email are listed here on this page, so feel free to call anytime. Finally, I would also like to thank everyone for all the support I always get on judging days. It makes it a lot easier for all of us.

Hope to see many of you at Hubbard. It's always a great judged event with plenty of great Corvettes.

Thank you! ***Bill***

Annual Picnic & Membership Meeting

Photos & Write-up Jimmy Patitucci, 60161

"Rain, rain go away so we can drive our Corvettes today!"

Well that certainly wasn't the case on Sunday August 2nd when our chapter held its' annual picnic and general membership meeting at Indian Lakes Park.

Even though it was a rainy day we still had a very nice turnout. There were 28 members in attendance.

This is always one of our nicest and well attended events during the year. We see members that we don't often see throughout the year at our judging events.

While we waited for the caterer to arrive Brooke held a very short membership meeting, to update everyone on the status of the chapter. She discussed the remaining 2026 events and went over the tentative 2027 calendar of events. During this time, she welcomed any suggestions and comments from the members.

Most importantly she asked for volunteers to step up to fill the open Board positions in 2027. Those open positions are: Vice Chairman, Newsletter Editor and Outside Coordinator.

Following the meeting we were all treated to a great catered meal as well as a large assortment of desserts. No one should have left hungry, that's for sure.

We held our usual 50/50 drawing and Norm Neffield won and graciously gave the winnings back to the club.

Special thanks to Paul & Renee DiSanto and Frank & Cathy Gavron for their hard work in planning the picnic. Something they've been doing for the past several years without fail.

The picnic is scheduled for Sunday, August 15th at Oak Hollow Park, North Huntingdon.

Sadly, because of the weather no one was brave enough to bring out their Corvettes. No matter, we all had a great time socializing and enjoying each other's company.

"Remember, "It's not always about the cars it's about the people!"

Hope to see many of you at one of our future events.

JP

Brooke leading the membership meeting.

Bob Thompson giving the blessing before eating.

More picnic fun on the following page!

It's not just about the cars; it's about the people!

Membership news: Judy Geary

As of our September 10th board meeting we have 124 members. No new members to report as of this date!

Chapter dues are $20.00 and renewed each June 1st. Make checks payable to: ***Pittsburgh Tri State Chapter, NCRS. Mail to: Judy Geary 117 Caldwell Drive, Jeanette, Pa. 15464.*** Dues can also be paid using PayPal. See our website for the link. www.ncrspitt.com *Keep in mind: You must be an active paid -up member of the NCRS, Inc. to qualify for chapter membership. Please include your NCRS number when joining or renewing your chapter membership.* Also make sure you update your email address with us and the National NCRS so you can continue to receive important emails and the Newsletter!

The Pittsburgh Tri-State Chapter of NCRS was founded in August 1990. Meetings are held on the second Thursday of each month at designated and published times and locations. ***All members are welcome to attend the board meetings.*** In 2026 the board meetings will be held at the Lamplighter Restaurant in Delmont, Pa. at 6:30 pm.

***Note: Our October board meeting will be held at Greenwood's Hubbard Chevrolet on Saturday, Oct. 17th!**

2026 Remaining Chapter Event Schedule

October 17-18 Annual Meet at Greenwood's Hubbard Chevrolet, Hubbard, OH.

Coordinators: Bill Bryan/ Ken Jelley

December 6, 2026, Annual Holiday Banquet & Membership Mtg. Rizzo's Malabar Restaurant, Crabtree, Pa.

Coordinator: Don Geary

All dates and events subject to change at the board's discretion.

An Invitation to step up and start thinking about volunteering for upcoming open board positions in 2027.

Hi Pittsburgh Tri-State members, I am writing to you today because it's that time of the year when we have to prepare for elections. The chapter has had a handful of members that have been holding chair positions for a number of years. ***Actual elections will be held at the Annual Holiday Banquet and General Membership Meeting, December 6, 2026, but we need you to start thinking about running for office or doing one of the volunteer jobs.***

I am asking you to consider running for a board position, we really need some more new blood to help keep our hobby alive and active. None of the jobs are hard to do and mostly mean you get together with friends once a month, have dinner and talk about our hobby. The most critical and the blood stream of the club is the Newsletter Editor. You will get plenty of help to carry on.

I am on the nominating committee and I don't want to call every member to look for volunteers. We are all adults so I am asking you to consider running for the board. If you are willing to help preserve our hobby please email me or any current board member and we will place your name on the recommendations list.

My email is cirilli@zoominternet.net and my phone number is 724-449-3323. See you don't even have to look them up. I hope we hear from you.

Open Positions: Vice Chairman, Newsletter Editor, Outside Coordinator

Robert D. Cirilli, ***Nominating committee***

Corvettes at Carlisle 2026

Congratulations to a few of our PTSC members who received awards for their Corvettes or had them on display in the NCRS Gallery Tent this year.

"Chip's Choice Display -Family Legacy: Chip's Choice is an annual display that was started in 1990 by our late company co-founder and NCM Hall of Famer, Chip Miller. Chip hand-selected Corvettes for the display every year. Chip's son Lance Miller, continues his father's tradition and chose the theme of Family Legacy for 2026.

The Corvettes in this year's display carry not just automotive history, but family history. They have been cherished, maintained, and passed down through generations, representing memories, milestones, and bonds. Corvettes have always represented the American dream, but family legacy Corvettes represent something even deeper-the dreams we pass along to those we love."

(Info taken from page 16 Corvettes at Carlisle 2026 Event Guide)

Chip's Choice #452 Ken Jelley's 1964 Corvette (Photo: Bob Stokes)

"I bought this Corvette in 1965 in my father's name because I was only 18 years old and unable to secure financing. While serving in the Air Force, ownership was officially transferred to me in 1967, but the car has remained in our family's possession ever since."

Above from the September/October Driveline 2026

Recently the NCRS has updated and released the new Judging Reference Manual 10th Edition. Also available is the newest TIM&JG for 2008-2010 Corvettes. According to National Judging Chairman Joe Scafidi "one of the most noticeable improvements is the redesigned Standard Deduction Sheets. The new format expands to two sheets, allowing additional content while improving readability with a larger font size. The Paint Deduct Chart is now separated into two sections, one for lacquer-finished cars(53-81) and one for enamel, urethane, and water-based finishes (1981-current)."

PTSC Fall Road Tour 2026

Write up: Jimmy Patitucci, Photos: Jimmy Patitucci, Bob Stokes & Brooke Madeira

On Saturday September 12th our chapter went on a "Road Tour" to different sites in Latrobe, Laughlintown and Ligonier, Pa. This year's fall trip was organized by Mike Bucheit and John Kuhns. Once again, they outdid themselves in putting a trip together. Sixteen of our members attended. Five members drove their Corvettes, even with the threat of rain forecast throughout the day. However, the rain held off until much later in the day. We had beautiful weather to enjoy all the stops along the way.

Our first stop was at St. Vincent's Gristmill in Latrobe. Here we were greeted by two very nice St. Vincent Archabbey monks who gave us a brief history about the gristmill and the many changes it went through over the years. After a brief film presentation, we had the opportunity to purchase baked goods and other items made from the wheat milled at the mill.

The Gristmill

Grinding stones in the mill!

Items for sale in the gift shop

Next, we traveled a few miles down Rt. 30 to the "Lincoln Highway Experience" also in Latrobe. It's the largest museum in the country to tell the story of America's First Coast-to Coast Highway. While here we toured the museum and at the end we all enjoyed a slice of pie and a cup of coffee in the restored "Serro's Diner".

Mike and John outside the Lincoln Hwy. Museum

Serro's Diner

John discussing the history behind the gas station display.

Having our pie & coffee at Serro's Diner

Following the "Lincoln Highway Experience" Museum we continued on Rt. 30 about 10 miles or so to the small town of Laughlintown, Pa. John and Mike reserved us a private tour of the ***Compass Inn Museum.*** *It was established in 1799. It's an authentically restored stagecoach stop located in the heart of the beautiful Laurel Highlands. Our tour guide took us through the original Inn, blacksmith shop/forge, cook house and barn that houses an 1830's style eastern stagecoach and an authentic Conestoga Wagon.* ***(Fun Fact- A few scenes from the 2022 gothic mystery film on Netflix, "The Pale Blue Eye" starring Christian Bale were filmed at the Inn. Early in the film there's an outside shot of the Inn and the tavern scene inside.)***

The Compass Inn

Inside the Inn with our Tour Guide

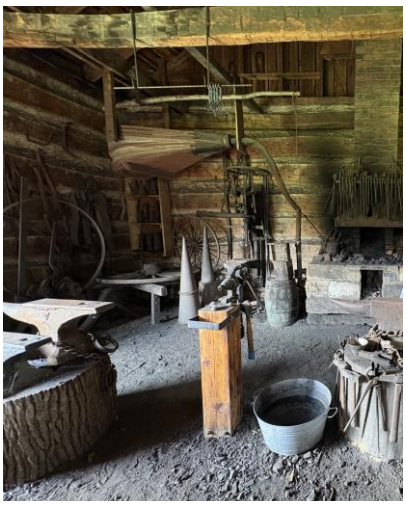

Conestoga Wagon

Blacksmith Shop

*Across the street from the Inn is the locally famous **"Pie Shoppe"** where everyone had the chance to buy fresh baked goods and awesome pies to take back home with them.*

*Next to the pie shoppe is the **"Country Cupboard"**. It's an antique shop with country crafts, decorations, candles and furniture. A perfect opportunity for the ladies (and men) on the tour to browse throughout the shop and make purchases if they wanted. The owners treated our group with homemade cookies and cold water to drink.*

*To culminate the tour, we had our own private room reserved at **"Carol & Dave's Roadhouse Restaurant** in Ligonier, where we ate lunch before heading home.*

Mike thanking everyone for coming on the road tour!

More tour photos on the following page!

Norm Neffield thanking Mike & John for all their hard work in putting together another fantastic PTSC Chapter Road Tour.

Our tour planners Mike Bucheit & John Kuhns

Being an active member of the PTSC isn't just about our Corvettes and judging meets, although those are very important and necessary to the continued success of our Top Flight Chapter. It's also about getting together on days like this to see things in our area and enjoy each other's company. Yes, we still had conversations about Corvettes, and some members drove their cars even with the threat of rain. Everyone had a really nice day, and we certainly learned many interesting facts about the places we visited that many of us just drove by over the years. Again, to Mike and John, you guys did it again. Thank you for your hard work in planning the tour. We can't wait until next year! JP

Members attending: Brooke & Mark Madeira, Bob & Sandi Stokes, Jimmy & Peggy Patitucci, Dana & Stefani Smith, Norm & Linda Neffield, Don & Judy Geary, Tom & Susan Franczyk, John Kuhns & Michael Bucheit.

5 Corvettes driven on the tour!

Members who drove their Corvettes were:

Mike Bucheit

Tom & Susan Franczyk

Don & Judy Geary

Mark & Brooke Madeira

Dana & Stephanie Smith

RPM Technically Speaking:

What is Octane?

Submitted by: Michael Bucheit #41580

Octane Rating is the measure of gasoline stability.

The Rating is based on the pressure at which gasoline spontaneously combusts.

Engines are designed to burn fuel in a controlled combustion.

A flame starts at the spark plug and burns throughout the cylinder until all fuel in the cylinder is burned.

Spontaneous combustion, also called auto-ignition, detonation, or knock, happens when rising temperature and pressure from the primary combustion causes unburned fuel to ignite.

This uncontrolled secondary combustion causes pressure in the cylinder to spike and cause the knock to occur.

Before computerized ignition was used, knocking commonly occurred and caused engine damage.

Most engine computers minimize this condition by controlling the timing of valves and fuel injection

In recent years, car manufacturers have been requiring or recommending a high -octane fuel.

If your car manual asks for 91 or 93 octane and you use cheap 87 octane instead, your engine computer will lower the power to protect itself.

You will lose Horsepower.

The large number on the YELLOW gasoline pump octane label is the minimum octane rating.

(R +M)/2 Method on the label refers to the octane testing method used.

Where R is Research Octane Number and M is Motor Octane Number.

The new C8 Corvettes require premium gasoline with an Octane rating of 91 or higher.

With 93 Octane recommended for optimal performance.

Hopefully, after reading this you now have a little better understanding of what octane is!
