Why Sponsor?

With our powersports events, the Greene County Fair Board strives to increase the economic impact of tourism while promoting the use of our fairgrounds.

Participate in 3 major events throughout the summer season that will bring attendees from across the United States

These will be season beginning and ending events. This should help draw large crowds of participants and attendees.

For one sponsorship amount, be included in 3 events spread out over the summer season reaching different crowds each time!

2026 Schedule
