River & Woods Cabin

Property Overview

The River & Woods House was started in the summer of 2021 after Sandy and Lou received a phone call from their son Clark and his wife Yen who were living in China. The news was good! They were planning to have our first grandchild in August and wanted us to build a home for them on our family lands so they could come and visit with us for part of each year. Of course we were thrilled! After going through a several month co-designing process and securing an Adirondack Park Agency building permit the house building began!

We were fortunate that the local Amish Joe Miller Sons Eli, Rueben, Johnathan, Joe and Sam and their brother in law Uriah Gingerich were willing to build for us. The cabin was built with local Amish labor and lumber. The beautiful hickory kitchen cabinets were built by Amish cabinet maker Levi Zook. The porch screens, and doors and cedar log love seat, railings, and beds were built by Dan Swartzentruber and sons.

The electrical and plumbing work was completed by Gary Duprey, Jim Finen, Brian LaRose and Kyle Tyo.
The beautiful tile work was done by John The Tile Guy.

There are three bedrooms and two bathrooms and a queen fold out option for sleeping on the porch. Two separate dedicated work spaces have adjusting work tables and overlook the treetops and river. A perfect place for those who work remotely!

The quality and craftsmanship of the cabin is infused with Adirondack design elements and furnishings to honor its surroundings and sense of place.

You'll notice a remote power system on a trailer in the side yard. The system is equipped with solar panels, batteries for power storage and a diesel generator which will come on automatically and run for approx 3 hours if needed to resupply batteries with power if solar energy production is compromised by cloudy skies!

A Little History

Sandy and Lou have renovated and built 4 dwellings on their river-front property which they rent from May - October.

The original farm house dwelling on the front of the property was built in the 1860's by Otis Cudworth who left for the civil war after the house was completed. Sadly he died as a POW in Virginia and never returned to enjoy his country life on the edge of the wilderness.

Sandy & Lou purchased the off-grid property in 1986 and raised their 3 children there. Many improvements and additions have been made over the years.

Your hosts: Sandy Maine began her career as an Adirondack Wilderness guide in the 1990's and worked for private individuals as well as SUNY Potsdam Wilderness Workshop. She also developed and ran the wilderness Outdoor Recreation with Education (ORWE) program for youth in Massena in the 80's.

As a compliment to her guide services she developed a body care manufacturing business and has since become a prominent influence not only in soapmaking as a craft, but also in inspiring those who shared her passion to turn their craft into thriving entrepreneurial ventures. Sandy is currently the founder and owner of Adirondack Fragrance

& Flavor Farm - where innovative "farm-to-body care" products are happening in her boutique factory just down the road!! There are free products in the cabin for your use and a mini store for purchases.

Lou Maine has been trapesing around the Adirondacks and the St. Lawrence Valley as a Land Surveyor for many years. Lou is well versed in local history, carpentry, alternative energy, star gazing, and rehabbing his antique canoe collection.

Lou and Sandy's latest project was building the 3 bedroom Adirondack Style wilderness cabin in the middle of their property in 2021 and 2022. Guests will enjoy the natural solitude, privacy and esthetic comforts of the cabins, river and beautiful forest trails on their land.

Safety Information

Trails & River Tram: We will provide you with a map of over 4 miles of private woodland trails which are well marked and maintained. Enjoy the use of our trails for hiking and swimming.

Enjoy kayaking or canoeing on the river. Two kayaks, one canoe and gear are provided. Please return boats to landing when finished in case other guests want to use them.

All recreational activities are at your own risk. Your cell phone will probably not work once you get out of range of the cabin so plan accordingly.

Campfires: Please refer to the property map for approved campfire locations. Fires must be started with paper, and kindling... never kerosene or gasoline. Please keep your fire reasonable in size. NO FIRES WHEN THERE IS WIND.

Split and seasoned firewood is provided at the cabin fire pit for \$5.00 per square.

All fires must be extinguished with water before retiring for the night. Please do not bring firewood onto our land.

Fire Extinguisher: One is located in the kitchen and the other is upstairs.

Grilling Tools for firepit are in the kitchen drawer. Please clean & return them there before checking out.

Loft Fire Escape Ladder: Located under the dresser in upstairs hall. In the unlikely event of a fire escape through the window to outside ground level and meet at the Maine Family Farm house. Call 911 !!

River: Depending upon rain levels and time of the year the high water level will be as much as 4 feet and low water as much as 2 feet deep near the camp. Normally the water levels near the camp JUNE – SEPT are 2-3 feet. Enjoy the rush and excitement of spring breakup in April and May but do not enter the water during that time unless you are a kayaker familiar with Class 4 rapids.

Swim Hole: The location of the “clothing optional” private swim hole is identified on your map. The water gradually deepens from the dock at 1 foot to the rock at 6 feet deep. The water is usually very comfortable for swimming June 1-September 30. If the tram is on the island side please return later. Other guests may be using the swimming hole.

Off Grid Living and Other Things to Know

- This cabin is completely off grid and powered by solar panels and a back up generator. Electricity is stored in an array of batteries. The generator will come on automatically if needed. Normal run time is 2-3 hours.
- Please avoid using hair dryers, curling irons, toasters or any device that generates heat as these will run the batteries low and cause the generator to come on.
- The gas fireplace in the living room can be turned on and off with the black remote on living room wall.
- You will enjoy the perfect silence of the gas refrigerator! Don't worry it's working!!
- There is a smoke and carbon monoxide alert system. If it triggers a warning you will hear a loud sound and you should proceed to investigate the problem. Call your hosts if you feel the warning is beyond your ability to solve.
- There are two fans upstairs. They draw power if left on for hours. Please use sparingly as needed.

Handling food and other waste:

- Do not leave food outside the cabin even if it's in a cooler. Clean the grill before retiring for the night.
- Raccoons are very sly and will maraud for food at night.
- Please help us be very uninteresting to wildlife by not leaving food outside!!
- Bear sightings are rare. If you do see a bear it's just passing through. Keep your distance and you'll be safe.
- Please do not burn plastic or foil in the firepit.
- Please do not flush anything down the toilet except human waste and toilet paper.

River & Woods Cabin

Out and About

Canoeing and Kayaking

At one time the small rivers of the North Country were the focus of commerce. Today, the rivers are quiet; the surviving mills are no longer the center of activity. Few if any other areas can offer so many rivers with such easy and numerous access points. There are more than 200 rivers, ponds and lakes in St. Lawrence County and we are also part of the Adirondack Park, which boasts more than 3,000 bodies of water.

As the rivers finish their rush out of the mountains they begin but never fully settle down. Waterfalls and low water rapids are numerous along all the rivers and dams often block the way. Motor boats play in the longer sections of river but most rivers see little or no traffic.

You hardly need a guide to canoe or kayak in the area. Every stretch of river is worth exploring and usually has easy access.

Closest to home: You need only to take a short walk from The River Overlook Cabin door to access a nice 1 mile kayaking experience on the St. Regis River. Head down stream until you see the bridge. Don't go past the bridge unless you want to run some class III rapids! Only experienced kayakers with helmets should attempt going past the bridge!

Some other favorite options:

Lower Oswegatchie River

Starting near Gouverneur and flowing 65 miles to Ogdensburg, this section of the Oswegatchie is a gentle section. The river is wide and slow-moving here as it passes through rolling hills, rock ledges, marshes, and pasture land. There are scenic cliffs along the shore near Oxbow. There are carries at the dams and most of the rapids can be portaged or run by experience paddlers. There are various access points along the route to create varying trip lengths.

Grasse River: Canton to Madrid

Canoeing from the boat launch on Route 68 just outside the village of Canton to the dam in Madrid. This is a full-day trip of about 12 miles.

South Branch Grasse River

16 miles, 5 portages, access is off the Tooley Pond Road at various points.

Raquette River: Potsdam

The dam in Potsdam backs up the river nearly two miles and is a great place for a quick paddle or fishing. Access is in Ives Park, behind the Clarkson Inn, 1 Main Street, and there is a public parking area next to the Inn's parking.

Cranberry Lake

The Cranberry Lake region is one of the largest remote areas remaining in the State. The Lake covers 11 square miles and has 55 miles of shoreline, over 40 of which are State land. There are also 42 primitive campsites along the shoreline.

Carry Falls Reservoir

Another amazing paddling destination within a 20 minute drive. Best to go on a calm day since waves can be bad on a windy day.

Waterfalls

View interactive map at STLCtrails.com

Harper Falls: Harper Falls is on the North Branch of the Grasse River. View the interactive trail map for Harper's Falls Trail on STLCtrails.com

Directions: From the intersection to the trail parking is ½ mile on the Donnaville Road which is dirt and gravel and is shared with ATV users, so please use caution as there are several blind hills and turns. Starting from Donnaville Road and walking up the river toward Harper Falls offers a relaxing trek, with a couple of hills and small creek crossings.

While walking up you may notice the path has stone walls along the edge. These are the remnants of an old sawmill. This mill was made during the time the town of Donnaville was active and running.

Stone Valley: The trail in Stone Valley is one of the most popular nature walks in the North Country. Following the shores of the Raquette River through Colton, the scenery is amazing. There are a series of waterfalls that continue for a mile or more along the trail, which extends for two or more miles. During the spring, the power of the highwater from the snow melt in the Adirondacks is impressive. In winter months expect the beginning of the trail to slippery and use caution when walking along the river.

There are a series of signs along the path describing some of the geological features of the area. To the geologists this is a unique area, the connection of the Adirondack Mountains and the St. Lawrence Lowlands. Watch for the signs posted on the trees to learn more.

View the interactive trail map for Stone Valley Trail on STLCtrails.com

Directions: From Route 68, turn left on to Route 56 in Colton. At the Hepburn Library, turn right. There are two access points to the trails, one before the bridge near the Colton Historical Society, and one across the bridge near the Colton Fire Department. If you are coming from Route 56 north, take a left at the Hepburn Library.

Sylvan Falls: 1.5 miles on River past Sandy and Lou's farm house. Beautiful twin waterfalls, flat rocks at base to sit and enjoy!

Tooley Pond: The land along Tooley Pond Road is the Northern River Flow-Tooley Pond Tract, which is a section of the New York DEC public lands, allowing access to this simply amazing place. A 16-mile section of the South Branch of the Grasse River meanders within the tract. Along this stretch, six major waterfalls exist with a variety of named rapids. The falls include: Rainbow Falls, Bulkhead Falls, Flat Rock Falls, Twin Falls, Sinclair Falls and Basford Falls. They range from the 40 foot drop of Rainbow Falls to the gentle sloped falls at Sinclair Falls, a perfect place to have lunch. The South Branch of the Grasse has excellent kayaking and canoeing with easy carries around the falls, if you do not desire to take the express route. There is also an enjoyable hike up Tooley Pond Mountain at the southern end of the road.

In 1866 the town of Clarksboro was established near Twin Falls on the shore of the Grasse River. An iron furnace and water-run sawmill were built to support the town. The foundation of the sawmill can still be seen at the top of Twin Falls. Iron was mined in this region until the 1950s when the mines closed because of low iron prices. Exploring this area can reveal the

unique history of the County and show some of the best hidden waters.

Directions to Tooley Pond Road: From the south or east: Turn north on Tooley Pond Road from NY Route 3, about a mile west of Cranberry Lake (Right-hand turn).

From the north and west: Tooley Pond Road is located three-quarters of a mile east of Degrasse, along St. Lawrence County Route 27.

Directions to the Falls: Some of the falls can be seen from the road, while others are a short walk along trails. The mileage below is for starting at the northern end of Tooley Pond Road in Degrasse. There are no parking areas for many of the falls, so one will have to pull to the side of the road as far as possible.

Basford Falls: 1.4 miles- follow trail to falls. (photo upper right). View the interactive trail map at STLCtrails.com

Sinclair Falls: 2 miles- Sinclair Falls is located just South of Lake Gorge Road. There is a small information stop in the parking lot. View the interactive trail map at STLCtrails.com

Twin Falls: 3.1 miles- Before this there is a dirt road giving a good view of both falls. After this is the top of the falls, where the mill was located.

Stewart Rapids: 3.3 miles- Can be seen from the road, large turn in the river.

Bulkhead Falls: 3.5 miles- Right before turn in the road, follow old road marked no vehicles to the falls.

Rainbow Falls: 6.1 miles- Look for a clearing marked off with boulders. Follow old road to the river, cross foot bridge to island and continue walking on path until you see the falls. View the interactive trail map at STLCtrails.com

Copper Rock Falls: 8.6 miles- Look for red blaze on tree along with sign including fishing regulations. This is the beginning of the trail, follow white marked path to water and falls. View the interactive trail map at STLCtrails.com

Lampson Falls: The most popular waterfall in St. Lawrence County, is easily accessed at the Degrasse State Forest on Route 38. An impressive falls at an estimated 40 feet tall and 100 feet wide. Lampson is a shallow and broad-faced falls, which can have huge amounts of water flowing over it during peak melt season in the spring. During the summer it calms and becomes a much quieter setting. At the bottom of the falls a small beach has formed allowing for swimming and picnicking. The 15 minute walk into this area is well worth it.

View the interactive trail map at STLCtrails.com

Directions: The access for Lampson Falls is the Grasse River Recreation Area on Route 27 in Clare, just north of Degrasse. Look for the brown and yellow DEC sign at a gated road. Park on the road side and head down the dirt road.

Take Rt 56 south past SUNY Potsdam and Jakes is just outside the hamlet of Hannawa Falls. Always a great dining and bar choice! Beautiful setting, good service, adventurous chef. Food is good. Price mid-upper range for our area.

Maxfield's

Located in downtown Potsdam on Market St. near the bridge to Fall Island, this is a multi-purpose establishment. In addition to having good food the bar caters to an older crowd during the day and a student crowd at night.

Cactus Grill

The Grill is located on Raymond St. just off Market St.. Raymond is across the intersection from Elm St. by the University Bookstore. It's consistent, Mexican fare.

Mc Duff's

Market street in Potsdam. Bar & great bar food.

Rainy day things to do close by:

Tour the Adirondack Fragrance Farm Factory and Outlet Store on Rt 72 Parishville.

www.adkfragrancefarm.com Owned by your host Sandy Maine.

Call Helen Condon and ask to visit her rug braiding studio. It's amazing! One of her rugs (the larger one) is on the cabin living room floor. 315 265 4722 www.adirondackrugbraiding.com

Don't miss The Birchbark Book Shop at 40 Ashton Road, in Potsdam, Open 1-6 Pm on Saturday and Sunday. Over 80,000 used books, local history, vintage records and magazines. Great Kids section too! You can find them on Facebook.

Parishville Museum, 1785 Main Street, in Parishville. A rich collection of the towns industry and logging history and more! Call Town Clerk for Museum Hours. Hours vary by season. 800-265-2131

Sergi's Market Street, Potsdam Great Italian food and pizzeria. Family run. 315-265-3420 Website: sergispizza.com

Mahogany Ridge Bar & Grill

Locally owned by Chef Kirk Rabideau. Excellent local cuisine. Fun bar, romantic atmosphere, great service, reasonably priced. About a 30 minute drive from here. South Colton 315-274-0351

Thai Cuisine Restaurant

Located on the other side of Fall Island from Maxfield's. I like the food and appreciate that it's prepared well and fresh.

Mama Lucia's

This restaurant is located in the old train depot that is visible from the bypass (Sandstone Drive) and is at the end of Depot St.. Depot St. is off Market St. by Subway and McDuff's. Very good Italian!

The Timber Tavern

A locally owned bar and restaurant open 7 days a week. It's on Rt 72 just past Parishville. The food is pretty good and very reasonably priced. A local favorite if you don't want to drive all the way to Potsdam!

The Cedar Lodge

A very backwoods local bar/restaurant that caters to locals and snowmobilers. It's small and cozy! The people are friendly, the food is good, portions are huge and you can't beat the prices!

Royal Indian Grill

38 Market Street, Potsdam.
Homemade Indian food! Excellent!

Enjoy a visit to our Finnish wood-fired cedar sauna.

It's located between the Farm House and The Rock House in a small green building. Fresh towels, firewood and fire starter are provided. It takes approx 90 minutes to get the sauna up to temperature.

If you have heart disease or other underlying health issues please read health cautions information posted in the sauna dressing room.
