## A Little History

**The Rock House** was built by Louie and Sandy for their 9 year old daughter Clara in 2010.

Many slumber parties ended in screams when a raccoon jumped onto the roof or a thunderstorm interrupted the non-slumbering pre-teens.

After Clara grew up and went to college The Rock House was rennovated, the outdoor tub and outdoor kitchen were added and wi-fi installed. Its new life as a nature retreat for guests has been joyful.

**Your hosts:** Sandy Maine began her career as an Adirondack Wilderness guide in the 1990's and worked for private individuals as well as SUNY Potsdam Wilderness Workshop. She also developed and ran the wilderness Outdoor Recreation with Education (ORWE) program for youth in Massena in the 80's.

As a compliment to her guide services she developed a body care manufacturing business and has since become a prominent influence not only in soapmaking as a craft, but

also in inspiring those who shared her passion to turn their craft into thriving entrepreneurial ventures. Sandy is the founder and previous owner of Adirondack Fragrance & Flavor Farm - where innovative "farm-to-body care" products are happening at the boutique factory just down the road!! The company is now owned by her son and his wife, Clark and Yen Maine.

Lou Maine has been trapesing around the Adirondacks and the St. Lawrence Valley as a Land Surveyor for many years. Lou is well versed in local history, carpentry, alternative energy, star gazing, and rehabbing his antique canoe collection.

## Property Overview

**The Rock House** was fully renovated in the summer of 2019. It is supplied with electric power from a solar and battery storage system with automatic generator back up. Hot spring water for bathing and washing is supplied by an energy efficient on-demand hot water heater.

For your good health and enjoyment a Finnish sauna with a shower is located behind the outdoor tub in a small building called The Hawk House Sauna.

Also, adjacent to the Rock House will soon be a natural swimming pool! Construction will be finished by July 25th, 2025

There is a clean and pleasant outhouse.

Refrigeration is supplied by a gas refrigerator and there is also a gas stove. You may also enjoy the firepit for grilling or sitting around the campfire.

In 2021 we added a nice pavillion with a fully equipped outdoor kitchen and picnic area.

You will be able to access Starlink WiFi at the cabin.  
The password is: **highlite!**

**Setting:** The Rock House is located in the Northwest corner of the Adirondack Park. We are next to the St. Lawrence County recreational trail system. Enjoy our 160-acre parcel in a perfectly private setting with many interesting birds, huge trees, mosses, ferns, mushrooms and river creatures like beaver, trout and otter. There are over four miles of marked private trails for hiking along the river and with loops into the woods. With Potsdam only 15 miles away you have the best of both the civilized and the natural world when staying at our cabin.

We will welcome well-behaved pets.

We look forward to hosting guests who will enjoy the natural solitude, privacy and esthetic comforts of The Rock House, river and beautiful forest trails on our tranquil 160-acre property.

Though you are assured complete privacy during your stay, your hosts Sandy and Lou Maine are only a call or text away should you need any assistance.

## Checking in & out

### At Check-in:

Your hosts, Sandy or Lou, will greet you at their home (Green Farm house) at 1150 Sylvan Falls Road, Potsdam, NY, at a mutually agreeable time. You may call or text (315) 212-7143 if you plan to be early or late. You will see the logo for the ADK Riverside Cabin on a sign post at entrance of driveway.

Sandy or Lou will show you to The Rock House. **If you prefer self check-in you will find The Rock House unlocked. It's located behind the Farm house at 1150 Sylvan Road. Look for the sign for The Rock House behind a privacy fence.**

- Check in is from 3-9 pm unless other arrangements have been made.
- Check out is at 11AM. Feel free to remain and enjoy the trails until 3pm
- For Self Check-in contact Sandy before arrival
- Cancel within 24 hours of check-in and the first night is non-refundable.
- Cancel up to 24 hours before check-in to get a refund, minus Airbnb service fees.
- Airbnb service fees are refunded only if the reservation is cancelled within 48 hours of booking and the guest has not checked-in yet.

### At Check-out:

- Please remove sheets and pillow cases from beds and place them in a pillow case along with any used towels.
- Please put the futon bed back into a couch as it was when you arrived.
- Please bring laundry and any garbage to farm house porch.
- Please wash up your dishes and clean the grill and grilling utensils if you used them
- All food waste should be placed in the compost container.
- Please remove any food or drink from the refrigerator that you brought to the cabin.
- Leave the door UNLOCKED and windows closed
- Turn OFF lights

*The Rock House outdoor kitchen and dining area*

- Bug spray, sunscreen
- Day pack

## Off Grid Living and Other Things to Know

- Futon Couch folds out into double bed. Linens, pillows, and blankets provided.
- Solar panels will charge 8 deep cycle batteries and will provide for your electrical needs. If we have a lack of sun and the batteries need to be charged you may hear a generator running.
- Please avoid using hairdryers, curling irons, toasters or any device that generates heat as these will run the batteries low.
- The propane heater may be used as needed to maintain a comfortable temperature.
- If there is a power outage use candles and / or flashlights and your hosts will reboot the system. This is a rare occurrence but not unheard of when living off grid.

### Handling food and other waste:

- Do not leave food outside The Rock House even if it's in a cooler. Clean the grill and kitchen before retiring for the night and douse the firepit with water until completely out.
- We suggest putting coolers in your car for the night.
- Raccoon are very sly and will maraud for food at night Please help us be very uninteresting to wildlife by not leaving food outside!!
- Bear sightings are very rare. If you do see a bear it's just passing through. Keep your distance and you'll be safe. ADK bears are vegetarians and only attack if provoked.
- Please do not throw food, plastic or paper waste into the outhouse pit.
- Please do not burn plastic or foil in the fire pit.

## Safety Information

**Trails & River Tram:** We will provide you with a map of over 4 miles of private woodland trails which are well marked and maintained.

Enjoy the use of our trails for hiking, fishing and swimming. Enjoy kayaking or canoeing on the river. Kayaks and gear are provided. (See map for location)

All recreational activities are at your own risk. Your cell phone will probably not work once you get out of range of the cabin so plan accordingly.

**Campfires:** Fires must be started with paper, and kindling - never kerosene or gasoline. Please keep your fire reasonable in size and only in designated areas. Split and seasoned firewood is provided at The Rock House fire pit. All fires must be extinguished with water before retiring for the night. Firewood is \$5.00 a square or feel free to collect your own from dead & down trees in the surrounding forest.

IF THERE IS A WIND, FIRES ARE NOT ALLOWED.

Please do not bring firewood onto our land to prevent spreading tree diseases.

**Fire Extinguisher:** Located near refrigerator.

**First Aid:** There is a first aid kit on shelf in cabin. For emergencies contact 911 and your host.

**River:** Depending upon rain levels and time of the year the high water level will be as much as 4 feet and low water as little as 2 feet deep. Normally the water levels in JUNE – SEPT are 2-3 feet. Enjoy the rush and excitement of spring breakup in April and May but do not enter the water during that time unless you are a kayaker familiar with Class 4 rapids.

**River Swim Hole:** The location of the “clothing optional” private swim hole is identified on your map. The water gradually deepens from the dock at 1 ft to the rock at 6 feet deep. The water is usually very comfortable for swimming June 1- September 30. If the tram is on the island side please return later, other guests may be using the swimming hole.

**New Swim Pond - Natural Pool:** A new natural swimming pool will be completed by June 2025. It will be only 20 feet from the finnish sauna.

**Kayaks:** 2 kayaks, a canoe and gear are located on the Tram Trail (see map). Guests in our 3 cabins are welcome to use them. If the kayaks are not there stop back later!

Enter river and go downstream for approx. 1 mile. When you see a bridge turn around and go back!

There are class 4 rapids past the bridge which should only be attempted by VERY experienced white water kayakers.

## Dining & Things To Do Close By

### 1844 House

On Route 11 about half way between Potsdam and Canton, this American Bistro has, in my opinion, has some of the best food in the area. Reservations recommended. Price - upper range for the area.

[www.1844house.com](http://www.1844house.com)

### Jake's on the Water

Take Rt 56 south past SUNY Potsdam and Jakes is just outside the hamlet of Hannawa Falls. Always a great dining and bar choice! Beautiful setting, good service, adventurous chef. Food is good. Price mid-upper range for our area.

[www.jakesonthewater.com](http://www.jakesonthewater.com)

### Maxfield's

Located in downtown Potsdam on Market St. near the bridge to Fall Island, this is a multi-purpose establishment. In addition to having good food the bar caters to an older crowd during the day and a student crowd at night.

[www.facebook.com/MaxfieldsPotsdam](http://www.facebook.com/MaxfieldsPotsdam)

### Cactus Grill

The Grill is located on Raymond St. just off Market St.. Raymond is across the intersection from Elm St. by the University Bookstore. It's consistent, Mexican fare. [www.facebook.com/CactusGrill](http://www.facebook.com/CactusGrill)

## Canoeing and Kayaking

At one time the small rivers of the North Country were the focus of commerce. Today, the rivers are quiet; the surviving mills are no longer the center of activity. Few if any other areas can offer so many rivers with such easy and numerous access points. There are more than 200 rivers, ponds and lakes in St. Lawrence County and we are also part of the Adirondack Park, which boasts more than 3,000 bodies of water.

As the rivers finish their rush out of the mountains they begin but never fully settle down. Waterfalls and low water rapids are numerous along all the rivers and dams often block the way. Motor boats play in the longer sections of river but most rivers see little or no traffic.

You hardly need a guide to canoe or kayak in the area. Every stretch of river is worth exploring and usually has easy access.

### Some favorite options:

#### Lower Oswegatchie River

Starting near Gouverneur and flowing 65 miles to Ogdensburg, this section of the Oswegatchie is a gentle section. The river is wide and slow-moving here as it passes through rolling hills, rock ledges, marshes, and pasture land. There are scenic cliffs along the shore near Oxbow. There are carries at the dams and most of the rapids can be portaged or run by experience paddlers. There are various access points along the route to create varying trip lengths.

#### Grasse River: Canton to Madrid

Canoeing from the boat launch on Rt 68 just outside the village of Canton to the dam in Madrid. This is a full-day trip of about 12 miles. For more launch sites along the Grasse river please visit: [dec.ny.gov/places/fishing-and-canoeing-the-grass-river](http://dec.ny.gov/places/fishing-and-canoeing-the-grass-river)

#### South Branch Grasse River

16 miles, 5 portages, access is off the Tooley Pond Road at various points.

South Branch Grass River is considered as some of the most challenging white water in the Adirondacks and viewed by some kayakers as one of the best opportunities in the northeast. The aesthetic qualities of the river corridor coupled with easy access in spots has led to significant public use during high water.

Although limited to times of high water, a trip down the South Branch will include sections that challenge the most experienced paddler.

The section between Copper Rock Falls and DeGrasse is the most heavy used. The section of river above Rainbow Falls provides a great flatwater paddling opportunity.

Please visit [dec.ny.gov/places/grass-river-complex](http://dec.ny.gov/places/grass-river-complex)

#### Raquette River: Potsdam

The dam in Potsdam backs up the river nearly two miles and is a great place for a quick paddle or fishing. Access is in Ives Park, behind the Clarkson Inn, 1 Main Street, Potsdam and there is a public parking area next to the Inn's parking.

For more launch sites along the Raquette river go to:

[dec.ny.gov/places/fishing-and-canoeing-the-raquette-river](http://dec.ny.gov/places/fishing-and-canoeing-the-raquette-river)

#### Cranberry Lake

The Cranberry Lake region is one of the largest remote areas remaining in the State. The lake covers 11 square miles and has 55 miles of shoreline, over 40 of which are state land. There are also 42 primitive campsites along the shoreline.

## Waterfalls

**Harper Falls:** Harper Falls is on the North Branch of the Grasse River. View the interactive trail map for Harper's Falls Trail on [STLCtrails.com/harpersfallstrail](http://STLCtrails.com/harpersfallstrail)

**Directions:** From the intersection to the trail parking is ½ mile on the Donnerville Road which is dirt and gravel and is shared with ATV users, so please use caution as there are several blind hills and turns. Starting from Donnerville Road and walking up the river toward Harper Falls offers a relaxing trek, with a couple of hills and small creek crossings.

While walking up you may notice the path has stone walls along the edge. These are the remnants of an old sawmill. This mill was made during the time the town of Donnerville was active and running.

**Stone Valley:** The trails in Stone Valley is one of the most popular nature walks in the North Country. Following the shores of the Raquette River through Colton, the scenery is amazing. There are a series of waterfalls that continue for a mile or more along the trail, which extends for two or more miles. During the spring, the power of the highwater from the snow melt in the Adirondacks is impressive. In winter months expect the beginning of the trail to slippery and use caution when walking along the river.

There are a series of signs along the path describing some of the geological features of the area. To the geologists this is a unique area, the connection of the Adirondack Mountains and the St. Lawrence Lowlands. Watch for the signs posted on the trees to learn more. View the interactive trail map for Stone Valley Trail on [STLCtrails.com/stonevalleytrail](http://STLCtrails.com/stonevalleytrail)

**Directions:** From Rt 68, turn left on to Rt 56 in Colton. At the Hepburn Library, turn right. There are two access points to the trails, one before the bridge near the Colton Historical Society, and one across the bridge near the Colton Fire Department. If you are coming from Rt 56 north, take a left at the Hepburn Library.

**Tooley Pond:** The land along Tooley Pond Road is the Northern River Flow-Tooley Pond Tract, which is a section of the New York DEC public lands, allowing access to this simply amazing place. A 16-mile section of the South Branch of the Grasse River meanders within the tract. Along this stretch, six major waterfalls exist with a variety of named rapids. The falls include: Rainbow Falls, Bulkhead Falls, Flat Rock Falls, Twin Falls, Sinclair Falls and Basford Falls. They range from the 40 foot drop of Rainbow Falls to the gentle sloped falls at Sinclair Falls, a perfect place to have lunch. The South Branch of the Grasse has excellent kayaking and canoeing with easy carries around the falls, if you do not desire to take the express Rt. There is also an enjoyable hike up Tooley Pond Mountain at the southern end of the road.

In 1866 the town of Clarksboro was established near Twin Falls on the shore of the Grasse River. An iron furnace and water-run sawmill were built to support the town. The foundation of the sawmill can still be seen at the top of Twin Falls. Iron was mined in this region until the 1950s when the mines closed because of low iron prices. Exploring this area can reveal the unique history of the County and show some of the best hidden waters.

View the interactive trail map at [STLCtrails.com/tooleypond](http://STLCtrails.com/tooleypond)

**(con't) Directions to Tooley Pond Road:** From the south or east: Turn north on Tooley Pond Road from NY Rt 3, about a mile west of Cran-

berry Lake (Right-hand turn).

From the north and west: Tooley Pond Road is located three-quarters of a mile east of Degrasse, along St. Lawrence County Rt 27.

**Directions to the Falls:** Some of the falls can be seen from the road, while others are a short walk along trails. The mileage below is for starting at the northern end of Tooley Pond Road in Degrasse. There are no parking areas for many of the falls, so one will have to pull to the side of the road as far as possible.

**Basford Falls:** 1.4 miles- follow trail to falls. View the interactive trail map at [STLCtrails.com/basfordfalls](http://STLCtrails.com/basfordfalls)

**Sinclair Falls:** 2 miles- Sinclair Falls is located just South of Lake Gorge Road. There is a small information stop in the parking lot. View the interactive trail map at [STLCtrails.com/sinclairfalls](http://STLCtrails.com/sinclairfalls)

**Twin Falls:** 3.1 miles- Before this there is a dirt road giving a good view of both falls. After this is the top of the falls, where the mill was located.

**Stewart Rapids:** 3.3 miles- Can be seen from the road, large turn in the river.

**Bulkhead Falls:** 3.5 miles- Right before turn in the road, follow old road marked no vehicles to the falls.

**Rainbow Falls:** 6.1 miles- Look for a clearing marked off with boulders. Follow old road to the river, cross foot bridge to island and continue walking on path until you see the falls. View the interactive trail map at [STLCtrails.com/rainbowfalls](http://STLCtrails.com/rainbowfalls)

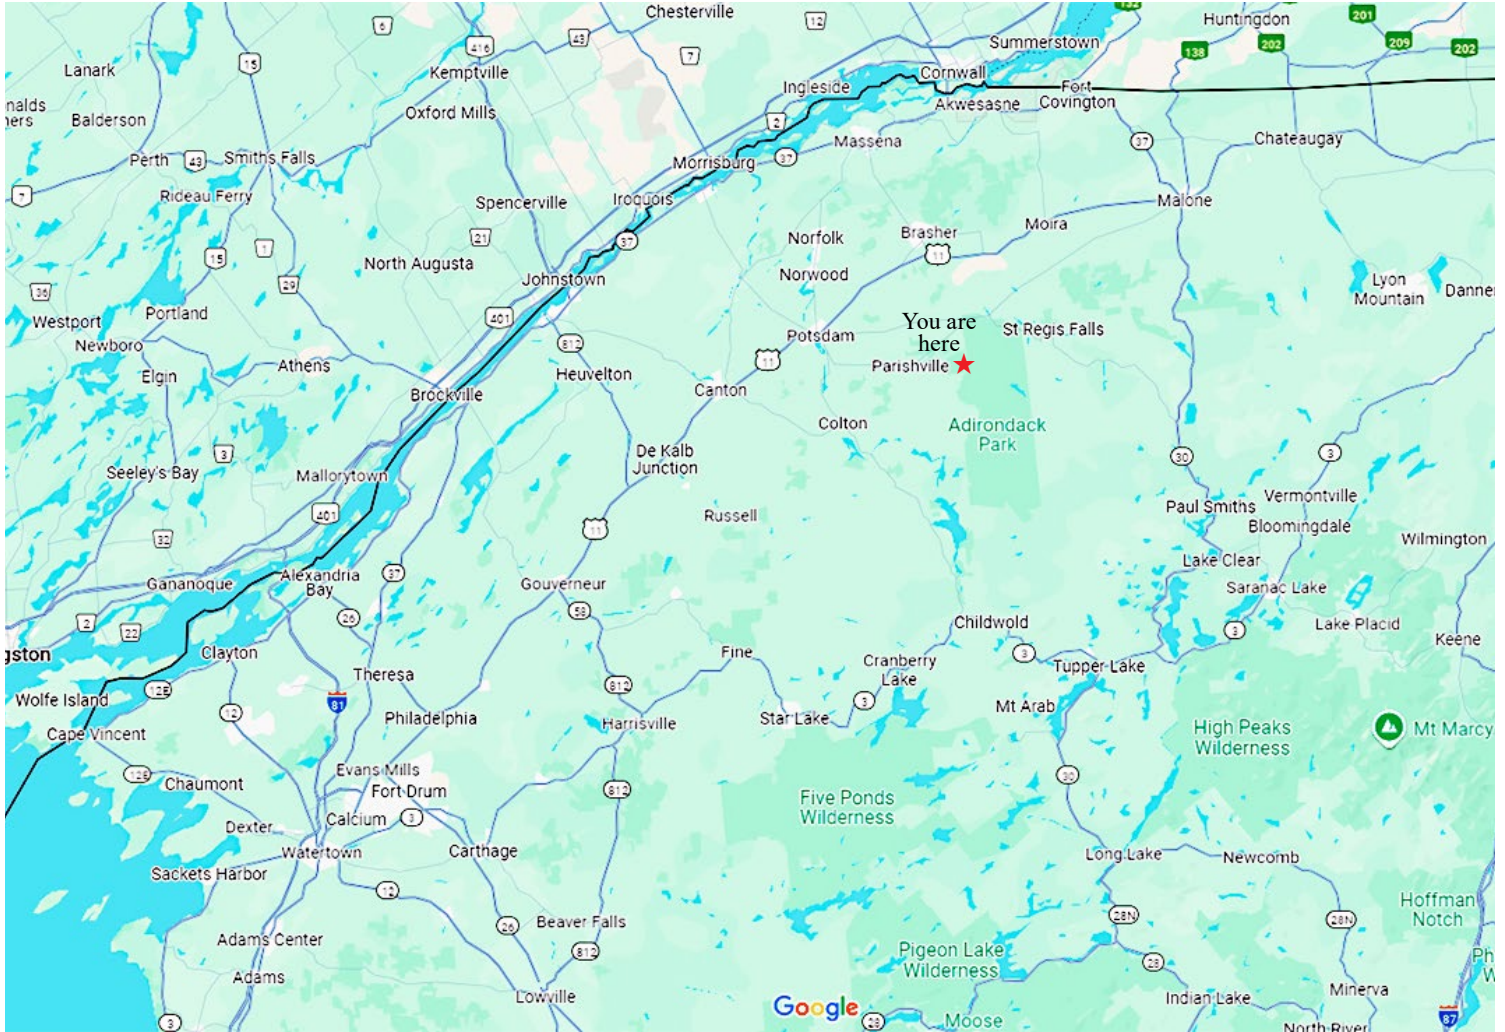

**Copper Rock Falls:** 8.6 miles- Look for red blaze on tree along with sign including fishing regulations. This is the beginning of the trail, follow white marked path to water and falls. View the interactive trail map at [STLCtrails.com/copperrockfalls](http://STLCtrails.com/copperrockfalls)

**Lampson Falls:** The most popular waterfall in St. Lawrence County, is easily accessed at the Degrasse State Forest on Rt 38. An impressive falls at an estimated 40 feet tall and 100 feet wide. Lampson is a shallow and broad-faced falls, which can have huge amounts of water flowing over it during peak melt season in the spring. During the summer it calms and becomes a much quieter setting. At the bottom of the falls a small beach has formed allowing for swimming and picnicking.

The 15 minute walk into this area is well worth it.

View the interactive trail map at [STLCtrails.com/lampsonfalls](http://STLCtrails.com/lampsonfalls)

**Directions:** The access for Lampson Falls is the Grasse River Recreation Area on Rt 27 in Clare, just north of Degrasse. Look for the brown and yellow DEC sign at a gated road. Park on the road side and head down the dirt road.
